

## NOTICE

Public Works - Marina

---

**DATE:** May 20, 2016  
**TO:** Marina Berthers  
**FROM:** Fiona Strykers, Assistance Public Works Director - Maintenance  
**SUBJECT:** **BERTH RATE INCREASE**

### Attention All Berthers,

A study was recently conducted to review services provided and fees charged by local comparable marinas. Based on the results of that study, a new rate schedule is being proposed to Vallejo City Council on May 24, 2016. This will be the first increase at the Vallejo Municipal Marina in seven years, although operation costs have continued to rise. Berthers are welcome to attend this City Council Meeting.

Upon approval by City Council new berth rates will be implemented on July 1, 2016.

Berthers will be provided official 30-day notices upon approval of the rate increases. Please visit the Marina office to review the proposed rate/fee schedule.
