Vallejo, CA 94590

Re: Officer Involved Fatality Involving Angel Ramos  
Vallejo Police Department No. 17-970  
Date of Incident January 23, 2017

Dear Chief Bidou:

The above referenced incident was investigated pursuant to the Solano County Involved Fatality Incident Protocol. In accordance with the Protocol, the incident was jointly investigated by the Vallejo Police Department and Criminal Investigators from the Solano County District Attorney’s Office.

Please note that my review does not address issues of civil liability, tactics, or departmental policies or procedures. This report only addresses whether the case presents a basis for criminal prosecution of Vallejo Police Officer Zachary Jacobsen for the death of Angel Ramos which occurred on January 23, 2017.

I have thoroughly reviewed the submitted packet of materials which includes investigation reports, autopsy and coroner’s reports, audio and video recorded witness interviews, videos, photographs, and other evidence. Based on a review of all relevant evidence and applying the relevant legal principles to the evidence, I have concluded that Officer Jacobsen acted lawfully as his actions were objectively reasonable and necessary to defend others from imminent death or great bodily injury.

The investigation revealed the following facts. On January 23, 2017, at approximately 12:38 a.m., Vallejo Police Department (VPD) received emergency calls related to a disturbance involving a large party of subjects fighting with weapons in the area of Sacramento and Buckles Streets in the city of Vallejo. One of the 911 callers stated that a major brawl involving multiple parties was occurring and that a bunch of men and women were screaming. The caller went on to report that it sounded like a party breaking out in a fight and that she heard “sticks.” VPD dispatch broadcast the following: “415 weapons; 415 fight; Sacramento and Buckles; mostly heard only; large party breaking up; sounds like a lot of people outside fighting, men and women, sounds like something being hit with sticks.” VPD officers, including Officer Jacobsen responded to the area.
Angel Ramos lived at 1722 Sacramento Street in Vallejo. Other residents of the house include his mother Anice Evans (she was not present during the incident), his brother Dante Ramos, his sister Alicia Saddler and her fiancé Phillip Wilson, Saddler and Wilson’s children, Leann Sanchez (Dante Ramos’ girlfriend) and her child. Visiting the house that night was Nuvia Velasquez (Angel Ramos’ girlfriend), Deshon Wilson (Phillip Wilson’s godson/cousin) and Darcel Lewis (Phillip Wilson’s “godbrother”). All the aforementioned witnesses were interviewed including G.W., the nine-year-old son of Saddler and Phillip Wilson.

The undisputed facts indicate that a party, which included heavy drinking of alcohol by the parties involved, took place at 1722 Sacramento Street on January 22, 2017, and continued into the morning hours of January 23rd. According to Darcel Lewis, Angel Ramos had been drinking “all day.” At some point, a fight broke out between Dante Ramos and Phillip Wilson over an alleged assault committed by Phillip Wilson on Alicia Saddler. Leann Sanchez stated that the fight started on the front porch of the residence and then continued into the kitchen. Angel Ramos came into the kitchen and saw his brother Dante Ramos fighting with Phillip Wilson. Ms. Sanchez stated that she saw Angel Ramos grab a knife and started “swinging” at Deshon Wilson and Phillip Wilson. Darcel Lewis stated that when he saw Angel Ramos with the knife, he rushed him, took the knife away and threw it in the sink. [This statement is corroborated by the physical evidence located at the scene: “larger butcher style knife with a red handle and a stainless-steel blade on top of some dishes that were in the sink.”] Mr. Lewis said that he pushed Phillip Wilson and Deshon Wilson outside to separate the parties.

According to Ms. Sanchez, Deshon Wilson broke the window of the door and reached in to open the kitchen door. Both Deshon and Phillip Wilson entered the kitchen again. By then, Angel Ramos obtained a second knife. The fight continued in the kitchen and then back onto the deck. Ms. Sanchez saw Angel Ramos “swinging” the knife at Deshon Wilson. Ms. Sanchez said that the police let their presence be known as she heard the words “police” and “VPD.” Ms. Sanchez heard gun shots. When asked whether Angel Ramos still had the knife in his hands when she heard the gun shots, she said “I don’t think so because it got thrown across the kitchen.” [This statement is corroborated by the physical evidence located at the scene: “red handled steak knife…. on the floor of the west side of the kitchen area.”]

Deshon Wilson said that Dante Ramos and Phillip Wilson were fighting. Dante went to get Angel Ramos. Deshon Wilson was on the balcony with Alicia Saddler and Phillip Wilson. Dante and Angel Ramos were in the kitchen. He saw Angel armed with a knife. Deshon Wilson said he broke the door window so that he could “get at” Angel and Dante Ramos. Wilson believed that it was at this time that he was tasered. He fell onto the floor of the deck and Angel Ramos was standing over him. He said that he did not see Angel Ramos with a knife but believed that Angel was going to cut him. He did not elaborate on why he felt Angel Ramos was going to cut him. Deshon Wilson sustained multiple injuries. Deshon Wilson received medical treatment at Kaiser and his medical records indicate that the injuries he received included a laceration to his left elbow which required stitches. The medical diagnosis of the cause of injury was “assault.”

Dante Ramos stated that everyone was intoxicated including himself. He stated that Phillip Wilson slapped his sister Alicia. He tried to defend her but Phillip Wilson punched him in the face. He stated other people started fighting as well but he could not specifically name those individuals. He did not see his brother Angel Ramos with a knife.

Alicia Saddler was still intoxicated when detectives interviewed her. She remembered that people were fighting and that she was tased by an officer while on the deck.

Phillip Wilson stated that he and Alicia Saddler were arguing. He told the detectives that Dante Ramos thought he hit Alicia. He and Dante Ramos started physically fighting on the front porch. The fight continued into the house and then kitchen. He remembered that people were trying to stop the fight. At some point, he ended up on the
balcony with Deshon Wilson, Darcel Lewis and Alicia Saddler. He said that Darcel Lewis was blocking the door trying to keep him from entering the house. Phillip Wilson stated that he was arguing with people who were inside the house. He stated that he broke the door window. He said that Alicia Saddler and Deshon Wilson were tased. He believed he heard gunshots. He said he was on the ground bleeding from a laceration. He did not remember how he sustained the laceration or when during the incident it occurred. Phillip Wilson indicated that everyone involved in the case are close and that he considers Angel and Dante Ramos brothers. He told the detectives that he did not want to believe that Angel Ramos stabbed him. Phillip Wilson also received medical treatment for his injuries which included a laceration to his right upper arm and an open wound of his right shoulder. His injuries also required stitches. The medical diagnosis of the cause of injury was “assault.”

Of importance regarding the events surrounding the fight and ultimate shots that were fired is the statement of witness G.W. As stated above, G.W. is the nine-year-old son of Phillip Wilson and Alicia Saddler. He told investigators that Dante Ramos was the first one who started fighting. G.W. heard screaming and came out of his room. He saw that the kitchen island was knocked over. Dante’s girlfriend [Sanchez] went to get Angel Ramos—his uncle—to break up the fight between Dante Ramos and Deshon Wilson. According to G.W., Deshon Wilson “got into Angel’s face” and his dad—Phillip Wilson—“talked mess to Angel.” They kept “pushing” each other. Angel Ramos went to the drawer and got a red handle knife and Darcel Lewis pushed Angel back toward the knife drawer. G.W. said at one point, he saw Angel Ramos holding the knife at shoulder level. He saw Darcel take the knife from Angel Ramos. G.W. saw his father, Phillip Wilson, punch out the glass window on the door. While the fight was occurring outside, G.W. heard someone say that they “got stabbed.” He then heard “three gunshots.”

Officer Jacobsen was interviewed on January 23, 2017 by Detective Terry Schillinger. The following facts are derived from Officer Jacobsen’s interview. He was on duty in full uniform and wearing his duty belt which included his department issued semi-automatic firearm—a “Glock 17 9mm.” His firearm was loaded with 17 rounds in the magazine and one in the chamber. He was on patrol with a partner—Officer Matthew Samida.

Officer Jacobsen was the passenger in a patrol car driven by Officer Samida. While on patrol, Officer Jacobsen heard dispatch advise that a large group of individuals were fighting and the use of weapons was mentioned. Officers Samida and Jacobsen responded to the area of Sacramento and Buckles Streets. While trying to determine the exact location of the incident, Officer Jacobsen saw two people standing on a balcony of a residence located on the corner of Sacramento and Buckles. The two people were pointing in a South/East direction of Sacramento Street. Officer Jacobsen stated that they saw a car pull over. They asked the occupants if they had seen a fight and they said “no.” While still checking the area, he saw the same two people still pointing in a South/East direction. They then drove to Sacramento at Nebraska Street. They rolled the patrol car windows down and heard men and women screaming at each other. Officer Jacobsen said it sounded like a large group of people fighting and challenging each other. They determined that the fight was occurring at a house located on the corner of Sacramento and Nebraska—1722 Sacramento Street. Officer Jacobsen described the house as two-stories with a wooden balcony located on the North side. He observed men and women on the balcony screaming and yelling and fighting each other. Both he and Officer Samida got out of the patrol car, ran over to the fence, announced themselves as police officers and ordered the subjects to break up the fight and step away. No one paid attention. They repeatedly yelled these verbal commands but the parties involved did not comply. [It should be noted that officers who arrived on scene described it as chaotic with no one listening to or complying with police officers’ orders and commands.] He noticed the door to the balcony was open and saw a black male holding a large kitchen knife “making like a stabbing motion” and fighting with someone. Officer Jacobsen radioed dispatch advising that there was a subject inside the house in the doorway and armed with a knife. Officer Jacobsen noticed a younger black male wearing a white t-shirt and blue jeans on the balcony who, “out of everybody who was on the balcony, he seemed to be the one that was kind of like the primary aggressor.” [This individual was later identified as Deshon Wilson.] He wasn’t listening to the commands nor was anyone else. Officer Samida drew and then deployed his taser. Officer Jacobsen believed that one of the taser probes contacted Deshon Wilson. He saw Deshon Wilson fall onto the deck floor up against the house. The fence that bordered the house prevented Officer Jacobsen from getting to the balcony. He could not see below the knee level of Angel Ramos and therefore could
not see Deshon Wilson on the deck floor. Officer Jacobsen observed the door to the balcony open and Angel Ramos came out rushing towards Deshon Wilson. Officer Jacobsen said that while either kneeling or “hovering” over Deshon Wilson, Angel Ramos made a stabbing motion once, came up and made another stabbing motion. Officer Jacobsen specifically stated described this point in time as follows: “I already had my firearm out because of the fact that we’re going to a large chaotic fight where a weapon was mentioned and nobody was listening to us and we don’t know if anybody was going to pop out with guns or whatever the case may be, especially when I had seen the guy who had the knife inside the house. I had my duty weapon out already. When the male with the knife came out of the house onto the deck and got on top and did those two stabbing motions, it was at that point that I thought the only thing I could do to save this guy’s life was to shoot the man who was trying to stab him.” Officer Jacobsen stated that he believed the blade of the knife was penetrating Deshon Wilson and that he “had no other belief than that guy was going to murder him.” He described Angel Ramos’ motion as the knife raised above his body and then moving it downward, holding it in his right hand like a “hammer fist.” He said that he lost sight of the knife during the downward motion of the strike but saw it again as Angel Ramos pulled the knife upward and then came down again with the same type of striking motion.

Officer Jacobsen stated that he had an unobstructed view of the subject with the knife while the subject was inside the house and on the deck making the stabbing motions. He said that there was sufficient lighting from the street lights and outdoor lights on the deck. He believed he fired three rounds and was standing about 15-20 meters away. Officer Jacobsen stated that he had no prior interactions with Angel Ramos.

Officer Matthew Samida was also interviewed. He stated that there was some type of confrontation occurring on the second-floor balcony. Both he and Officer Jacobsen identified themselves as police officers and gave commands to stop fighting but no one complied. He saw a tall thin light-skinned black male (Deshon Wilson) yelling and a heavy-set woman (Alicia Saddler) trying to calm him down. Alicia Saddler tried to wrap her arms around Deshon Wilson, but he broke away. It appeared to Officer Samida that Deshon Wilson was challenging someone inside the house to fight based upon seeing his hands balled into fists and jumping around and taking a fighting stance. Officer Samida gave verbal commands to stop fighting but no one complied. Officer Samida deployed his taser and one of the darts hit Deshon Wilson causing him to fall. At the point, a male subject (Angel Ramos) came out of the house and stood over Deshon Wilson. He saw Angel Ramos’ right hand swinging in a downward motion toward Deshon Wilson. The demonstrated the motion by making his hand into a fist and holding it above his head and then making a downward motion. Officer Samida believed that Angel Ramos was striking Deshon Wilson with the bottom of his fist as opposed to his knuckles. He saw Angel Ramos hit Deshon Wilson three times. He then heard several gunshots.

Officer Jeremy Callinan also responded to the scene. As he approached the house, he heard an officer say “Taser, taser” and then heard a taser being deployed. He observed three males on the deck fighting and one female. He saw one of the males who he believes to be a juvenile fall to the ground as a result of being tased. [Note that during the interview of Officer Callinan he referred to the juvenile as the victim and as noted above, this person was later identified as Deshon Wilson.] One of the males jumped on top of the victim making what he described as “hammer strike” motions. Officer Callinan further described the motion as a stabbing motion. He saw Angel Ramos make this stabbing motion three times. He said that the victim was screaming in response to these stabbing motions. Although Officer Callinan did not see a knife, based on the type of motions Angel Ramos was making, he believed that he was holding a knife. It was at this point where Officer Callinan drew his firearm as he believed Angel Ramos posed a “lethal threat” in that he believed that Angel Ramos was stabbing the victim. He said if Officer Jacobsen had not shot Angel Ramos, he would have used deadly force to protect the victim’s life.

A review of relevant portions of the CAD Incident report and radio traffic shows: 1) at 12:42:04, the location of the fight was changed from Sacramento at Buckles to Sacramento and Nebraska Streets; 2) at 12:42:34, an officer states: “One subject armed with a knife fighting with guy upstairs in the house;” 3) at 12:42:51, an officer states: “I’ve got one taser deployment;” and 4) at 12:43:01 an officer states: “Shots fired, shots fired.”
Body worn camera footage shows that the kitchen was in total disarray including two islands in the kitchen that had been knocked over.

As stated above, a red handled knife was found on the north-west kitchen floor and a larger red handled knife was located near the kitchen sink. The two red handled knives along with three other knives were sent to San Mateo Forensic Laboratory for testing. A presumptive test for the presence of blood was positive on the blades of both red-handed knives. DNA testing was also conducted showing that the genetic profile found on the blades of both of the red-handled knives is the same as Angel Ramos’ genetic profile.

An autopsy of the decedent was performed by Dr. Arnold Josselson on January 25, 2017. The examination revealed that the cause of death was multiple gunshot wounds, specifically there were four gunshot wounds to his body, one entered the base of his neck and three entered his chest. Four bullets were recovered from his body. Toxicology results indicate that Angel Ramos’ blood alcohol level was .26 and negative drug screen.

In reviewing body worn camera footage, you can hear a female screaming “help me” and right after that you can hear four shots being fired. During the processing of the crime scene, four casings were located on the east side of the fence. Officer Jacobsen’s duty firearm was processed after the incident and a live round was in the chamber and 13 live rounds were in the magazine. San Mateo County Laboratory conducted ballistics examination to determine whether the bullets recovered from Angel Ramos’ body were fired from Officer Jacobsen’s firearm. The results indicate that all four bullets were fired from Officer Jacobsen’s department issued firearm.

Officer Jacobsen and other VPD officers responded a scene that was described by multiple officers as chaotic and no one listening and/or obeying commands. Several neighbors in the area called 911 to report that a large group of people were fighting and possible weapons were being used. When Officer Jacobsen arrived at the correct location, he heard people screaming. Once his attention was drawn to the deck at 1722 Sacramento Street, he observed people yelling and challenging each other to fight. He saw a male subject, later identified as Angel Ramos, armed with a knife. Officer Jacobsen’s statement that Angel Ramos was in possession of a knife is corroborated by other witnesses: G.W., Deshon Wilson, Darcel Lewis, and Leann Sanchez. He said another male subject, later identified as Deshon Wilson, who was out on the deck appeared to be the aggressor based upon his behavior. To quell the situation since none of the involved parties were obeying commands, Officer Samida deployed his taser at Deshon Wilson causing him to fall against the house. It was at this time that Angel Ramos came out onto the deck and stood over Deshon Wilson. Officer Jacobsen saw Angel Ramos holding the knife like a “hammer fist” and making stabbing motions towards Deshon Wilson. Officer Jacobsen described the blade as extended and dropping down toward Deshon. He believed that the blade was penetrating the Deshon Wilson’s body. Although Officer Callinan did not see a knife, he saw Angel Ramos make three quick “hammer strikes” stabbing motions towards Deshon Wilson. Officer Callinan believed Angel Ramos had a knife based on the motions he observed. As Angel Ramos was making the stabbing motions, Officer Callinan heard Deshon Wilson screaming. Officer Jacobsen said that he believed that Angel Ramos was going to “murder” Deshon Wilson and based on that belief, he fired his duty weapon to “save the guy’s life.”

Deshon Wilson told detectives that he did not see Angel Ramos with a knife but he believed that Angel Ramos was going to cut him. It can be reasonably inferred that Deshon Wilson was not completely forthcoming regarding Angel Ramos being armed with a knife. The state of the evidence is such that it can be clearly stated that Angel Ramos was armed with a knife. One can strongly infer from Deshon Wilson’s injuries – laceration – that he was stabbed. In fact, Deshon Wilson believed Angel Ramos was going to cut him. Also, relevant to this point are Deshon Wilson’s medical records which clearly indicate that he received his injury from an assault. Although Phillip Wilson did not want to believe that Angel Ramos would stab him, it can be reasonably inferred from the evidence that at some point during the altercation, whether it was inside the house or out on the deck, Angel Ramos stabbed Phillip Wilson. Officer Callinan stated that he saw Angel Ramos making stabbing motions at both Deshon Wilson and Phillip Wilson. Officer Jacobsen saw Angel Ramos making stabbing motions with a large
knife at someone within the house. Leann Sanchez also stated that she saw Angel Ramos swinging the knife at both Deshon Wilson and Phillip Wilson. Phillip Wilson's medical records also support this inference as they indicate that the injuries were from an assault. There is a conflict in the evidence in that some witnesses say that Phillip Wilson broke the door window and some witnesses say that Deshon broke the window. Regardless of who broke the window, the evidence remains that they both received lacerations caused by an assault. Furthermore, G.W. heard someone say that "they got stabbed." In viewing each piece of evidence and evaluating it, the reasonable conclusion is that the injuries sustained by both Deshon Wilson and Phillip Wilson corroborates Officer Jacobsen's account of the incident.

Officer Jacobsen's actions were reasonable based upon the events that he witnessed. Officer Jacobsen was in reasonable fear that Angel Ramos was going to murder another person. The circumstances surrounding this incident overwhelmingly prove that Officer Jacobsen's actions were necessary to protect the life of Deshon Wilson. It would have been reasonable for any officer under the same or similar circumstances to react in the same manner as Officer Jacobsen. In fact, Officer Callinan, who witnessed the incident, believed that Angel Ramos was stabbing Deshon Wilson and he said that if Officer Jacobsen had not shot first, he would have used deadly force to protect Deshon Wilson's life. The physical evidence and witnesses' statements clearly show that the killing of Angel Ramos was justified, that is, it was necessary for Officer Jacobsen to use deadly force to save the life and prevent the murder of another. Accordingly, I find Officer Jacobsen's actions to be lawful.

Sincerely,

Sharon S. Henry

Solano County Detention Facilities
ON-VIEW & PROBABLE CAUSE DECLARATION INFORMATION

Control No. 205524
Case No. 17-970

The undersigned declares, upon information and belief: that he/she is an officer with the Vallejo Police

That the detainee/arrestee SADDLER, ALICIA, DOB: 11/19/1989, Current Age: 27, Sex: female
Address: 
Home Phone: --- Work Phone: --- Cell Phone: ---

was arrested 1/23/2017 00:45 for the crime(s) of:

OFFENSE
148 PC RESIST, OBSTRUCT, DELAY PEACE OFFICER

SEVERITY COUNT
M 1

That the detainee committed said offense(s) in the manner and by the means as set forth and described as follows:

On the listed date and time I was dispatched to the listed location to the report of a large fight involving weapons. Upon arrival a shooting took place. In order to medically tend to the injured person SADDLER had to be detained an moved out of the way. SADDLER refused several commands to submit to detention and/or move. When grabbed by an officer to be detained she pulled away from the officer. I used a Taser to subdue SADDLER and she was taken into custody.

SADDLER was transported to a Vallejo hospital where she was medically treated for Taser exposure.

SADDLER was transported to SCJ and booked.

ADDITIONAL INFORMATION:
Case Number: 17-970
Victim's Age: --- Victim's Sex: --- Victim's Injuries: ---
Description Of Weapon: --- Value Of Property Loss: ---
Type Of Narcotics: --- Presumptive Test Performed:
PAS/Intoxilator/BA: No BAC: ---
Offense Location: City
Arrest Address: 1722 SACRAMENTO ST, VALLEJO, CA

There are the following additional authorities for holding the detainee/arrestee:
No hold authorities.

Reason citation release was denied (Misdemeanors only, 853.6(i)PC):
It is likely the offense(s) will continue or resume, or the safety of persons or property will be imminently endangered by the release of the arrestee.

OFFICER SIGNATURE
On 1/23/2017 at 09:04, in Solano County, CA
I declare under penalty of perjury that the foregoing is true and correct:
Officer: Brian Murphy, Employee/Badge Number: 667, Agency: Vallejo Police

CERTIFICATE OF PROBABLE CAUSE
[ not reviewed by judge ]

</table>
On Monday, 23-Jan-2017, I was working uniformed street patrol assigned as Vallejo PD unit 4P6. I was dressed in a completed Vallejo PD uniform, while operating fully marked patrol vehicle #144.

At approximately 0038 hours, I was detailed to the area of Sacramento Street at Buckles Street to investigate a reported 415 PC disturbance involving a large party of subjects who were fighting with weapons.

I arrived on the listed area, along with other Vallejo PD officers and was unable to locate any disturbance match at above description.

During an area canvass for the disturbance, Vallejo Officers overheard, loud screaming/yelling near the area of Nebraska Street as Sacramento Street. Learning this updated information, I diverted the listed intersection.

While in route to the listed area, I overheard other Vallejo PD officers, already on scene advise over the radio, that there was a subject engaged in a physical altercation with several other subjects inside of the house, who appeared to be armed with a weapon.

I arrived on scene shortly thereafter and noticed that there were several subjects standing on a second story balcony of 1722 Sacramento Street engaged in some sort of altercation.

This property was a two story residence, located on the southwest corner of Nebraska Street. Additionally, the property was enclosed by a 4 foot cyclone fence and had several large trees in the front yard, which partially precluded the balcony.

At this time, I overheard the sound of a female subject screaming, “Help me, help me” and other Vallejo PD officers giving commands for the subjects standing on the balcony to back up. I also heard other Vallejo PD Officers give commands to the subjects standing on the balcony to show their hands.

At about this time, I heard the sound of what appeared to be a Taser device cycling. Following the sound of the Taser, I heard approximately (4) gun shots being fired on or at the mentioned balcony. Due to the darkness of night and the aforementioned trees blocking my sight of the balcony, I was unable to see who was shooting or what was shot.

At about this time, I heard over the radio that a suspect was down.

I then ran around the rear of the listed property to gain access to the balcony; at which time I observed Vallejo Officers challenging three subjects, later identified as (M1) [redacted] (M2) Alicia Saddler and (M3) [redacted]

I also noticed that there was a male subject down, lying prone who appeared to be suffering from a gunshot wound.

I subsequently assisted other Vallejo PD officers with detaining the listed subjects and ultimately assisted in conducting a security sweep inside of the listed residence.

All observations were captured on my Taser body camera, which was later turned over to Vallejo PD investigation section.

I later created and maintained a crime scene log which was later submitted into the Vallejo PD evidence section by me.

I took no further action.

Please forward a copy of this report to the Vallejo PD investigation Section for further review.
Officer B. Phillips #678
On 23 January 2017 at about 0115 hours, I took photos of the entire scene (1722 Sacramento St) with Sgt. Bautista’s #560 department cellphone for evidentiary purposes. The photos taken were of the original scene before detectives arrived.

Nothing further at this time.

Ofc. Jade McLeod #683
On 01/23/2017 Officer Carpenter and I were working as a Vallejo Patrol Unit. At approximately 0043 hours we responded to 1722 Sacramento Street after officers broadcasted that there were shots fired on the scene. The original call officers responded to was described as a large party with lots of subjects fighting.

When I arrived on scene I assisted with detaining subjects possible involved in the incident and scene security. While at 1722 Sacramento I contacted SADDLER, Alicia, who had been tased during the incident.

SADDLER was taken to Kaiser Hospital for medical clearance. While at Kaiser Hospital I stayed with SADDLER. During our interaction we did not discuss the incident.

After SADDLER was cleared at the hospital Officer Carpenter and I drove her to the Vallejo Police Station.

Nothing Further.

D. Jones 653
On 1/23/2017 at approx. 0042HRS, I responded to 1722 Sacramento St. due to Officer Jacobsen #639 advising dispatch that he needed additional units to respond to this location for a call for service that he was on. Officer Jacobsen had responded to the above address for a report of a physical altercation involving a large group of subjects with sticks.

While en-route, Officer Jacobsen advised Vallejo Dispatch that there was a subject inside the residence, armed with a knife and was currently fighting with an unknown subject. Seconds later, Officer Jacobsen advised that shots had been fired. It should be noted that every time Officer Jacobsen activated his radio to transmit, you could hear yelling and screaming in the background. It appeared that the situation was intense and chaotic. Based on what I was listening to while I was en-route, I asked Officer Jacobsen if he needed an Emergency response from outside agencies (11-99). When there was no response and not knowing if Officer Jacobsen and other officers were being fired upon by the subjects from within the residence, I had dispatch initiate the outside agency emergency protocol.

Once I arrived on scene, I noticed several officers standing on the back, elevated deck, providing cover into the residence, via an open door with an unknown male subject lying face down. I also noticed two other officers standing under the deck with their firearms drawn holding a subject at gun point who was hiding in the basement, waiting for addition units to respond so this subject could be secured.

The above subject was eventually secured and the basement was cleared by Sgt. Bautista, Officer Jacobsen, Officer Samida, Officer McLeod and myself.

After the basement was cleared, we proceeded to move to the back door where the other officers where covering the entry point into the residence. As we made our way to this entry point, an additional five subjects proceeded to exit. These subjects were detained, separated and placed in separate patrol vehicles.

The interior of the residence was cleared and rendered safe.

Once the scene was controlled and order was restored, I proceeded to place crime scene tape out and conducted a canvas for evidence. I was able to locate three spent casings. Two casing were in the gravel, next to the driveway while the third was found in the bush next to the other two. It was determined that these casing were from Officer Jacobsen who had discharged his firearm. I placed markers on these casings.

While clearing the interior of the residence, I had my AXON video activated. This video was placed into evidence.

Nothing Further

Ofc. Thompson #621
On 1/23/17, at approximately 0043 hours, I was working as a two man patrol unit with Ofc. D Jones for the Vallejo Police Department. On the above date and time I responded to 1722 Sacramento Street regarding what originally came out as a verbal altercation with a weapon. Dispatch advised, "large party, lots of subjs fighting, subjs w/sticks heard banging." Vallejo Police officers had arrived on scene and requested code 3 cover after advising shots had been fired.

I arrived on scene within minutes with Ofc. D Jones and assisting in setting, establishing, and securing the perimeter of the scene.

After the scene had been secured, Ofc. D Jones and I transported [REDACTED] to Kaiser Hospital Vallejo for medical clearance after he had been tased by Vallejo Police officers during the call for service.

Upon arrival at Kaiser Hospital, I met with Ofc. Glick who had also transported [REDACTED] and Alicia Saddler from 1722 Sacramento Street to Kaiser Hospital Vallejo for medical clearance.

At approximately 0246 hours, [REDACTED] and Alicia Saddler were medically cleared from Kaiser Vallejo Hospital and transported to the Vallejo Police Department. [REDACTED] was still in the process of being medically cleared at this time and was at the hospital with Ofc. Glick.

I assisting in booking [REDACTED] and Alicia Saddler at the Vallejo Police Department.

Ofc. Carpenter
On 23 Jan 17, at about 0040 hrs, I was working as VPD patrol unit 4P7. I responded to the area of Sacramento St and Buckles St for a report of a disturbance involving weapons. While en route, officers who were already on scene advised via radio that they were being directed to the East side of the street and were then hearing a disturbance inside a residence at the corner of Sacramento St and Nebraska St. It was later determined to be the residence at 1722 Sacramento St.

Just prior to my arrival, units on scene began asking for additional units to the location to assist then advised of shots fired. I went to the rear of the residence and observed a group of officers standing in the rear yard of 1722 Sacramento St near an exterior stairway. I returned to the front of the residence and observed three individuals entering a blue Jeep SUV that was parked on the street IFO 1722 Sacramento St, along the East curb line, facing NB. Two adults were seated in the front seats of the vehicle and a BFJ holding a small child was seated in the rear seat of the vehicle. I could see that the BMA in the front seat had a large amount of blood on him and believed that these individuals were attempting to flee the scene. I held them at the scene until additional units arrived to detain the individuals.

After securing the individuals in the vehicle, I went to the rear of the residence (East side) to assist units with clearing the residence. I walked up the exterior stairs to an elevated landing at the rear door of the residence. I observed what appeared to be an HMA lying face down on the landing, surrounded by a large amount of blood. The HMA was not moving or breathing and was obviously deceased. I remained on the landing until units advised that the residence was cleared.

Units on scene had secured (S) [REDACTED] and (S) Alicia SADDLER in the rear seat of my patrol vehicle. I transported both to Kaiser Hospital for treatment as [REDACTED] appeared to be bleeding from a laceration somewhere on his upper body and SADDLER stated that a taser was used on her.

[REDACTED] and SADDLER were medically cleared at Kaiser Hospital. [REDACTED] appeared to have two lacerations to his upper right arm. [REDACTED] stated that he did not know how he sustained the injuries. Ofc D Jones 653 transported SADDLER to VPD and I transported [REDACTED] I completed an A&D for [REDACTED] and provided it to Lt Robinson.

The above incident was recorded on my PDRD (evidence item 672-1).

Nothing further.

B Glick 672
Summary:

On 23 JAN 17 at about 0054 hrs. I was working as VPD patrol unit 4A2 with Ofc. K. JACKSON. We responded to 1722 Sacramento to assist officers with a scene with several uncooperative subjects. When I arrived on scene I went to the west side of the home and assisted officers in detaining three subjects in a Jeep. The subjects were detained without incident.

Ofc. JONES took custody of the male and I took the two females to my vehicle. The female had her six month old son with her. We took the son to her fathers home at  where we left the child with him.

We returned to the scene and provided traffic control until we cleared at apprx. 0342 hrs.

R. DEMARCO 671
On 012317, I was partnered with Officer R. Demarco #671 as patrol unit 4A2. At approximately 0038 hours, officers were dispatched to the area of Sacramento St and Buckles St. regarding a large party with mention of fighting. During the call for service, officers on scene advised there was a large number of persons and they needed additional units.

Officer Demarco and I were en route when on scene officers stated shots had been fired and they requested 11-99. Upon our arrival, I assisted in detaining possibly involved persons. I then assisted in scene security.

After the scene was made safe, Officer Demarco and I transported (W) and (W) to VPD to be interviewed.

Officer Demarco and I returned to the scene and provided additional scene security. I was requested to conduct an area canvas for witnesses. I contacted (W) at who told me that around 1230 or 0130 he heard a group of people out front yelling. It quieted down for about 15 minutes, then yelling began again. This time, heard one or two shots. looked out his front window and saw a police car in front of a house on Nebraska St. does not have any security cameras on his property nor does he know of any in the area.

I then attempted contact at 1725 Sacramento and 19 Buckles St. I was unable to make contact with either resident. I did not locate any surveillance cameras in the area.

This incident was captured using my Taser Axon Body camera.

Nothing further

Officer K. Jackson #684

**************************************************************************
On 01/23/17, at about 0038 hrs, I responded to a residence located on the corner of Nebraska/ Sacramento St. on a report of disturbance involving weapons. This residence was ultimately determined to be 1722 Sacramento St. Prior to my arrival, officers on scene advised that there was a fight in progress and a subject was armed with a knife. Shortly after, officers on scene advised that there were shots fired on scene with a subject down and officers on scene were okay.

While en route, Ofc. Thompson requested mutual aide (11-99), which I requested to continue until the scene was secured.

Upon arrival, the scene appeared to be chaotic and the had not yet been secured. Myself and other officers first cleared the basement area of the residence but were then quickly summoned to the upper level of the residence, which had not yet been secured. While making my way up the residence, subjects from upstairs were being brought down the the ground floor. Once on the landing area in front of the back door of the residence, I observed a subject faced down on the ground who appeared to be not moving and deceased. Cpl. Scott advised me that there were still subjects inside the residence that had not been cleared and we held our position until we had enough officers to do so. While waiting to clear the interior of the residence, one of the officers checked the subject on the floor for a pulse and advised that he was deceased.

We later determined this subject to be (S) Angel RAMOS. After determining the residence location, I asked dispatch to conduct a check of associated Hispanic Male Subjects with a possible name of "Alex" and dispatch provided me with RAMOS' information as the closest match.

While at the front door, we were able to remove toddler children from the residence. We then announced our presence prior to making entry then secured the interior of the residence, discovering it to be empty.

After securing the residence, I began to delegate scene security and Ofc. Phillips started a crime scene log.

Ofc. Mcleod then used my work cell phone camera to take photos of the scene, which I later downloaded as item #683-1.

While on scene, I recorded our actions using my taser axon body camera, which I later downloaded into the database as item #560-1.

I also recorded my driving response to the scene with my in car Coban camera as item #560-2.
Request this supplement be attached to original report.

Sgt. Bautista #560
1/23/2017

0038 hours

On the above date and time, I was on patrol as 4P8. I was detailed by dispatch to the report of a
disturbance which involved subjects fighting with sticks in the area of Sacramento St. and Buckles St.
As I was en-route to the area, other responding units reported to have heard screaming from the area of
Sacramento and Nebraska St.

I arrived in the area and observed Ofc. Samida and Ofc. Jacobsen contacting multiple subjects on a rear
balcony of the residence at 1722 Sacramento St. I also saw Cpl. Scott approach a wooden fence near the
rear balcony. Cpl. Scott gave me directions to go towards the front of the house and I began running
towards the front of the house. As I began running, I heard Ofc. Jacobsen and Ofc. Samida giving
commands for an individual to show his hands to the officers. I heard the sound of a taser fire and then
cycle. At which time, I looked towards the balcony area and observed what looked like a White or
Hispanic male standing over at least one other individual. I observed the subject holding both of his
hands together and began making a downward stabbing motion as he was standing over the individuals.
I heard four gun shots which came from the area of where Ofc. Samida and Ofc. Jacobsen were. I did not
see who shot or where the shooting was coming from.

My attention was brought to the balcony area where I no longer saw the subject standing over the
individuals. I observed a subject on the interior of the bottom floor area and gave him commands and he
was later detained without further incident. Myself and other VPD officers entered and secured the
downstairs area. Ofc. Jacobsen and I held the downstairs area while other VPD officers secured the
remainder of the house.

Once the scene was secured, I canvassed the neighborhood but was unsuccessful in making contact with
any neighbors in the 100 block of Nebraska St.

I had my Axon body camera activated throughout the incident. I later uploaded my video footage to the
Evidence server.

There is nothing further to report at this time.

Ofc. M. Jones #685
On the above date and time, I responded to a report of a physical altercation where weapons were involved. Dispatch advised the incident was in the area of Sacramento St and Buckles. I arrived on scene shortly after the first unit. The first unit advised that they were in the area and there were being directed by area residents to the east side of Sacramento Street. Upon driving in that area, Officer Samida advised me he heard noises possibly associated with the call we were dispatched to.

I made a u-turn and noticed Officer Samida and Officer Jacobsen had brought their patrol vehicle to a stop on Nebraska adjacent to the residence at 1722 Sacramento St. I exited my patrol car and immediately heard what sounded like a group of people loudly yelling. I approached the residence and I immediately heard Officer Jacobson and Officer Samida challenging what appeared to be two males on a balcony. The men appeared to either have been or about to get into a physical altercation. I believed this to be the case based upon them shouting at each other and it appeared they were chest to chest. I did not have a completely clear view of the men, because they were on a raised balcony, while I was positioned on the ground. My view was obscured by a tree in the same area. Officer Samida and Jacobson had the best position to view the activity on the balcony, so I decided to let them continue giving commands, while I searched for an access point for the yard.

I noticed there was a large wooden fence that had no gate. I continued to search the perimeter of the yard looking for a gate. I located a gate on the chain link fence on the north side of the residence. I opened the gate and advised Officer Murphy as to the location of the gate. Officer Murphy and I then began to travel through the yard in a counter-clockwise direction, making our way to the balcony and stairs that led to the ground level. As I began to walk, I heard the sound of a Taser being deployed. I looked to the area of the balcony and it appeared one of the men was struck with the Taser. It initially became a little less noisy and it seemed the physical confrontation between the two men had ceased, due to the Taser deployment.

I continued through the yard in a counter clockwise direction. As I entered upon the Sacramento Street side (west side) of the yard, I heard what sounded like 4-5 gun shots. The shots sounded as if it were coming from the area of Officer Samida and Jacobson. I advised dispatch that shots had been fired. I was unaware of whether officers fired shots or if someone in the residence was firing shots at civilians or officers. Officer Murphy and I made our way to the stairs leading up to the balcony. I announced my presence to avoid crossfire from other officers.

Upon the arrival of additional officers to the stair entry, I and several other officers made our way up the stairs. Prior to walking up the stairs, I overheard other officers indicating at least one VPD officer fired the shots and there was a male down on the balcony. Upon walking up the stairs, I noticed a male with a light complexion with a large blood puddle around his body. The male appeared to be in convulsions momentarily. The male soon went still and did not appear to be breathing.

Along with the obviously wounded male who appeared to have been struck by gunfire, I noticed there was a heavy set female on the ground screaming, a heavy set male on the ground, and a younger thin male with a light complexion. They were all screaming. I could see there were other occupants of the residence. The adult occupants appeared to be at least two males and two females. I ordered all of the occupants out of the residence, but they ignored my commands and ducked further into the residence out of my view.
It was determined the residence would need to be cleared. Prior to the clearance of the residence we needed to secure the three adults on the balcony who were still screaming. The male apparent gunshot victim was unable to be cared for immediately due to the unsecured persons in and around the balcony. I was uncertain if they too presented a threat. Officer Murphy ordered the female to place her hands behind her back so she could be detained and removed from the area. The female immediately refused, and actively resisted our attempts to place control holds on her. The female was wet with perspiration and what appeared to be vomit and blood. She pulled away from me several times. Her physical resistance was deemed even more critical, because the residence had not been cleared and there were persons believed to be inside. It was unknown whether those persons were armed and whether they posed a continuing threat. Ultimately, the female was tased by Officer Murphy. The female became compliant afterwards and was placed in handcuffs. For further information on Officer Murphy's observations, refer to his supplemental report. The other two males were placed in custody without incident.

At least three toddlers were met at the back door and moved to safety. Entry was made into the residence and it was determined the adult occupants of the residence I saw exited either the front door or through the basement. Other officers detained them. Upon clearing the residence, I immediately sought to get aid to the male who appeared to have been suffering from gun shot wounds. Vallejo fire arrived on scene moments later and determined that male was deceased.

I left the area of the residence and found one of the detained males from the residence was placed in my patrol vehicle. I transported and stood by with that male at the police station. The male was identified verbally to be [redacted] indicated there was a fight in the residence. [redacted] said at least two men were armed with knives during the physical altercation. [redacted] said he tried to break up the fight, but he was more concerned with the safety of the children at the residence. [redacted] said he attempted to get the children in a bedroom for safety. I only took this basic information from [redacted] so I could advise investigations of what [redacted] was possibly a witness to. I also stood by with two detained females. The females were detained on scene and transported to the VPD. The females were [redacted] and [redacted] told me she heard an altercation, but did not see who was involved. [redacted] said she was at the residence babysitting children in the bedroom. [redacted] said she tried to call the police, but found her cell phone was not operational. [redacted] told me she was actively involved with the fight. [redacted] said she could identify the other combatants. [redacted] said she saw at least two persons armed with knives during the altercation. I relayed this basic information given to me from [redacted] and [redacted] to investigations to assist in the investigation.

After standing by with the witnesses at the station, I ended my involvement in this investigation. No further information.

Cpl. Jason Scott 602
On 01/23/2017, at approximately 0038 hours, I was assigned to uniformed patrol and partnered with Ofc. Callinan #693. I heard a radio call of a disturbance involving a weapon at Sacramento Street and Buckles Street and responded to that location. Once in the area I heard an updated location where the disturbance was occurring to be the corner house at Sacramento Street and Nebraska Street.

Ofc. Callinan and I arrived and heard a unit broadcast via radio that a subject was armed with a knife. As I exited my vehicle I ran towards yelling which was on the upper balcony on the south east corner of the residence at 1722 Sacramento Street. I entered the yard and began making my way around the exterior of the house (westbound) in an attempt to find access to the balcony where this fight was occurring. While doing this I heard officers (now behind me) yelling “hands” several times. I next hear four gunshots coming from this same area (behind me) to the east of me. I was unsure who was shooting, and who if anyone was shot.

Cpl. Scott #602 and I continued around the exterior of the house where we came to the base of the steps leading to the balcony. I could hear loud yelling and screaming coming from this balcony. Once other VPD officers arrived to assist Cpl. Scott and I, we proceeded up the stairs to the balcony.

Once up the steps I saw four people on a very small wooden balcony. There was a male lying face down with his feet facing west and his head facing east on the northern part of the balcony. This male appeared unresponsive and also appeared to be bleeding, as he was lying in a large pool of blood. Along the southern edge of the balcony were three other people who all were yelling. Two of the three of these people were shirtless and various people were covered with blood and what looked to be either food or vomit. Again, at this point I was still unsure who had fired shots and where the gun may be. Orders were being given for everyone to keep their hands if view, however no one was listing to these commands. On the west portion of the balcony was an open door which lead into the house. Ofc. Samida #636 was providing cover on that door. I could see blood on the floor inside this door, as well as a knife with a red handle on the ground just inside the door.

Closest to me was a BFA, later identified as Alicia SADDLER, who was yelling hysterically. I heard Cpl. Scott, whom had his firearm in his hand yell, at SADDLER to not touch him. I next saw Cpl. Scott attempt to detain SADDLER. As soon as Cpl. Scott put a hand on SADDLER she pulled away and refused to comply with commands. Due to the confined space, the chaotic scene, someone being shot, and a knife on the ground I elected to deploy my department issued Taser (S/N:11002X3) at SADDLER. There was an immediate need for us to safely detain everyone on the balcony so the person lying face down could receive medical treatment. However due to the lack of cooperation, and aggressive behavior behind displayed we were unable to provide aid. I knew SADDLER needed to be detained safely and quickly. There was only enough space for three officers on the balcony, which was covered in blood and debris. The wooden balcony was also wet from the recent rain experienced in Vallejo over the past couple of days. I believed the deployment of my Taser on SADDLER would be the safest, quickest, and most efficient way to gain her compliance so she could be detained and removed from the balcony. Once SADDLER was detained and removed the other two males near her could then be detained and removed from the balcony. The darts (Taser cartridge S/N: C4103CRKP) struck SADDLER in her left upper chest area, however the darts were close together and there was not a lot of spread between the two darts. SADDLER fell onto the balcony floor and concealed her hands under her body. SADDLER
was given orders to show her hands which she didn’t do. Fearing SADDLER may be armed or arming herself with a weapon I placed my Taser on SADDLER’s buttocks area, as that was the only area of her body I could access. By doing this the Taser has a larger area of spread and became more effective. I again activated my Taser. I deployed at least two full Taser cycles, but I am unsure exactly how many cycles I activated. I was unable to hear the Taser cycling because of all of the noise from the chaotic scene. I deactivated the use of my Taser to provide SADDLER with an opportunity to surrender. SADDLER placed both of her hands behind her back and was detained in handcuffs by Cpl. Scott. SADDLER was walked down the balcony and escorted to a VPD patrol vehicle by another officer. SADDLER received medical treatment by VFD once the scene was secure. SADDLER was later transported to a hospital by another officer to be medically treated.

I assisted in escorting the other two males who had been detained from the balcony down into the southeast yard and then eventually into patrol vehicles.

I next assisted in conducting a safety sweep of the interior to 1722 Sacramento Street to ensure there were no other wounded people inside the house. While conducting this sweep I saw blood on the floors and smeared on the walls throughout the interior of the house. No one was located inside the residence during this sweep.

I next assisted by taping off the scene.

Ofc. Callinan and I transported [REDACTED] from the scene to VPD.

Once Ofc. Callinan and I were done transporting [REDACTED] to VPD I responded back to the area of Sacramento Street and Nebraska Street where I assisted with scene security.

My AXON camera was activated upon my arrival at this call and remained active until the scene was secure. I turned my AXON camera over to Det. Greenberg at the scene.

I had no further involvement in this case.

Ofc. B. Murphy #667
On 01/23/17 at approx 0130hrs, I received a phone call from Det. Sgt. Rodriguez there was an OIS during a VPD call for service. I responded from home. I authored a Search Warrant to collect evidence at 1722 Sacramento St Vallejo, a blue 2010 Jeep Liberty Lic# [redacted], and evidence from Angel Rico Ramos. The Search Warrant was signed by the Honorable Solano County Superior Court Judge Christine Carringer.

I then transported [redacted] to The Courage Center 2 in Fairfield for a MDI Forensci Interview. Solano County Deputy District Attorney Bruce Flynn, Solano County District Attorney Investigator Renier Hernandez and myself watched the interview conducted by Haley Armstrong from the Courage Center 2, with [redacted]. The interview was recorded with audio and video. A copy of the interview was booked into evidence.

[redacted] stated the following in summary. He stated everyone was celebrating and people were drinking alcohol and beer.

[redacted] was in the bedroom, near the kitchen, watching a movie while [redacted] were sleeping in the same room. [redacted] stated everyone was fighting so he came outside to see what the noise was about. An island near the dining room area was knocked over which caused forks and utensils to fall to the ground, along with speakers. [redacted] and [redacted] began to fight and Alicia tried to break up the fight. [redacted] had gone outside to the upstairs deck area while people were still fighting in the kitchen. [redacted] said [redacted] tried to get back into the house and he punched out the window which was in the door, near the top. [redacted] said there was blood and broken glass on the kitchen floor.

Angel Ramos had been punching the cabinet near the ironing board area while [redacted] was in the kitchen trying to calm him down. [redacted] and Ramos began to push one another, then Ramos grabbed a knife with a red handle from the kitchen drawer and tried to make his way out the kitchen door to get to the upstairs deck area. Ramos at one point held the knife at shoulder level, as [redacted] demonstrated the motion. [redacted] tried to prevent Ramos from going outside with the knife. [redacted] stated someone got stabbed or sliced from a knife but he could not tell if it was [redacted] or Angel. Angel and [redacted] had made their way to the outside deck when [redacted] heard 3 gunshots, while [redacted] was in the kitchen.

[redacted] saw [redacted] get Tased by the police, then the police had everyone come outside and he and other people were put into police cars. He was taken to the police station by an Officer.

See recording for further details.

DET. WYLIE #570
On 01/23/17, at approximately 0100 hours, I received a call at home from Detective Sergeant Fabio RODRIGUEZ. Sergeant RODRIGUEZ informed me that there had been an officer-involved shooting at 1722 Sacramento St. and the suspect, later identified as (S)-Ramos, had been declared deceased on scene. He had relayed to me that Officer JACOBSEN was the actor and there were several witness officers as well as several people that were detained inside the home that were taken to the Police Department to be interviewed.

I responded from home and arrived at 1722 Sacramento Street at approximately 0200 hours. This address is on the southeast corner of Sacramento Street and Nebraska Street. The front door to this address faces Sacramento Street. The front door is on the west side of the house and faces south onto a porch. This is a one-story living area with the house built on a hill. There is a downstairs basement which has a door that leads to the backyard on the east side.
There is a detached one-car garage to the east of the house. There’s a pedestrian door that leads into the garage on the west side. The front yard of the house is separated from the sidewalk by a waist-high chain-link fence. There is a gate on the Nebraska Street side of the residence which leads to a 6-foot wooden gate leading into the backyard of this address. Inside the backyard gate there is a stairwell that leads to an upper balcony on the first floor of the home. This balcony is off of the kitchen, which is in the northwest corner of the house.

I spoke with Officer Mark THOMPSON who briefed me on what had occurred. He stated that officers were dispatched to the address for a report of a loud party in the area with multiple people calling in the complaint. There was a report of subjects being armed with weapons or sticks. One of the callers also reported hearing a female screaming for help.

Officers SAMIDA and JACOBSEN arrived and went to the Nebraska Street side of the house and attempted to access the yard to the patio where the altercation was occurring. At some point, Officer SAMIDA attempted to taze a subject. Officer JACOBSEN fired his weapon at another subject striking him. That person was later identified as Angel RAMOS. It was beleived RAMOS was attempting to stab another man, later identified as (V). Medics were called and RAMOS was declared dead on-scene. I went through the gate and up the stairs and noticed that there was a large amount of blood. It had been raining this evening and I could see that the rainwater had mixed with the blood going up the stairs.

I then obtained shoe covers and entered the house through the patio. I saw that RAMOS was lying face-down in the middle of the patio with a large amount of blood around him. He was covered with a yellow blanket by Vallejo Firefighters. I noticed what appeared to be a white iPhone on the patio next to his head.

The door into the kitchen from the patio was open. I saw the glass window on the top half of the door had been shattered and glass littered the kitchen floor. When I entered the kitchen, I saw there were some cabinets in the middle of the kitchen floor that appeared to have been knocked over. Just outside the patio door, on the patio, I saw a large pot of what appeared to be some sort of soup. There was a steak knife with a red handle in the middle of the kitchen floor near the southwest corner of the kitchen.

I saw bloody footprint trails leading through the kitchen into the house which I attributed to the officers on-scene when they cleared the house. I saw a small pen in the living room which contained a pit bull and approximately nine puppies. Next to the pen, I saw two cell phones that appeared to be connected to charges on the floor. I also saw another cell phone on the table in the dining room. I saw numerous alcoholic beverage bottles around the residence and it appeared to me that there was some sort of party going on. I noticed in the hallway several blood smears along the walls and door casings. In the doorway leading into the southwest bedroom, I saw blood droplets leading into the room approximately 5 feet and stop.
I then went out to the front porch. Just inside the front door I saw what appeared to be a large puddle of vomit to the left. I went out onto the porch and I saw blood droplets on the porch as well as blood smears down the handrail leading down the walkway. As I continued out the front door of the house I saw a blue Jeep SUV which had blood smeared along the outside of the door handles and some blood inside the front passenger seat of the vehicle.

I went back outside and on the north side of the house, near the wooden gate leading to backyard, I noticed what appeared to be Taser wires dangling from the balcony above. I was then directed just east of there to a gravel area within the front yard that separates the driveway leading to the detached garage and the backyard gate. I saw what were marked as three expended bullet casings that were fired by Officer JACOBSEN. I saw marked Vallejo police car, Unit #137, parked in the middle of the road on Nebraska Street just east of Sacramento Street. I was advised that was the car Officers JACOBSEN and SAMIDA had been driving at the time of this incident.

Before I left the scene, I collected body cameras from Officer PHILLIPS, Officer MURPHY, and Officer CALLINAN, and brought them to the station to be downloaded. I then attended a briefing on the incident with the Vallejo Police Department Detective Division as well as investigators from the Solano County District Attorney’s Office.

I was assigned to Team A with Detective SCHILLINGER and Investigator MENINI from the District Attorney’s Office. We were assigned to interview (V)- [ redacted ] and Officers SAMIDA and JACOBSEN.

We were assigned to interview Victim [ redacted ] I had learned that [ redacted ] was down on the ground and Angel RAMOS was above him with a knife, appearing to stab him, which is why Officer JACOBSEN had fired at RAMOS. Detective SCHILLINGER, Investigator MENINI, and I, interviewed [ redacted ] The interview was recorded and a copy was booked into Evidence. Refer to Detective SCHILLINGER’s report for [ redacted ] statement.

Detective SCHILLINGER, Investigator MENINI, and I, then interviewed Officer JACOBSEN. The interview was recorded and a copy was booked into evidence. Refer to Detective SCHILLINGER’s report for Officer JACOBSEN’s statement.

Detective SCHILLINGER, Investigator MENINI, and I, then interviewed Officer SAMIDA. Also present during the interview was doug FOLEY from the Law Office of Rains, Lucia, and Stern. The interview was tape-recorded and a copy was booked into Evidence. For an exact statement, refer to DVD. SAMIDA told us the following in summary:

Officer SAMIDA stated he and Officer JACOBSEN were partnered this evening as 6A4. He
stated they were working a two-man car on Team 6, which is Swing Shift from 1400 to 0230 hours. He stated he was driving and Officer JACOBSEN was in the front passenger seat. He was wearing a full VPD BDU patrol uniform. They were dispatched to the report of an altercation involving weapons and that there were three reporting parties. He stated the call was in the area of Sacramento Street and Buckles Street.

They responded to Sacramento and Buckles, and turned west on Buckles Street, which is actually a dead-end street. They made a U-turn and as they were coming up to Sacramento, Officer JACOBSEN spoke with a woman through his window who was pointing towards Nebraska Street, which is across Sacramento Street and just south of Buckles Street. SAMIDA stated he went over to Nebraska Street and Sacramento Street. As he passed Sacramento Street, he slowed the vehicle and he heard a bunch of yelling from several people and he heard what appeared to be something physical occurring because he heard things getting thrown around.

Officer SAMIDA said they both exited the car at the same time and walked to the gate in an attempt to access the backyard. They could see that there was some sort of confrontation occurring on the second-floor patio. SAMIDA said he saw a tall thin light-skinned black male, with no shirt, on the patio yelling. (Through other statements this was determined to be (V)-[REDACTED].) He saw a heavy-set black female adult attempting to calm the man down and holding onto him to keep him from going inside the house. SAMIDA said he opened the gate on the chain-link fence surrounding the property and was looking for a way to get into the backyard to go up the stairs to the patio. He could not see how to get through. He was watching the incident through the railings on the patio.

Officer SAMIDA stated he and Officer JACOBSEN were both yelling at the subjects on the porch to stop fighting and identifying themselves as police officers. He stated no one was paying attention to them and the subjects on the patio appeared to not even know that the officers were there. He said the -[REDACTED] appeared to be challenging someone inside the house to fight. Officer SAMIDA stated he couldn’t see inside the house, but it appeared that there was a door to the west of the patio and that is where the person was that -[REDACTED] was trying to challenge to a fight.

Officer SAMIDA said the black female wrapped her arms around -[REDACTED] and tried to get him to calm down. -[REDACTED] was able to break away and Officer SAMIDA stated he had his hands balled into fists and he was jumping around and had a bladed stance and was “stutter-stepping” like he was trying to fight another subject. He repeatedly tried to get them to stop fighting by yelling at them and nobody would listen.

Officer SAMIDA stated he removed his Taser from the holster and pointed it at the -[REDACTED]. He could see that the laser pointer from the Taser was on the torso of the -[REDACTED]. He fired
the Taser at [REDACTED] and he believes that one dart hit him in the leg. He could see the other dart was stuck in the wood railing to the patio. He said after the dart hit the [REDACTED] he fell and Officer SAMIDA stated he was confused for a moment because he knew the Taser should not have had effect since only one dart connected with him. For some reason [REDACTED] fell down into a sitting position with his back up against the wall of the house along the patio. He stated he could see [REDACTED] from about the nipple-line up from his location on the ground below.

He said at that time, he saw somebody come out of the house and he could only see that person from about the mid-back upwards. (Through interviews and statements, that person was determined to be (S)-RAMOS) He saw the man’s left shoulder as if he was holding his arm up attempting to brace himself. Then he could see the subject standing over [REDACTED]. He saw the Subject’s right hand swinging in a downward motion. At this time, Officer SAMIDA made his hand into a fist and was holding it above his head and coming down, making a downward motion with his hand. SAMIDA indicated he thought the subject was striking with the bottom of his fist, not the knuckles of his hand. He saw the man hit approximately three times.

Just then, he heard several gunshots. He did not know the gunshots came from Officer JACOBSEN. Officer SAMIDA stated he thought somebody in the house was firing at the subjects on the porch. At that time, he attempted to back-up and holster his Taser and draw his gun, at which time he fell in the mud. He said at the time he heard the shots, the other people on the porch also fell down onto the ground and were leaning up against the wall of the house. I asked if he heard any officer, either in person or over the radio, say anything about someone armed with a knife. SAMIDA said he was paying attention to the subject he was trying to taze he never heard any such yelling or radio broadcast.

Officer SAMIDA said there were several other officers with JACOBSEN, so he ran to the front of the house in an attempt to contain the scene. He was met by other officers in the front yard. He went up to the front door and the front door was open. He stepped inside the front door and could look all the way through the house to the back door where the fight that was occurring was at. He did not see any other people inside the house. He then ran around the south side of the house to get into the backyard with other officers.

They then formed a team and went up the stairs to the balcony. When they got to the balcony, there was a subject who was down on the ground who appeared to be shot. There was also [REDACTED] as well as another heavy-set black male and a heavy-set black female. Everybody was uncooperative, loud, and belligerent and nobody would listen to their commands to get the people off the porch. Officer SAMIDA stated they were trying to get the three subjects off the porch so they could render medical aid to the man who had been shot. The people were extremely uncooperative and were not listening. Officer SAMIDA stated he
went past them to cover down on the rest of the house form the kitchen door in case there were other subjects inside.

At that time, I asked Officer SAMIDA if he knew where Officer JACOBSEN was at the time the shots were fired. Officer SAMIDA thought that Officer JACOBSEN was behind him, approximately 10 feet and slightly off to his left, but he never saw exactly where Officer JACOBSEN was.

I asked if he had viewed his or any other officer body camera or car camera video and he stated he did not.

At that time the interview was concluded.

Investigation continues.

Det. R. Greenberg #618
On 1/23/17 at 0840 hours, I conducted an interview with Officer Jacobsen at the Vallejo Police Department. The interview was audio and video recorded. Present in the room during the interview was Officer Jacobsen's attorney Doug Foley from the Law Offices of Raines, Lucia and Stern, Detective Greenberg and District Attorney's Office Investigator Mason Mineni.

Attorney Doug Foley advised that Officer Jacobsen was going to provide a voluntary statement in regards to the incident. Officer Jacobsen provided the following statement in summary:

Officer Jacobsen's badge number is 639. He was hired as a Police Officer by Vallejo Police Department on July 15, 2013. Prior to that, Officer Jacobsen worked as a Police Officer with the Tiburon Police Department for approximately 5 years.

Officer Jacobsen is assigned to Team 6 which is the weekend swing shift. This incident occurred during his normal working hours. Officer Jacobsen started his shift on Sunday (1/22/17). Sergeant Bautista is his supervisor.

During the incident, which occurred at about 0038 hours on 1/23/17, Officer Jacobsen was wearing full police uniform which he described as wool with a sewn on star and Vallejo Police patches. Officer Jacobsen was wearing a duty belt which contained: (2) sets of handcuffs, his duty firearm, O.C. spray, flashlight, radio, taser and magazines for his firearm. Officer Jacobsen said that uniform he was wearing during the interview is the same uniform worn during the incident.

Officer Jacobsen's firearm is a department issued Glock 17 9mm, black in color and semi-automatic. The ammunition for the firearm is also department issued. Officer Jacobsen's firearm was loaded with (17) rounds in the magazine and one in the chamber. Officer Jacobsen was in possession of no other firearms.

Officer Jacobsen advised that neither his uniform or his person sustained any injuries or damage during the incident.

During his shift, Officer Jacobsen was working as a two man unit with Officer Samida. They were assigned call sign 6A4. They were assigned to beat 4 which is located in south Vallejo.

Officer Jacobsen and Samida were assigned a Vallejo Police patrol vehicle which he described as a black and white patrol vehicle consisting of Vallejo Police insignia's on both doors. The vehicle has an emergency light bar on the roof which has blue and red lights. Officer Jacobsen was passenger in the vehicle and Officer Samida was the driver.

Prior to responding to the incident in question, Officer Jacobsen and Samida were at an unrelated call at Nation's Hamburger located at Sonoma Blvd and Tennessee St.

He overheard Dispatch advise of a large group of people fighting and a weapon being mentioned in the area of Sacramento Street and Buckels. As Officer Jacobsen and Samida arrived in the area, they turned westbound onto Buckels and saw two people standing on a second story balcony of a residence on the corner of Sacramento Street and Buckles. The subjects on the balcony were pointing in a southeast
direction. They then contacted a vehicle which had pulled over and asked the driver if they were aware of a fight occurring in the area. The occupant of the vehicle advised they were not aware of any fight due to just arriving in the area.

Officer Jacobsen and Samida turned around on Buckels and saw the same subjects on the balcony still pointing in a southeast direction.

Officer Jacobsen and Samida turned onto Nebraska Street from Sacramento Street and pulled down their windows where they heard a lot of screaming between male and female voices. They identified the loud noise was coming from the corner house on Sacramento St. and Nebraska (1722 Sacramento St.). Officer Jacobsen said that as they exited their patrol vehicle, it sounded like a large fight was taking place. He heard both men and women yelling at each other and described it as not sounding like anyone being in fear, rather challenging one another. Officer Jacobsen described it as sounding like a really big fight.

As they ran toward the north side of the residence (Nebraska side) he saw that it was a two story residence with a second story balcony containing multiple subjects yelling and trying to fight one another. He believed there were 5-6 people on the balcony. Officer Jacobsen recalled seeing both men and women on the balcony. Everyone's ethnicity was black. As they ran toward the north fence line of the residence, Officer Jacobsen and Samida began announcing themselves as police officers in effort to break up the fight.

As they gave numerous verbal orders, no one on the balcony was responding to their presence/ orders. Officer Jacobsen repeatedly yelled something similar to, "police stop" no one appeared to be listening and continued to yell at one another.

Officer Jacobsen saw an open door leading from the balcony to the inside of the residence. He could see additional people inside the residence but could not recall how many. Officer Jacobsen believed that the door leading inside the house lead to a kitchen. Inside the doorway, Officer Jacobsen saw a black male, average height, younger, no shirt, wearing jeans, possibly blue, with short hair. The subject had a large kitchen knife in his possession. Officer Jacobsen described the knife as being the largest knife when you buy a set of knives in a set. He estimated the knife blade to be 8-10" in length. As Officer Jacobsen physically imitated the Suspect holding the knife he had his right hand clenched and raised to his shoulder. Officer Jacobsen said the knife blade was extended below the pinky finger of the subject's hand. Officer Jacobsen said that the subject with the knife appeared to be fighting with someone within the house and was making a stabbing motion with the knife in a hammer fist like motion.

Officer Jacobsen recalled getting on the radio and advised dispatch of a subject armed with a knife inside the house. Officer Jacobsen could not recall his exact wording.

During this time, he recalled still seeing people arguing on the balcony. One of the subjects on the balcony appeared to be the primary aggressor. He described this subject as a younger black male, wearing a white t-shirt and blue jeans. This subject along with everyone else was not responding to Officer Jacobsen's orders.
Officer Jacobsen saw Officer Samida deploy his taser at the subject who appeared to be the primary aggressor. It appeared as though one of the taser probes made contact with the subject causing him to fall to the floor on the balcony against the house.

Officer Jacobsen said there was a fence between himself and access to the second story balcony. From Officer Jacobsen's vantage point on ground level, he was unable to see the subject who was tased by Officer Samida once he fell to the floor.

Moments after the tased subject fell to the floor, the door leading into the house slammed open and the same Suspect previously seen armed with the knife rushed toward the tased subject (Victim) on the floor. The Suspect was still armed with the knife. Officer Jacobsen's vantage point prevented him from seeing anything below the knee level of the Suspect. When the Suspect rushed the Victim, who was on the floor, he said that the Suspect was either kneeling down or hovering over the Victim. Officer Jacobsen could see the front of the Suspect. As the Suspect was over the Victim, Officer Jacobsen saw the Suspect making a stabbing motion with his hand which was in possession of the knife. He described the striking motion as a hammer fist like motion. The stabbing motion consisted of two strikes. As the knife was in the downward motion of the strike, he could not see the knife until the Suspect pulled the knife upward and struck again in the same manner. Due to the Victim being out of view of Officer Jacobsen and the knife going out of view on the downward strike, Officer Jacobsen did not know if the knife had penetrating the Victim.

Officer Jacobsen already had his gun out when he initially saw the Suspect armed with the knife. Officer Jacobsen believed that the Suspect was going to kill the Victim with the knife. Officer Jacobsen believed that the only way to save the Victims life was to shoot the Suspect. Officer Jacobsen recalled firing (3) rounds at the Suspect. He said that his view of the Suspect at the time of the shooting was unobstructed. Officer Jacobsen estimated being 15-20 meters from the Suspect when he fired.

Officer Jacobsen said the balcony was illuminated by lighting from the house. There were also street lighting illuminating the area. When Officer Jacobsen fired his gun, the backdrop was an exterior wall of the residence.

Officer Jacobsen did not recall having past dealings with the residence (1722 Sacramento St.) or the Suspect he shot.

During the incident, it was dark outside and was not raining.

After Officer Jacobsen fired his weapon, he recalled challenging a subject on the ground level near a door leading into the residence. He described the subject as a heavy set black male with no shirt and possibly tan pants. He did not recall ever seeing the subject on the balcony at any time.

I showed Officer Jacobsen a Google Street view image of the north side of 1722 Sacramento St. The view is from Nebraska Street. Officer Jacobsen identified the residence as the house where the incident occurred. With a marker, he drew where he and Officer Samida parked their patrol vehicle. He marked a
dot on the pedestrian gate depicted in the photo as where he believed he was when he fired his gun. He also identified the white second story balcony/deck as the area in question where the people were fighting.

Officer Jacobsen said that he activated his taser camera after the shooting. He did not review the camera footage prior to this interview.

Officer Jacobsen characterized the scene as he arrived as chaotic. He said that there were a lot of people, and no one was responding to multiple officers yelling, "police stop" and "back away".

Refer to recording of interview for further details.

Det. Schillinger #638
On 1/23/17, at approximately 0614 hours, Det. Greenberg, DA Investigator Mineni and I conducted an interview with [redacted] at the Vallejo Police Department. The interview was audio and video recorded. [redacted] provided the following statement in summary:

[redacted] currently lives at [redacted], Union City, Ca. He lives with his aunt. [redacted] is 16 years old. [redacted] said that he came to Vallejo to stay with [redacted] who he identified as his [redacted]. It was not clear [redacted] relationship to [redacted]. [redacted] said that [redacted] helped with his upbringing and taught him about football.

[redacted] said that [redacted] is currently residing at [redacted] and the [redacted].

[redacted] said that Angel and [redacted] are [redacted]. [redacted] has known the two for approximately 8 years. In the past, he has play fought with the two, which he described as slap boxing, but the fighting has never escalated to the level it did on this incident. [redacted] identified Angel (Suspect) via a DMV photograph which I displayed to him.

[redacted] said that he came to [redacted] house on Friday (1/20/17) and was planning on staying through the weekend. [redacted] typically comes over on the weekends. [redacted] said that earlier in the evening (01/22/17) he was partying and drinking with everyone at the house to include Angel and [redacted].

At around 2300 to 2330 hours, [redacted] put [redacted] to sleep in [redacted] bedroom which is accessed off the kitchen. While putting the kids to bed, he heard arguing and the children began crying. [redacted] did not know what the argument outside was about. [redacted] exited the bedroom and went out onto the back balcony where he saw [redacted] arguing with [redacted]. Alicia was in the middle trying to break the two apart.

When [redacted] noticed the fight between [redacted] and [redacted], [redacted] punched [redacted]. [redacted] said that Angel was not on the balcony at the time and was believed to be in his bedroom with [redacted]. After punching [redacted], [redacted] went into the house to get Angel.

When [redacted] went into the house to get Angel, [redacted] was on the balcony with Alicia and [redacted]. [redacted] said the door leading from the balcony into the kitchen had closed. There is a window in the door where you can see into the house and vice versa.

[redacted] looked through the window into the kitchen and saw [redacted] and Angel standing in the kitchen. [redacted] was armed with a knife. [redacted] described the knife as having a black handle and similar to steak or butter knife.

[redacted] said that Alicia tried to keep him back from the door. [redacted] said he felt threatened by [redacted] and Angel, so he decided to punch out the window in the door in effort to open the door from the inside. [redacted] was attempting to get at [redacted] and Angel.

Immediately after breaking out the window, [redacted] recalled seeing flashlights, presumably from the
police. [redacted] did not recall hearing any police officers give orders. Once [redacted] broke out the window, he believed he was tasered and fell to the ground. [redacted] said that the door opened allowing Angel and [redacted] access onto the balcony, although [redacted] did not recall seeing [redacted] on the balcony.

[redacted] said that upon falling to the floor he landed on a dog pen. [redacted] fell onto his back and was looking up when he saw Angel standing over him. [redacted] said that he believed Angel was going to cut him. [redacted] said that when he saw Angel standing over him, he did not see Angel's hands or see a knife. [redacted] would not clarify why he believed Angel was going to cut him.

[redacted] said that after the shots were fired, Angel fell to the ground on the balcony. [redacted] did not know where [redacted] was during the altercation.

After the shooting, [redacted] recalled seeing [redacted] and Alicia being escorted down the stairs from the balcony by the police.

Throughout the interview with [redacted] he was overall uncooperative. At one point, [redacted] advised that both of his parents have been incarcerated since he was young and has resentment toward law enforcement.

[redacted] had a number of fresh cuts and scratches on his neck, shoulders, arms, and back. [redacted] advised that his left arm which was bandaged received stitches. [redacted] attributed the injuries to the dog pen he fell on when tasered.

I photographed Wilson's injuries and booked them as evidence.

Refer to the video recording for further details.

Det. Schillinger #638
CRIME SCENE INVESTIGATION - SUPPLEMENTAL REPORT

OVERVIEW

On January 23, 2017 at approximately 0115 hours, I was contacted by Corporal Richard Botello #486 pertaining to an officer involved shooting that occurred at 1722 Sacramento Street. Botello requested that I respond to the address and process the scene.

At the scene it was determined that the detectives would be obtaining a search warrant for the house. I processed the officer involved in this case at the Vallejo Police Department. Upon receipt of the search warrant I arranged for the subject to be picked up by the Solano County Coroner’s Office. After this occurred, Corporal Botello and I then processed the house.

I returned to the Vallejo Police Department Evidence Section at approximately 1030 hours and began to process the items collected at the scene.

PURPOSE OF EXAMINATION

To process the subject in this case, the officer involved, a vehicle at the residence with blood and the residence where the incident occurred.

EVENT DESCRIPTION

On January 23, 2017 at approximately 0038 hours the Vallejo Police Department Dispatch Center received multiple calls of a fight occurring somewhere near Sacramento Street and Buckles. Officers responded to 1722 Sacramento where multiple subjects were involved in a physical altercation. One subject was shot by a Vallejo Police Officer and others were tased at the scene. A Critical Incident Protocol was put into place and I was asked to respond to the scene.

Upon my arrival I met with Detective Rob Greenberg who walked me through the scene. He provided me with a brief summary of what occurred. While at the scene a female dog and 8 new born puppies were located in the house. I requested that Animal Control come to the scene and take possession of the animals. At 0320 hours Officer Garcia from Solano County Animal Control was escorted into the house where he was able to take possession of all of the...
dogs and escort them to the shelter. While at the scene I met with District Attorney Investigator Greg Campbell. After the dogs were removed, Campbell and I responded to the Vallejo Police Department and attended a briefing of what occurred. At the briefing I was advised DAI Paul Wilcox would be assigned to assist in processing the officer involved, the scene and the vehicle in question.

PROCESSING OFFICER JACOBSEN

After the briefing at the Vallejo Police Department I responded to the Chief’s Conference Room where I met with Officer M. Samida, Officer Z. Jacobsen and Officer Jacobsen’s attorney. I advised I was there to process Officer Jacobsen and indicated I would photograph Officer Jacobsen in uniform and then I would take possession of his duty weapon.

Officer Jacobsen was photographed head to toe in a Vallejo Police Department uniform. On his waist was a gun belt which contained his duty weapon. Officer Jacobsen removed his gun belt and placed it on the table. DAI Wilcox rendered Officer Jacobsen’s Glock 17Gen4 safe and assisted in counting the live rounds that remained in his weapon. A live round was located in the chamber and 13 live rounds remained in the magazine that was removed from his duty weapon. Officer Jacobsen advised he did not change out his magazine after the shooting. Two additional magazines were located on Officer Jacobsen’s belt and were removed. Each magazine contained 17 live rounds. Jacobsen’s duty weapon, 3 magazines and live rounds were collected.

PROCESSING 1722 SACRAMENTO

Prior to leaving the Vallejo Police Department Detective Sergeant Fabio Rodriguez advised the search warrant for 1722 Sacramento was signed and requested that I process the residence. Rodriguez asked that I collect any phones located in the house, knives and swab the blood located throughout the house. He also requested that I process blue Jeep Liberty parked in front of 1722 Sacramento Street. Reddish brown fluid was noted which was similar to that of blood. I was advised the vehicle was on the search warrant.

DAI Wilcox and I responded to 1722 Sacramento Street where Corporal Botello was already sketching the scene. I photographed the interior and exterior of the residence. 1722 Sacramento Street was a grey house with the entrance of the house facing the west. Five red stairs led to the front door. A chain link fence extended around the outside of the residence. The front yard extended around the house on both the north and south sides and into the east end of the house. Around the yard were miscellaneous articles of clothing, trash and alcohol bottles. In the back (east end) of the house was large black garbage bags that were full and an old Christmas tree. A shed was located in the east end of the yard with a large television and couch in it.
Stairs on the east end of the house led to the porch on the north east end of the house. Ramos was located on the porch, face down in a pair of boxers. A cell phone was located near Ramos’ head.

Under the porch was an exit to the north side of the house. Access could also be made into the basement from under the stairs. A walk way was located on the north east end of the house to the sidewalk of Nebraska Street. On the east side of the walkway was a chain link fence and bushes on the east side of the fence. On the east side of the fence, 4 casings were located and 3 were marked with yellow placards. The fourth was marked with the letter A.

On the rail leading to the front of the house, a reddish brown liquid was noticed. Upon entering the house through the front door I entered the front room. On a wall in the front room I noted more reddish brown liquid. East of the front room was the dining room where the dogs were located in a play pen. On the dining room table were large bottles of alcohol and a cell phone. Two more cell phones were located on the floor near the play pen. Reddish brown fluid was noted on a small wall separating the dining room from the hallway.

On the south side of the house was a hallway which led to 3 bedrooms and a bathroom. At the east end of the hallway was a door which led to the basement. The basement contained a miscellaneous items in it. Additional reddish brown fluid was located along the hallway and on the west bedroom door.

Entrance to the kitchen could be made through the dining room or the hallway. 2 large cabinets were lying on their side on the kitchen floor. A bedroom was located in the south east end of the kitchen. A door to the back porch was located on the north east end of the kitchen. The glass window in the door was shattered and glass was on the ground. Reddish brown fluid was located throughout the kitchen. On the north west floor of the kitchen was a red handled knife. A larger red handled knife was located near the kitchen sink. Three additional knives with black handles were located in the sink.

Placards 1 through 3 marked the casings on the north east end of the side yard. Placard 4 was placed near the cell phone located on the dining room table. Placards 5 and 6 marked where the two cell phones were located on the ground. Placard 7 marked the red handled knife on the kitchen floor. Placards 8 through 11 were placed near the sink to make the knives located in the sink. Placard 12 did not mark any evidence. Placard 13 was placed on the deck to mark the phone near Ramos.

I collected the cell phones and Corporal Botello packaged the knives from the kitchen.

Below is a list of where swabs were taken of the reddish brown fluid:

Prepared By: 2053 DAILEY, STEPHANIE Date: 01/24/2017
Approved By: 563 RODRIGUEZ, FABIO Date: 01/25/2017
A-Handrail in the front entrance
B-Front room wall
C-Small table next to couch
D-Wall in between the dining room and hallway
E-Wall in between the dining room and hallway
F-Hallway entrance
G-No swab
H-Hallway wall
I-West bedroom door
J-Entrance to the kitchen from the hallway
K-Kitchen drawer
L-Under sink
M-Rear door
N-Wall next to rear door

**PROCESSING RAMOS**

Solano County Coroner Deputy Hendry arrived on scene at approximately 0800 hours. At this time I processed Ramos right and left hands for GSR. I then obtained a Buccal swab from Ramos and swabbed his face, left and right hands using the same water source as was used for the blank swab.

Ramos was wearing boxers, no shoes, no socks, no shirt and no pants. At 0843 hours Ramos was sealed in a white body bag with a blue seal #000119. Deputy Hendry took custody of Ramos.

**PROCESSING**

A blue Jeep Liberty with California License plates was located on the east side of Sacramento Street in front of 1722. Reddish brown fluid was noted on the exterior door handle. Further investigation led to finding more reddish brown fluid in the interior of the vehicle.

I swabbed the exterior front passenger door handle. I then made entry into the vehicle using the front passenger door. I swabbed the front passenger window, door and dash in areas where I noted a reddish brown fluid.

**SEARCH OF 1722 SACRAMENTO**

Corporal Botello searched the house. See his report for further information.
EXAMINATION RESULTS

I was asked to process 1722 Sacramento Street following an Officer Involved Shooting where a subject was deceased. Angel Ramos was located face down on the back porch of the residence and was pronounced dead at 0101 hours by Engine 21.

I photographed the interior and exterior of the residence. I then marked items of evidentiary value with yellow placards. Corporal Botello and I packaged evidence to be collected with the assistance of DAI Wilcox. I then swabbed multiple locations within the house for what appeared to be blood.

Ramos’ body was recovered by Solano County Deputy A. Hendry.

I processed a vehicle parked in front of the residence for what appeared to be blood.

The scene was released at approximately 1045 hours.

All items collected were then transported to the Vallejo Police Department Evidence Section where they were entered into RIMS and booked. The photographs were downloaded.

PROPERTY COLLECTED

2053-1-DVD OF SCENE AND SUSPECT
2053-2-OFFICER JACOBSEN’S DUTY WEAPON W LIVE ROUND FROM CHAMBER AND 13 LIVE Rounds FROM MAGAZINE
2053-3-OFFICER JACOBSEN’S DUTY MAGAZINE WITH 17 LIVE rounds

WITNESS: CALLINAN, Jeremy
Work: Vallejo Police Officer, Badge #693

On 01/23/17 at approximately 0100 hours, I received a telephone call at my residence from Detective Sergeant RODRIGUEZ in relationship to an Officer involved shooting. He requested that I respond to assist in the investigation.

Upon arriving in Vallejo, I responded to the scene at 1722 Sacramento Street. The house sits on the corner of Sacramento and Nebraska. Where the incident took place was on a raised landing towards the rear of the home. From the north side of the house, there is no access through the fence to the landing; however, it is visible from the north side. The decedent was laying on the deck when I arrived. I saw casings on the north side of the fence and was given a brief description of what occurred by Sergeant RODRIGUEZ. There were numerous people who had been transported from the location, some to hospitals and some to the Police Department. The Fatal Incident Protocol had been enacted, and there was a briefing that occurred.

During the process of that briefing, I was assigned to an investigation team with Deputy
District Attorney Investigator Greg CAMPBELL. We were assigned to interview witness SADDLER, witness XXXXXXXX witness XXXXXXXX and Officer CALLINAN.

The following is a summary of the videotape statement that SADDLER provided. SADDLER indicated that she lives at the residence at XXXXXXXX. She indicated on the night of Sunday, the 22nd into the early morning hours of Monday, the 23rd, that all of those people that live in the home were present with the exception of XXXXXXX, who was at work. She also indicated that there was a person by the name of XXXXXXXX who lives in Union City, and is the XXXXXXXX from Fairfield was also at the house. Angel’s XXXXXXXX whose name she did not know, was also present. She indicated that the group had gathered and was drinking. She stated that she drank significant amount of Hennessy and tequila and there are portions of this night that she does not remember because of her intoxication level. She indicated that it is not uncommon when she drinks too much that she forgets, and that sometimes she is unable to ever remember the circumstances of what had taken place. She believed that she and others started drinking at 2100. She accounted for cars that were at the house. She described her car as a white Lexus, and she also has a van that is a blue Windstar. XXXXXXXX has a red PT Cruiser and a blue Jeep. She indicated that XXXXXXXX has a car in the back of the garage. She said it is blue; she does not know what color it is. Many of these vehicles are inoperable.

She stated that she and XXXXXXXX have been XXXXXXXX for twelve years and that XXXXXXXX.

She indicated on this date, that there was an altercation that occurred. She does not know who the altercation was between, or how it started. She stated people were just fighting. She indicated that the thing that she remembered was being tased. She indicated that she was on the back portion of her house on a raised deck when she was tased by an Officer and does not know why. She stated that she remembers from that portion of the incident on. When I asked her to account for the people that were on the landing, she indicated that she was there, XXXXXXXX was there, and that XXXXXXXX was there. She does not remember anyone else being there.

During a process of the original portion of this original interview, Alicia was interviewed sometime after 5:00 o’clock am, and she was obviously still intoxicated. I did not tell her that XXXXXXXX had been shot, or that XXXXXXXX was deceased; however, she asked those questions during the interview as to what had happened to XXXXXXXX.

At the conclusion of that interview, I then interviewed witness XXXXXXXX.
accounted for the same people who lived in the home. He added that [redacted], [redacted] was present as well. He stated that [redacted] does in home healthcare. She works in Vacaville. He provided her phone number as [redacted], and indicated she was not present when this incident took place. When I originally made contact with [redacted] he was wearing a white shirt. It was covered in blood. His hands were covered in blood. He had an obvious wound on his right elbow and he had a noticeable red swollen mark on his right eye. I photographed [redacted] during a process of this interview, his injuries, and I also collected the bloody white shirt that he was wearing. He described a person during this incident as [redacted]. [redacted] was determined to have an AKA of [redacted]. He described a female friend of [redacted] by the name of [redacted] who was also present when this incident was going on. He stated that he was in the house with the people that were there who are all family members by blood or by marriage. He stated that his [redacted] had slapped [redacted] Alicia, and that he took offense to that and stepped in. He indicated that everyone was intoxicated including himself, and he stated that an altercation began. During a process of that altercation, he was punched by [redacted] on the right side of his face, specifically in the right eye. He indicated that the two of them fought throughout the house, and that other people were also involved in that fight. He could not tell me specifically who. He indicated that during a process of the fight, he made his way. During the process of the fight they ended up in the kitchen, and that somehow or another the window to the door in the kitchen had gotten broken, and he believes that is how he got the injury to his elbow, but he is not 100 percent sure. The injury to his right elbow I would describe as a circular mark, approximately a three quarters of an inch to an inch in diameter, circular or oval in shape. He indicated that he was in the house when he heard gunshots. He speculated that during a process of this incident that he may have been hit by a bottle that caused the injury to his arm.

He did not witness the shooting. He indicated that he did not see [redacted] with a knife. He felt that if [redacted] truly did have a knife that [redacted] would not have stabbed [redacted] as I had described the incident as being relayed to me.

[redacted] who was in the lobby of the Police Department.

Following the interview of [redacted] I then contacted [redacted] in an interview room. [redacted] gave the same account as it related to the people that lived in the home and the people that were present. He indicated that he was on the front porch of the house with what he described as three people, one of which is [redacted] Alicia, one of which he believed was going to be [redacted] and he did not know who the other person was. He stated that he got into a disagreement with [redacted] and that [redacted] thought that he had struck Alicia, but he really didn’t. He stated that they were having a verbal disagreement at what point in time [redacted] stepped in. He stated there was a physical altercation between he and [redacted] that started on the front porch, bled in the house, went through the kitchen, went through the living room and into the kitchen. He felt that the physical altercation lasted for approximately
three minutes. During a process of that physical altercation, there were people that were trying to intervene, and people that were involved. He could not be specific as it related to what anyone did.

At some point in time during this, he either decided or was directed to go outside for fresh air. He ends up on the back balcony area of the house. He stated that outside with him on that balcony is Alicia, [redacted] and he indicated that [redacted] was blocking the door and not allowing him to go back in. There were other people on the other side of the door, which presumably is Angel and [redacted] based on the only other adults left in the home, and that there is an argument going on through the door. He said that they were talking smack back and forth to each other. At one point in time, he pushes on the door from the outside and breaks a window that is contained within the door.

He indicated that during a process of being on the balcony that he slipped on two different occasions. He said when the police arrived, that people started getting tased. He thought that he heard what could have been gunshots, but he was not 100 percent certain that they were. He heard Police Officers yelling and knows that [redacted] and Alicia got tased, felt that one of the probes from the tasing of Alicia had struck him as well. He noticed that when he was on the ground he was bleeding from the upper portion of his bicep, and he saw that he had a laceration on his arm. He was ultimately transported to a local hospital where he received fourteen stitches for a laceration that I would describe as being approximately two and a half to three inches long. I photographed the injury on his arm. He also complained of a swollen wrist where he felt that he had braced himself when he had gone down at one point in time during this incident. I asked him how he had received the laceration. He originally stated that he thought that he had fallen on a piece of broken glass when he had gone down on the landing outside, but he was not sure. He did not know when during the incident that the laceration occurred.

During the process of the interview, at some point in time, he asks about Angel and Angel’s status, and I tell him that the Police Officers have shot and killed Angel, and describe to him the circumstances which had taken place as they had been described to me. He speculated that possibly he was cut by Angel and did not know it, or had been cut by a knife during this process, and did not know it. He did not want to believe that Angel would have cut him, but he could not describe how he had received the laceration. He indicated that the people involved in this are close. They have known each other for many years. They live under the same house. He treats Angel and [redacted] as brothers, and he looked at this as more of a family dispute and a family fight. He was saddened by the circumstances of how this situation had ended, and indicated that it had gotten completely out of control.

When he was asked to describe the people that were on the raised landing outside the back door, he never described Angel as being there although Angel was clearly visible to me laying...
on the raised balcony.

Neither [redacted] Alicia, or [redacted] described anyone as ever arming themselves with any type of weapon during this incident.

A videotape DVD containing the three described interviews was later booked into evidence at the Vallejo Police Department. Refer to the videotape for complete and accurate account of the statements that were provided.

Investigator CAMPBELL and I then spoke with Officer CALLINAN. Officer CALLINAN indicated that he was working on the evening of 01/22/17 into the morning of 01/23/17. He started his shift at 1900 hours and was due off at 0730 hours. His call sign was 4A1 and he was partnered with Officer MURPHY, badge #667. They drove unit #160. He heard the call come out at Sacramento and Buckles for a large party. He responded from East Vallejo. There was radio traffic when the original Officers JACOBSON and SAMIDA, arrived and a Code 33 had been provided. A Code 33 was lifted and there was a location update of Sacramento and Nebraska, and they re-directed their location there. JACOBSON and SAMIDA had called for additional units. They arrived and parked on Nebraska on the north side of the street. He exited the passenger seat. As he approaches the house, his view is somewhat obstructed by a large amount of foliage that is on the side of the house and growing along that lot. As he is walking up, he can hear the deployment of a Taser. He hears and Officer saying the word ‘Taser’ and he can hear the Taser being used. As he arrives, he is on the southeast corner of the residence. He can see up onto the deck. He sees three males actively fighting and he sees one female that is also there. Officers are trying to gain access to the raised deck but cannot get to it from the north side of the house, and there are people that are going around the residence to get to the deck. When he gets to the location, Officer JACOBSON is about three to five feet to his left. Officer JONES is about fifteen to twenty feet to his right. He sees that Officers have their guns drawn and are pointed towards the deck area. He decides to take out his Taser to have a less lethal option. He sees that a BMA who he thinks is a juvenile that has been tased go down to the ground on the raised balcony. He then sees a male who he refers to as the suspect jumping on top of another subject that is on the deck. He sees the male that is jumping on top of the other subject making hammer strike type of motions. This he is also describing as a stabbing motion towards the victim, the person that is on the ground. He sees this fast rapid motion three different times. He says that it appears to him that the suspect is stabbing the victim. He does not see a knife during this process. He said it is happening very fast and that he believes it is a stabbing based on the motions of what he is seeing. He said that it did not appear to be strikes as the person was not putting his body wait into the thrusting motion. He describes the suspect as a Hispanic male; he is shirtless, wearing grey shorts. He is of medium build and has slight facial hair.

At this point in time, he hears shots coming from his left and JACOBSON fires what he believes
are three shots. Prior to JACOBSON firing those shots, he had put his Taser away and was moving to a lethal force option as he believed that the suspect was stabbing the victim, and that the suspect was not following commands, and that the victim’s life was in danger, and that the lethal force option needed to be used. He indicated if JACOBSON had not shot the suspect that he was going to shoot the suspect.

He indicated that after the shots were fired, that a team of Officers - the only one that he remembered was Jason SCOTT - approached the deck. He was told that there was a black male who was in the garage. He, with another Officer, take that black male into custody. He describes that black male as six foot tall, heavy to medium set, wearing brown khaki pants, medium length hair and no shirt.

I asked him to describe the people that were on the deck other than the suspect. He described the victim as a black male adult, young, shirtless, short black hair, covered in blood. He said that he believed that he was a juvenile. He described that there was a Hispanic male who was heavy set, and there was a Hispanic female who was heavy set. He stated that the suspect, during the process of the altercation, was attacking the heavy set HMA as well.

I know during the process of this investigation that the person [Redacted] is a light complexioned black male who is heavy set. It is believed that the person that CALLINAN was describing in this situation is [Redacted].

He indicated that after taking the subject into custody in the garage, they move towards the front of the house where he assisted in contacting people who were inside of a blue Jeep. He said that there was a Hispanic male who was in the front passenger seat and was covered in blood. There was a Hispanic female in the driver seat, and a Hispanic female in the rear passenger seat. They were all detained. He put the Hispanic male who was bleeding into the back of Lieutenant ROBINSON’s car. He believed that that person was [Redacted]. He was wearing a white shirt, blue jeans.

He then proceeds to the back of the residence, gets to the balcony. As he gets to the balcony, he sees the suspect. The suspect is closer to the stairs than to the house. He is face down with his head pointed in a northeast direction. He checks the suspect’s pulse and feels no pulse. He notifies Lieutenant ROBINSON who is standing there of what he had found. He then is directed with Corporal SCOTT and MURPHY to clear the rest of the residence at which time he does. He stated that when he was in the residence, that he went into the living room, the kitchen, and two bedrooms. He said every room that he went into there was blood in every room. He believed that there was a bedroom that he did not enter. He thinks it was a three bedroom house, and he does not know if there was blood in that third bedroom. He sees a knife on the floor in the kitchen. The knife is, as he describes, a steak knife with a red handle.
Following the clearing of the house, he is detailed to set a perimeter and set crime scene tape, which he does. During a process of that, setting the perimeter, he is also assigned to canvassing. He makes contact at [redacted] Street where the subject by the name of [redacted] indicated to him that she had heard two shots while she was doing her dishes. She did not see anything outside of that. He attempted contact at other residences and received no answer.

Audiotape of his statement was later booked into evidence at the Vallejo Police Department. The case continues pending further investigation.

M. MUSTARD 569  1/25/17
CRIME SCENE INVESTIGATION - SUPPLEMENTAL REPORT

OVERVIEW

On January 25, 2017, I was notified by the Solano County Coroner’s Office that they would be performing an autopsy of Ramos on today’s date. I responded to the Solano County Coroner’s Office to photograph the autopsy and collect evidence.

I arrived at the Solano County Coroner’s Office at approximately 1000 hours. Present during the autopsy was Dr. Josselson, Assistant Brynne Caputo (Anderson), and DA Investigator Mason Menini.

I arrived back at the Vallejo Police Department Evidence Section at approximately 1500 hours.

PURPOSE OF EXAMINATION

The purpose of the examination was to photograph the autopsy and collect items of evidentiary value.

The pictures were later booked into the Vallejo Police Department Evidence Section.

EVENT DESCRIPTION

Ramos was located in a white sealed body bag. The bag was sealed with blue seal #000119. The bag was opened at 1032 hours.

Ramos was shot on January 23, 2017 while advancing towards a victim with a knife.

Ramos was located on the back porch of 1722 Sacramento Street. He was only wearing blue boxers. The boxers were removed at the time of the autopsy, photographed and I collected the item.

I cut Ramos’ right and left hand fingernails. The right hand fingernail clippings were placed in an envelope with the clippers used to cut them. The left hand fingernail clippings were placed in an envelope with the clippers used to cut them.
I photographed the autopsy.

Dr. Josselson noted four injuries which were consistent with gunshot wounds. The wounds were located in the middle of the upper chest, mid chest and lower chest along with one on the left side in the area under the armpit.

Assistant Caputo obtained blood from Ramos and provided me with a vial.

EXAMINATION RESULTS

Ramos was in a white body bag sealed with a blue seal #000119. The seal was cut at 1032 hours by Assistant Caputo.

Ramos was a Hispanic male adult with medium length black and facial hair. He was lying face up in the body bag.

I obtained left and right hand fingernail clippings from Ramos, collected his boxers and collected a vial of blood that Assistant Caputo obtained from the victim.

Assistant Caputo removed a Rosary from Ramos’ neck and I collected it.

Dr. Josselson performed the autopsy and Assistant Anderson assisted.

Dr. Josselson located four bullets from Ramos. One bullet was located in the small intestine, one in T12, one in the lower right back and one in the right pelvis bone.

I photographed the autopsy. The photographs were downloaded once I arrived back at the Vallejo Police Department Evidence Section.

All items collected were later booked into the Vallejo Police Department Evidence Section.

01-25-2017
WITNESS: 

On 1/24/17, Detective Martinez and I spoke with [redacted] at her residence, [redacted] in relation to the incident which occurred in the early morning of 01/23/17. [redacted] said that she lives in the [redacted] of the residence. [redacted] said that she heard what she believed to be two gunshots around 9:20 pm, at which point she sent a text message to her mother who was also in the house and asked if she had heard the gunshots. [redacted] did not know if the gunfire she heard at 9:20 pm was related to the house [redacted] (1722 Sacramento St.).

She stated that she did not hear the gunshots in relation to the incident which occurred later in the evening around midnight but knew that, at some point, the police had arrived across the street because she saw people being removed from the house by the police. Her statement indicated that she had only seen the aftermath of the incident at 1722 Sacramento Street.

[redacted] said that in relation to the house in question, there are always people coming and going and arguments occurring involving the people at the house. She recalled an incident about two years ago, involving a Hispanic male who was involved in a knife fight with another individual whom she had never seen before. The other individual was in possession of the knife and the Hispanic male she was referring to was the same person she saw being escorted from the house by the police on 1/23/17.

[redacted] knows there are a number of people that live in the house, to include, an older Hispanic female, an older black male, a younger Hispanic male around her brother’s age, who is about 19 years old, another Hispanic female around 16 years and a Hispanic male around 8 years old. [redacted] had no additional information to provide at the time.

End of Statement.

Det. Schillinger #638
WITNESS: [REDacted]

On the evening of 01/24/17, Detective Martinez and I conducted a neighborhood canvass of the surrounding area of the target residence, 1722 Sacramento Street.

I contacted the resident at [REDacted] who identified himself as [REDacted]. He related the following to me in summary:

He said that he got home around 10:30 pm. When he arrived home, he went inside his house. [REDacted] said that when he arrived home, he heard loud talking coming from the residence [REDacted], which he pointed at, being 1722 Sacramento Street. [REDacted] said that around midnight he went to bed. As he was lying in bed, he heard three gunshots. [REDacted] stated that he did not know where the gunshots were coming from or who was involved. [REDacted] had no additional information to provide at the time.

Statement Concluded.

Det. Schillinger #638
On 01/24/17, Detective Martinez and I spoke with [redacted] at her residence, [redacted]. While speaking with [redacted] she related the following in summary, regarding the incident in question that happened [redacted] at 1722 Sacramento Street in the early hours on 01/23/17.

[redacted] said that during the time of the incident, she heard a male with a deep voice screaming. She also heard a woman screaming and then a third voice, which she believed to be a man’s voice yelling. She could not distinguish what was being said, but heard a lot of yelling coming from the residence [redacted]. She pointed [redacted] at 1722 Sacramento Street.

[redacted] said that when she heard the yelling/screaming occur, she simultaneously heard and saw police lights and sirens arriving on scene.

[redacted] said she did not hear gunshots and had no additional pertinent information to provide.

[redacted] characterized the residence in question as being the problem house in the neighborhood. There is a lot of traffic at the house to include, multiple cars coming and going, parties and fighting. [redacted] said that neither she nor her family associate with the people at the residence.

End of Statement.

Det. Schillinger #638
WITNESS: [Redacted name]

On 01/24/17, Detective Martinez and I contacted [Redacted] at [Redacted] While talking with [Redacted] He related the following, in summary.

In the early morning of 01/23/17 at around 1220 am, he heard a male’s voice yelling. The yelling was coming from the house [Redacted], identified as 1722 Sacramento Street. [Redacted] said that [Redacted] 1722 Sacramento Street on the Nebraska side. He said that the male’s voice was yelling, “I will kill you” multiple times. He then heard a woman’s voice screaming for help.

[Redacted] said he then left his bedroom and went to 1722 Sacramento Street. Approximately 10 minutes later he noticed a police car arrive. [Redacted] said that he saw a police vehicle stopped in the middle of the roadway in front of the residence on Nebraska Street. The police vehicle did not have the emergency lighting activated. He recalled the spotlight on the police vehicle being illuminated.

[Redacted] said that he continued to hear the arguing coming from 1722 Sacramento Street and heard what he believed to be three people fighting. He did not see anything. [Redacted] said he saw the police approach the residence and enter through the pedestrian gate. He was not sure if the officer he saw was holding a taser or a firearm in his hands when the officer went through the pedestrian gate.

He heard an officer yell three times something to the effect of “get down.” [Redacted] said it did not appear as if the people who were arguing at the residence were responding to officers’ orders. [Redacted] said he then heard what he believed to be three gunshots.

[Redacted] saw additional police officers arrive on scene with their emergency lights and sirens activated. [Redacted] had no other pertinent information to provide.

End of statement.

DET. SCHILLINGER #638
On 01/23/16 at approximately 0110 hours, I was contacted by Detective Sgt. Rodriguez. I was told that there had been an Officer involved shooting and he requested I come to VPD to assist with this investigation. I arrived at the police department and learned VPD Officer Jacobsen had been involved in the shooting.

I responded to 1722 Sacramento St and I was escorted through the residence. I observed that the front door to this residence faced Sacramento St and the residence was surrounded by a chain link fence. The back of the residence was accessible by a pedestrian gate located on north side of the residence (Nebraska St.). The deceased was identified as Angel Ramos and was still lying on the back second story balcony.

I responded back the Vallejo Police Department for a briefing and I was assigned to an investigative team with Solano County Deputy District Attorney Investigator Aaron Dillion. We were assigned to interview witness [redacted] witness [redacted] [redacted] reporting party [redacted] and an unknown reporting party with a listed telephone number of [redacted].

I contacted [redacted] inside the Vallejo PD Investigation conference room. I escorted [redacted] into an office located within the Vallejo Police Department. I advised [redacted] that I would be closing the door for privacy. I introduced myself to [redacted] and DA Investigator Dillion introduced himself. I told [redacted] that I wanted to talk to him about what happened tonight and he told me the following in summary:

My conversation with [redacted] was audio recorded. For further information and detail regarding this interview, please refer to the CD that was booked into evidence, 658-2.

[redacted] verbally identified himself to me by his name, date of birth and residence. [redacted] told me he lives with his mother and sister who he identified as [redacted] and [redacted] (Alesia).

[redacted] said he went to [redacted] house, [redacted]. He said he had been staying with [redacted] for the past couple days because he plays football for [redacted]. He said the football team he plays for is based out of Napa and [redacted] is a defensive backs coach. He has known [redacted] all of his life. [redacted] lives with [redacted], Alesia, [redacted], [redacted] and Angel at the
residence on Sacramento St.

He said on today’s date, he and [redacted] woke at 0530 hours. He said [redacted] is his [redacted]. They went for a jog and afterward they went to 24 hour fitness. After working out, they went to football practice in Napa. After practice they returned home and played games for a couple of hours. He said Angel and his [redacted], [redacted] went to the store to buy some alcohol somewhere between 2130 and 2200 hours. He said they bought a gallon of Hennessey. He said he drank three shots of the Hennessey. He felt a little “tipsy” so he went into a back bedroom closest to the back door. He described feeling a little wobbly. He felt like he was asleep for thirty or forty-five minutes but it could have been shorter. He said while he was asleep in the room, his [redacted], [redacted] woke him up and said, “they’re fighting, they’re fighting”. He exited the bedroom and entered the kitchen. He saw Angel standing near the microwave holding a knife in his hand. He ran toward Angel and bear hugged him. He described the knife as a red cooking/cutting knife. He does not remember which hand Angel held the knife. He grabbed Angel and said “this is your [redacted] house despite of anybody who lives in here, this is your [redacted] house.” At this point, Angel gave him the knife and he threw it in the sink.

While talking to Angel, he said he was trying to get him to go to his room. He said when he initially went into the kitchen, he described the scene as a royal rumble. He said [redacted] and Angel were going at it and stuff was getting knocked over. He described Angel and [redacted] as fist fighting. He does not know what they were fighting about. He said he broke up the fight and pushed [redacted] and [redacted] outside.

At this point, [redacted] stops me and said this is the true story.

He comes out of the room and rushes Angel who had the knife in his hand. He gets the knife and throws it in the sink. [redacted] comes back into the house and they start fighting again. Angel grabs the knife again and [redacted] pushes [redacted] out the door and he closes the door. He said his back was turned away from the door and he hears and feels the glass shatter. He said this is when Angel grabs the knife for a second time.

He ran downstairs through the basement to try and get his brother. As he gets to the basement, he sees an Officer with his gun out. He threw his hands up and said, “don’t shoot, don’t shoot.” He said that’s when he heard two shots rang out. He does not recall what the Officer was saying but recalls hearing two Officers.

[redacted] said and Officer told him to come out with his hands up and he complied. He said he was handcuffed and seated in the back seat of a “squad car.” He said the handcuffs were later removed.
I briefed back the story that [Redacted] had told me, while doing this, he said Angel had started drinking earlier. He said Angel was drinking a $10 dollar bottle of Hennessy. He does not remember the time but recalls the sun being out when Angel was drinking.

I continued briefing [Redacted] statement back to him and I was able to clarify that Angel had the knife two times. He said the first time Angel had the knife is when he first entered the kitchen and saw Angel with the knife. He said he took the knife away from Angel and threw it into the sink. He said [Redacted] comes back into the kitchen and Angel and [Redacted] start fighting. He pushes [Redacted] out of the kitchen and this is when Angel has the knife for a second time. His back was turned away from the back door, when he heard the glass shatter. He ran downstairs and was confronted by VPD.

I asked [Redacted] if there has been any animosity between Angel and [Redacted] and he does not recall any. He said he and Angel have thrown down many times but they hug it out after words.

I asked [Redacted] why Angel would get so mad that he would have a knife in his hand and he does not know.

This concluded my interview with [Redacted] I took photos of [Redacted] and they were placed onto a DVD listed as 658-1. [Redacted] was escorted to the front lobby and he was released.

This concludes my portion of this investigation at this time.

Det Martinez #658
MENTIONED: Engine [Redacted]
Vallejo Fire, [Redacted]  

On 1/27/17, Det. Greenberg and I spoke with Vallejo Fire [Redacted] at Station [Redacted]. He advised that during the incident on 1/23/17, he was assigned to Engine [Redacted] shift. He said that his Engine was dispatched to stage for an altercation that was in the vicinity of 1722 Sacramento St.  

[Redacted] had his Engine stage at Sacramento and Tennessee Street until directed to move into the scene.  

Once he was directed into the scene (1722 Sacramento St.) Vallejo Police Officers escorted him to the second story balcony where he noticed a body prone out on a second story balcony/deck and laying in a significant amount of blood. The body was laying face down.  

[Redacted] said that the head of the body was facing east. The body had a tattoo on the back. The subject was not wearing a shirt and was wearing unknown pants.  

[Redacted] said that medical implements "leads" were placed on the body. The body was not rolled over or repositioned. [Redacted] said the body had no heart beat and was "flat lined". Firefighter [Redacted] on Engine [Redacted] made the pronouncement.  

[Redacted] recalled that the back door leading into the house from the balcony was open.  

End of statement.

Det. Schillinger #638
Witness:  

On 01/23/16, Solano County District Attorney Investigator Aaron Dillon and I met with [redacted] inside a room within the Vallejo Police Department. DA Investigator Dillon and I introduced ourselves to [redacted] verbally identified herself by her name, date of birth and address. I asked [redacted] if she could tell me about the incident that occurred tonight and she related the following in summary:

My conversation with [redacted] was audio recorded. For further information and detail regarding this interview, please refer to the CD that was booked into evidence, 658-2.

[redacted] said she lives at [redacted] with [redacted], [redacted], [redacted], [redacted], Angel, Alesia and [redacted]. She said [redacted] and [redacted] were also at the residence tonight. She said [redacted] is [redacted] cousin. She did not provide the last names of [redacted] and [redacted].

She said [redacted] has arguments here and there. They have had a couple police incidents where the police have been called to their residence. She indicated that the police have been called to the residence for Angels drug problem, methamphetamine. She said Angel was going through a lot but everybody loved him.

She said [redacted] and Angel are [redacted] but they have had their problems. She said [redacted] and Angel are inseparable.

She said [redacted] and Angel have had problems with [redacted] a long time ago. They have known [redacted] for several years because [redacted] is [redacted], Angel’s [redacted].

She said Angel and [redacted] work for [redacted] as a janitor. [redacted] was sick. She said Angel has had a [redacted] for the past couple weeks who she identified as [redacted]. She said [redacted] is her friend and she introduced [redacted] and Angel.

I asked [redacted] about today and she related the following:

She got off work at 1730 hour and arrived [redacted] around 1830. She got [redacted] and everybody wanted to drink. She called [redacted] and asked her to come over and watch her child, [redacted] agreed. [redacted] drove over later on and watched her child in her bedroom. She said everything was fine. They were all drinking Hennessey and Camarana.
She said everyone was pretty drunk. She said she was “buzzed” and the mood was “chill.” She described the night as the best night ever. She said Alesia, Angel and Angel were also drinking. Ales and Angel had a little bit to drink. She said they were getting on Angel about his drinking because he had recently gotten a DUI. She described everybody as being buzzed.

As the night began to wind down, she went outside to smoke a cigarette on the front porch. She went out first and saw Alesia and arguing. She believes Alesia used to date the singer of the song and was arguing about the song being played. She said “socked” Alesia right in the face. She described the punch as being “chin checked,” causing Alesia’s head to go backwards. She told Angel to stop. She said and Angel never fight like that. Alesia began yelling at Angel. At this time, walked outside and punched Alesia again. confronted Angel and the two began to argue. She said the argument continued into the residence. and Angel began physically fighting. As the fight progressed through out the residence, told Angel to get and beat his ass. As Angel and Angel tried to fight, she began calling for Angel. She tried to separate and Angel. She also said Angel tried to separate everyone. Angel eventually came into the kitchen from the bedroom. Angel grabbed a knife and started to swing the knife at Angel and Alesia. She said Angel was trying to drag Alesia down the stairs. She said at one point, the back door that leads to the balcony was closed. She said was outside and punched the glass causing the window to shatter. reached his hand through the glass and opened the door. She said VPD arrived at the residence and she pushed Angel into the kitchen and that is when she heard the gunshots. She thinks Angel was on the back porch fighting. She said she remembered hearing the shots. She said she saw Angel throw the knife across the kitchen but she did not say when he did this.

She said when the police arrived, she remembers hearing the police announce their presence.

Once the police arrived and after hearing the gunshots, she left the house. She said prior to leaving, she heard someone say, “stay with me.”

While speaking with I noticed she had dried blood on both arms. She said and were bleeding and when she was trying to break up the fight, she got blood on her.

I tried to clarify statement regarding the fight inside the kitchen. I advised that Angel came into the kitchen and grabbed a knife. I asked who Angel was swinging the knife at and she said he was swinging the knife at Angel. She said and were fighting. She described the knife that Angel was holding as a little kitchen knife. She does not know if Angel was stabbed. She said everything happened so fast. She thought once the
cops came, things would calm down.
She said [redacted] and [redacted] were really cool with each other.

Prior to [redacted] leaving, I took photos of her. The photos were placed onto a CD and booked into evidence, 658-1.

I escorted [redacted] into the front lobby and she was released.

This concludes my portion of this investigation.

Det. J. Martinez #658
On 01/23/16, Solano County District Attorney Investigator Aaron Dillion and I met with [redacted] inside a room within the Vallejo Police Department. DA Investigator Dillion and I introduced ourselves to [redacted] verbally identified herself by her name, date of birth and address. I asked [redacted] if she could tell me about the incident that occurred tonight and she related the following in summary:

My conversation with [redacted] was audio recorded. For further information and detail regarding this interview, please refer to the CD that was booked into evidence, 658-2.

She has [redacted] Angel Ramos for awhile, but she has known him for years. On Sunday, she woke up and she went to Angels house around 1300 hours. When she got to his house, she picked him up and they went to get something to eat. After eating, they went to her friend, [redacted] house. They stayed at [redacted] house for approximately one hour. They left [redacted] house and arrived back at Angels house around 2000 hours. She said when they arrived at Angels residence, [redacted] Alesia, [redacted] and two other people were there. She said when they arrived, they were watching tv. She said she was not feeling when so she went into [redacted] room and watched her child. She said she was inside the room the whole night. She said Angel was with her but he would step outside and come back into the room.

She does not know if people inside the residence were drinking. She said she did not smell alcohol on Angel. She said she left the room one time to use the bathroom.

She said she was inside the room and heard an argument inside the residence. She said she heard a whole bunch of people arguing. She said Angel had stepped out of the room to go break up the argument. She said [redacted] came into the room and told her to call the police. She said she could not find her phone, so he did not call the police.

She said [redacted] left the room after she was told to call the police. She said Angel had left the room when [redacted] told her to call the police.

She stayed inside the room looking for her phone. She said it was couple of minutes after Angel left the room that she heard three gunshots. She did not know who was shooting so she grabbed the baby and sat on the floor. She heard the police say come outside. She went out the front door and she did not see any police so she, [redacted] and [redacted] sat in the blue Jeep. She eventually was brought to the Vallejo Police Department.

She does not know of Angel to have any problems with anyone in the house.

Prior to [redacted] leaving, I took photos of her. The photo’s were booked into evidence, 658-1.
This concludes my portion of this investigation.

Det. J. Martinez #658
On 01/23/16, I was assigned to an investigative team with Solano County Deputy District Attorney Investigator Aaron Dillon. We were assigned to interview the reporting party who had provided a telephone number of [redacted]. We were also assigned to contact an unknown reporting party with a listed telephone number of [redacted].

I contacted “Anonymous” via the telephone. I introduced myself to the caller and she related the following in summary:

My conversation with Anonymous was audio recorded. For further information and detail regarding this interview, please refer to the CD that was booked into evidence, 658-2.

Anonymous asked to not have her name involved or be in any police report. She said there was a party going on. She heard arguing going on and it was progressively getting worse. She speculated that the arguing was getting louder and louder and more distressed. She estimated that she heard the arguing for about an hour. She said it sounded like it was getting worse and worse and there was multiple people fighting. She said from her residence, she could see the residence. She said the police arrived in the area and first drove up Buckles Ct. When the police arrived in the area, they began spotlighting the area. She described the house where the disturbance was coming from as the house directly across from Buckles Ct. Once the police arrived at the house she heard Vallejo Police announcing they were present. She heard the sound of the taser and then five gunshots. She heard voices saying get on the ground. She said she saw the police at the residence. She heard a male yelling I’m sorry.

She said she could not see who was shooting. After hearing the gunshots, she continued to hear screaming. She heard female voices say they had kids. She initially thought it was a domestic dispute.

Prior to the police arrival, she said the disturbance was going on for about an hour and then the arguing got louder. She said at one point, she opened the front door and thought she heard sticks. She said she heard the cracking of sticks. She described it as a major rumble, they were brawling. She was thinking that they were going to take it the streets and have a shootout.

This concludes my interview.

DA Investigator Dillon and I contacted [redacted] at her residence. [redacted] While waiting outside, we were contacted by a [redacted].

We asked [redacted] if she heard about what happened last night. She said she heard three or four gunshots. She stayed in the house. She said prior to the gunshots, she heard what sounded like a party going on. She said she does not usually hear to much from the house.

While speaking with [redacted], came outside. I introduced myself along with DA Investigator Dillon. I told [redacted] that we were investigating a shooting and I asked her what prompted her to call. She related the following in summary:

She was arriving home around 1200 hours and she and her husband heard loud voices. They went upstairs and they could hear a female saying please don’t hit me. She heard, I wanna kill you. She could not see the people arguing but she could hear the voices.

Prepared By: MARTINEZ, JASON Date: 01/27/2017
Approved By: IACONO, JOE Date: 02/06/2017
She called the police and the police arrived 15-20 minutes later. Once the police arrived, she heard 5-7 gunshots. She did hear the police say, get down. She also heard the sound of a taser.

She has not heard of any fighting or arguing in the past.

This concludes my portion of this investigation.

Item #49, Status: Evidence
1 Photos Of [redacted] [redacted] And [redacted]

Item #50, Status: Evidence
1 Interviews [redacted] [redacted]. INTERVIEWS [redacted] AND [redacted]
On 01/24/17, I assisted Detective Schillinger with an area canvass surrounding the residence of 1722 Sacramento St. I contacted [redacted] at [redacted]. I asked [redacted] if he had heard anything coming from the residence at 1722 Sacramento St on Monday morning. [redacted] told me he had spoken with an officer that night. He said he was inside his residence in his upstairs office. He said he was in his room between 0000 and 0030 hours when he heard people yelling outside. He said he went downstairs and looked outside and he did not see anything. He said the disturbance outside had stopped and then restarted fifteen minutes later. He said he heard one gunshot. He had no further information.

Item #50, Status: Evidence
1 Interviews [redacted]  INTERVIEWS [redacted] AND [redacted]
OVERVIEW

On Monday, January 23, 2017 at approximately 0130 hours, I was notified by Detective Sergeant Fabio Rodriguez #563 of an Officer Involved Shooting that occurred at 1722 Sacramento Street. The individual who was shot by the Officer expired at the scene.

Sergeant Rodriguez advised that Vallejo Police Department Officers responded to the residence regarding a large fight involving weapons and during the course of the incident, an Officer had to use lethal force (Firearm) against an individual who was holding a knife and standing over the top of another person about to stab that individual who was on the ground.

Sergeant Rodriguez requested that I respond to the scene to process the crime scene and that Senior Police Assistant Stephanie Boursaw #2053 also respond. I then notified P.A. Boursaw and requested that she respond to the scene then to the Vallejo Police Department.

I arrived on scene at approximately 0300 hours and met with P.A. Boursaw and District Attorney Investigator Greg Campbell as well as Patrol Officers who were providing crime scene security. After the walk through, P.A. Boursaw and District Attorney Investigator Campbell responded to the Vallejo Police Department for photographs and collection of the Officer’s Department issued firearm who was involved in the incident.

I then left the scene and responded to the Vallejo Police Department Evidence Section to obtain one of the evidence trucks with some supplies.

I returned to 1722 Sacramento Street at approximately 0400 hours and waited to be advised when the search warrant for the residence was approved and signed. At approximately 0500 hours, I was advised by Detective Sergeant Rodriguez that the search warrant was approved and we could start the processing of the scene.

Soon after, P.A. Boursaw and District Attorney Investigator Paul Wilcox arrived on scene to
begin the collection and processing.

I then began to take measurements of the scene, specifically the outside deck area and the kitchen inside of the residence.

I completed a sketch which included the measurements utilizing a Bosch-GLM 50 laser measuring device serial# 20119775. I completed the sketch and it was later booked into evidence, item 486-1.

Solano County Deputy Sheriffs/Coroner Angie Hendry #1L57 responded to the scene and took custody of the deceased individual and the removal service transported him to the Solano County Sheriffs/Coroner Office for a pending autopsy. Refer to Solano County Coroner case# 2017-0077.

Vallejo Fire Department Medic personnel had pronounced the individual deceased at approximately 0101 hours.

EVENT DESCRIPTION

The scene was located at the rear deck of 1722 Sacramento Street. The residence is a two-story residence. The first floor is just above the street level with steps leading up to the front door and into the main floor of the residence. The second floor is accessed from the hallway with stairs. There is a back deck which is accessed through a door from the kitchen area. The deck has stairs that lead down to the back of the property.

The scene was located on the back deck just outside of the kitchen. The male individual, who appeared to be a Hispanic male adult wearing only shorts in his early twenties, was found face down with his head facing east and his feet facing west towards the door leading to the kitchen.

There was a large amount of blood on the wood deck from the male adult who appeared to have wounds to his upper torso area. There was a bucket of what appeared to be poultry parts spilled over onto the deck and would shavings from a bag spilled onto the deck area as well. It had been raining off and on during the evening an early morning.

I also noticed that there was a Taser probe stuck in the side of the wooden rail fence around the deck on the north side of the deck. The wire was still attached to the end of the probe.

P.A. Boursaw photographed and later collected the probe and wire.
There were two shirts on the deck near the kitchen door, but they did not appear to have come from the male adult on the deck.

Inside the kitchen, there was a red handled steak knife with a stainless steel blade on the floor on the west side of the kitchen area. I also noticed that there was a larger butcher style knife with a red handle and a stainless steel blade on top of some dishes that were in the sink. The butcher knife was at the northwest corner of the sink.

I also noticed that there were two other smaller steak knives with black handles amongst the dirty dishes in the sink that appeared to look as if they had been used and were submerged in water. All of these knives were photographed and collected and later booked into the Vallejo Police Department Evidence Section.

There was also a presence of suspected blood throughout the front living room area and the hallway and into the two of the bedrooms on the main floor. There was also suspected blood on the outside and inside of a small SUV that was parked on Sacramento Street just in front of the residence. Refer to P.A. Boursaw’s report regarding the collection of the suspected blood.

**EVIDENCE COLLECTED**

Refer to P.A. Boursaw’s report for the list of items that were collected and booked into the Vallejo Police Department Evidence Section.

Corporal R.A. Botello  #486

Approved by Lt H. Robinson #331
01-31-2017
On 020317 at approx. 1015 hrs. I responded to VFD Station blank to interview (W)-blank and (W)-blank who are firefighters that were on shift the night of this incident. The interviews were recorded and a copy was booked into evidence. For exact statement, refer to CD. I spoke with blank first, and he told me the following:

blank stated he was working the night of this incident as his job is that of firefighter/paramedic. His Paramedic number is blank. They responded to a fight at 1722 Sacramento St. and were told to stage before entering. When they cleared to enter the scene, VPD officers walked them to the subject that sustained the gunshots on an upstairs patio in the backyard. blank stated he was told the subject had been shot by Vallejo Police Officers.

blank said the subject was pale and laying face down with his head slightly turned to the left. The subject was pale, had no pulse and was not breathing. He connected the four lead heart monitor to the back of the subject, and his heart rate was asystolic, meaning there was no electrical activity occurring in his heart. Based on his heart rate and the fact he had been shot, County policy considers this situation a traumatic code, and County policy dictates they do not perform resuscitation on traumatic codes.

blank said no life saving measures were taken and at that time he declared the subject deceased.

blank did not see any of the gunshot wounds or any other injuries. He saw pooling of blood but could not estimate the volume of blood due to the slats in the wood deck and blood dripping to the floor below.

blank told me once he declared the subject deceased, medics from Medic Ambulance never even came to the patio.

I then spoke with (W)-blank who told me the following:

blank stated they received a call of a fight and a gunshot victim. blank stated he was driving the engine that night. They initially staged and waited to be called up by VPD. They grabbed their equipment off of the truck and walked down Nebraska St. and entered the yard through a gate on that side.

They entered the patio area and he saw the gunshot victim lying face down and his head was in a north easterly direction. He didn't see any injuries on the man but he saw pooling blood.

Nothing further at this time.

Det. R. Greenberg #618
On 1/23/17, I received a phone call from Det. Sgt. Rodriguez regarding an officer involved shooting. Sgt. Rodriguez advised that the incident occurred at 1722 Sacramento Street and the Suspect (later identified as Angel RAMOS) was deceased. Sgt. Rodriguez advised that the Actor was Officer Jacobsen. I was notified that there were numerous witnesses waiting to be interviewed at the Vallejo Police Department. Sgt. Rodriguez advised that the Fatal Incident Protocol had been initiated.

I responded to the scene (1722 Sacramento St.) and met with fellow investigators. I met with Det. Greenberg who provided a brief description of the events he was aware of at the time. Det. Greenberg directed my attention to casings on ground level on the north side of the residence next to a fence which separates the main residence from the detached garage. I donned shoe covers and was walked through the residence via the front door to the rear deck. As I walked through the residence, it appeared to be in a state of disarray. As I approached the kitchen to the rear of the residence, I noted that the rear door leading to the deck was open. On the deck, I could see that there was a yellow medical blanket covering a body. There was blood all over the deck and threshold into the kitchen. I elected to not step foot onto the deck or threshold to the deck.

I responded back to the Vallejo Police Department for a briefing. Det. Greenberg and I were assigned as the lead investigators. We were assigned to Team A with DA Investigator M. Mineni. We were assigned to interview Officer Jacobsen, Officer Samida and (Victim) [redacted] Refer to supplements for further.

End of supplement.

Det. Schillinger #638
MENTIONED: Medic Ambulance  

On 3/7/17, I spoke with Medic Ambulance who informed me that he reached out to the Paramedics assigned to the Medic Ambulance units & . These were the two units which responded to the scene. said he spoke with from Unit and from Unit. Both advised that neither they, nor their respective EMT partners (Unit ) and (Unit ), entered the crime scene, tended to the patient, or even saw the patient.

advised that they had no additional information to provide.

End of supplement.

Det. Schillinger #638
On 5/30/17, I received the Coroner report for Angel RAMOS. I reviewed the Toxicology report which states that RAMOS had a 0.26 grams-% Blood Ethyl Alcohol. No other drugs were detected during the screening. Refer to Coroner report for further details.

Det. Schillinger #638
I reviewed evidence item # 638-7 which contains Axon video footage. Specifically, I reviewed the file labeled "1722_Sacramento.mp4". The video is from a body worn camera. In the video you can hear Officer Jacobsen yell, "back up police, backup". There is obvious background noise which consists of numerous people talking making it sound overall chaotic. As the video progresses, you can hear an Officer continue to give loud verbal commands, "back up", "everybody get down", "backup", "police department, get down", "hands" then followed by a woman's voice yelling, "help me" then followed by gunfire. After the gunfire you can hear a male's voice constantly screaming, "help me, help, help". Based on the numerous voices heard in the background throughout the incident, the voices for the most part are indiscernible and the scene is overall chaotic throughout the video.

Refer to video for further details not listed in this brief summary.

Det. Schillinger #638
I reviewed evidence item 638-7 file "602-1.mp4". This video is from Cpl. Scott's body worn Axon camera. In part, it depicts Cpl. Scott arrive at the residence and initially approach the Nebraska side of the residence near the fence line and garage. From that position, the video pans upward toward the elevated deck and there appears to be a silhouette of a subject in the doorway which leads from the deck to the kitchen. Numerous indiscernible voices coming from the deck can be heard. Verbal commands from an Officer similar to, "backup" and "hands" can be heard over the volume the voices coming from the deck. The scene appears to be overall chaotic. As Cpl. Scott moves from the Nebraska side of the house toward the front of the house on the Sacramento St. side, gunfire can be heard.

Cpl. Scott is part of the team which approaches the elevated deck first. When he arrives on the deck, people are laying down on the deck screaming, yelling and not complying with officers orders. The scene continues be chaotic and the persons on deck are and eventually handcuffed and escorted off the deck.

This is merely a summary refer to video for further.

Det. Schillinger #638
San Mateo Crime Lab report overview:

-Angel Ramos' DNA typing was present on the steak knife with a red handle (Lab ID# 178380A1) and the red handled butcher knife (Lab ID# 178380D1) that were recovered from the scene.

- Bullets removed from Angel Ramos were compared to the test fires from Officer Jacobsen's duty pistol and found to be matching.

Refer to San Mateo Laboratory reports for further. Reports attached.
