**CITY OF VALLEJO LAUNCHES CITYWIDE RECYCLING REWARDS INCENTIVE PROGRAM**

Vallejo, CA – On November 15, in recognition of National Recycling Day, the City of Vallejo launched a year-long citywide Recycling Reward Incentive Program. The program is intended to increase both residential and commercial recycling. This citywide incentive program requires residents, multi-family dwellings and businesses to properly recycle in order to be eligible to be rewarded. The program will give participating residential garbage customers an opportunity to possibly be rewarded with one of twelve “packages” of a year of free garbage service. In addition, multi-family dwellings and businesses will be eligible to receive \$1,000 off their garbage bill, and are eligible to win more than once.

Vallejo residents are eligible by completing and submitting an [entry form](#) or a [postcard](#) to the attention of the City’s Recycling Coordinator, [Derek Crutchfield](#). The postcard or entry form also grants the City’s Recycling Coordinator permission to go through the applicant’s trash and recyclables. To keep the program fair and equitable, postcard or entry forms must only have the applicant’s address and garbage service day. Entries received with a name will be disqualified. In addition, the participant’s garbage bill must be in good standing, and/or, current.

An address will be randomly selected each month and the City’s Recycling Coordinator will arrive at the address on the entry form, unannounced, on garbage day and recycling day. If the recyclables are sorted properly and there are no recyclables in the trash, the address will receive one of the twelve incentive rewards. Residents, multi-family dwellings and businesses are allowed to enter as often as they like.

Questions and inquires may be directed to Derek Crutchfield, Recycling Coordinator at (707) 648-5346 or via email [Derek.Crutchfield@cityofvallejo.net](mailto:Derek.Crutchfield@cityofvallejo.net).
