There have been updates to the Street Paving List for FY 16/17 due to increased street-related Capital Improvement Projects (CIP) in the Fiscal Year, as well as **the unanticipated** cost of repairing the damages stemming from the extremely wet winter we have experienced. Those streets that were struck from this list will be deferred to the next Fiscal Year.

There are many factors that go into creating a proposed paving list each Fiscal Year. As such, there may be changes to the list throughout the year. We will do our best to keep this list updated. Please contact the Street Maintenance Supervisor at (707) 648-4330 if you have any questions about this proposed list.
