CITY COUNCIL GOALS

The Vallejo City Council held an all-day team building exercise on July 25, 2026, at the Masonic Event Center. This meeting was open to the public by in person presentation. The teambuilding was facilitated by Jacob Green and Associates, Inc. Per Council direction, the previously adopted goals will remain unchanged and will be carried forward as the Council's priorities for Fiscal Year 2026–2027.

The Council Fiscal Year 2026-2027 Multiyear Community Goals and priorities:

CCG-1

Public Safety

Goal: Vallejo is a safe environment for living, working and playing

Critical Focus: Rebuilding the police department and public trust in the police

- Street calming safety
- Fully staffed police, fire & city staff

CCG-2

Efficient, Effective, and Responsive Government

Goal: Vallejo has the capacity and resources to effectively implement Community and Council goals in a way that is sustainable over the long term

Critical Focus: Increased efforts in communication, outreach, and strengthening organizational principles

- Quarterly city strategic planning for large issues too big to discuss at Council meetings with a set date each quarter
- Improve communication of the status of properties, development and businesses
- Provide training and workshops to Council & the Community on how to use an indexing system to view staff reports
- Community input, increase community attendance/participation

CCG-3

Economic Development Strategy

Goal: Vallejo has a supportive infrastructure for retaining and attracting businesses and a stable local economy to the benefit of all

- Adopt ordinance restricting commercial vacancies with increasing costs for failure to comply overtime
- Ordinance for short term rentals / Air BnB
- Retain and attract business in neighborhood commercial areas

CCG-4

Housing / Unhoused Response

Goal: Vallejo has adequate housing and resources for all

Critical focus: Addressing homelessness

- Develop safe camping area for unhoused people, cars, RVs & tents
- Access grant funding: explore shared housing models and tiny homes concept
- Cooperation with County Programs

CITY COUNCIL GOALS

CCG-5

Youth Development

Goal: Vallejo is a City where young people thrive

- Partner with regional success programs
- City will assist with identifying and partnering to create accessible and sustainable resources and programs for mental health, social emotional learning, and academic achievements
- Collaborate and support efforts to provide arts, trade & vocational schools in Vallejo

BUDGET ADDENDUM

OVERVIEW

The City of Vallejo Proposed Budget for FY 2026-2027 was provided to City Council on May 14, 2026 and published to the City's website. On June 9th and 23rd, 2026, the City Council held a public hearing on the proposed budget, and after review and deliberation, the City Council adopted and approved the budget.

PROPOSED CHANGES FROM ADOPTED BUDGET SINCE MAY 14, 2026

The budget amendments approved in Resolution 26-115, as outlined in Attachment B, Exhibit 1, are detailed on the following page.

BUDGET MESSAGE

Office of the City Manager • 555 Santa Clara Street • Vallejo • CA • 94590

September 14, 2026

Dear Mayor, City Council, and Vallejo Community –

I am pleased to present the City of Vallejo's Adopted Fiscal Year (FY) 2026-2027 Operating and Capital Budget.

This budget was developed under challenging circumstances. The City entered the process facing a significant structural deficit that required immediate and deliberate action. The City Council provided direction, and staff responded with a combination of ongoing expenditure reductions, one-time balancing measures, and tighter fiscal controls. The adopted budget reflects those decisions and establishes a responsible framework for the year ahead.

The FY 2026-2027 adopted budget satisfies Article VII, Section 701 of the Municipal Code's annual balanced-budget requirement; however, it is not structurally balanced. Ongoing revenues remain insufficient to support the City's ongoing cost structure without expenditure reductions and reliance on one-time resources. General Fund revenues remain largely flat while the cost of labor, contracts, utilities, insurance, and other essential services continues to rise. Accordingly, this is not a status quo budget. The budget generally reduces departmental services-and-supplies appropriations by 20%, subject to operational and contractual exceptions. These actions were necessary, but they do not eliminate the City's longer-term fiscal imbalance.

Even within these constraints, the budget preserves core municipal services and supports key public-safety and community priorities, including violence-reduction efforts and expanded Police Department community engagement.

During the coming year, we will continue improving how the City communicates with residents and businesses, while closely examining how services are organized and delivered. Every department will be expected to pursue greater efficiency, stronger accountability, and measurable results.

Adopted FY 2026-2027 General Fund revenues total approximately \$138.68 million, excluding Measure P. Measure P is projected to generate approximately \$18.42 million, bringing total General Fund resources to approximately \$157.10 million (See chart below). Most underlying revenue sources are expected to remain flat or decline. Planning and Development Services revenues were below prior expectations. Staff will monitor whether operational improvements and the updated fee schedule produce the anticipated revenue recovery.

BUDGET MESSAGE

Additional details regarding each General Fund revenue source is provided in the budget document.

The City's baseline expenditure continues to increase because of inflation and rising labor and contractual costs. To help balance the budget, the City has reduced most services and supplies by 20%, adjusted leave-payout assumptions, used the Other Post-Employment Benefits trust to fund retiree health obligations, and continued the practice of making the annual CalPERS unfunded accrued liability payment to obtain the available discount. The budget also relies on approximately \$5.27 million in projected FY 2025-2026 year-end surplus- all decisions which do not provide an ongoing solution to the City's structural imbalance.

Adopted General Fund expenditures total approximately \$143.95 million and approximately \$12.32 million in approved Measure P appropriations (See chart below). Additional expenditure details are contained in the budget document.

BUDGET MESSAGE

Housing and Community Development continues to face financial pressure from restricted grant funding and reduced federal administrative revenue. Staff will closely monitor program utilization, staffing, and any potential need for additional General Fund support during the fiscal year.

The adopted budget allocates approximately \$6.80 million in new funding for ongoing and newly initiated capital projects. Funding includes \$1.0 million from the General Fund, \$1.3 million from the Gas Tax/Highway Users Tax Account, \$3.5 million from the Road Maintenance and Rehabilitation Account, and \$1.0 million from Measure P. These appropriations support pavement improvements, pedestrian and traffic-safety enhancements, public-building repairs, street-signage upgrades, and traffic-calming projects. The Public Works and Water Departments will separately present the complete Five-Year Capital Improvement Plan.

The Municipal Code provides for a five-year strategic and financial plan that is reviewed and updated annually. The City has initiated development of a comprehensive long-range financial plan, supported by an updated ten-year forecast. This work will identify the full cost of providing essential services and evaluate options for aligning those services with sustainable revenues.

The adopted budget provides a responsible framework for the coming year, but it does not resolve the City's structural imbalance. The work ahead will require disciplined expenditure management, close monitoring of revenues, transparent reporting, and development of a credible long-range financial plan. I appreciate the City Council's direction, the community's engagement, and the work of the Finance Department, the City Manager's Office, and every department that contributed to this budget.

Sincerely,

A handwritten signature in black ink that reads "H. E. Black".

Harry E. Black

City Manager

BUDGET AND FINANCIAL POLICIES

BUDGET OVERVIEW

The City of Vallejo operates on a fiscal year that begins July 1 and ends June 30 of the following year. The annual budget process is coordinated by the City Manager's Office and the Finance Department, with support from all operating departments. Budget preparation takes place between January and June and concludes with the City Council's adoption of the annual budget.

At least 45 days before the start of each fiscal year, the City Manager submits a budget to the Council, outlining proposed expenditures and estimated revenues. This includes a General Fund "balanced budget," ensuring that proposed expenditures do not exceed estimated revenues. Revenue estimates account for any surpluses carried over from the current year into the new budget cycle.

A public hearing is held to review the proposed budget, including all appropriations and funding sources. The City Council adopts the budgeted expenditure through a resolution, which sets the maximum authorized spending for the year. This amount cannot be exceeded unless amended by the City Council.

Any amendments to the adopted budget during the fiscal year require a two-step process: a Notice of Intent followed by City Council approval to amend the budget. Budget adjustments may occur throughout the fiscal year, with a comprehensive review typically conducted during the mid-year budget review process by staff and approved by the City Council.

BUDGET DEVELOPMENT PROCESS

The City's budget is developed through a collaborative and iterative process involving the City Council, community, and City staff. This process follows an "incremental" budgeting approach, meaning the upcoming year's budget is based on the current year's budget with incremental adjustments.

The budget development process includes the following steps:

- The annual budget cycle begins with the development of budget instructions and calendar.
- The Finance Department uses the current budget, including any adjustments approved by the City Council, and reducing it for any one-time revenues and expenditures, as the starting point.
- The Finance Department prepares a baseline budget for the upcoming year by incorporating ongoing revenues and expenditures from the current budget while factoring in known or anticipated changes, such as projected revenue fluctuations, inflation, changes in indirect rates, and adjustments to labor agreements and contractual obligations.
- Departments review and verify the assumptions and changes included in the baseline budget.
- Departments submit requests for modifications to the baseline budget, such as funding for special projects or enhanced service levels.
- The Finance Department and City Manager evaluate department requests and develop a Preliminary Proposed Budget for City Council review.
- The Finance Department incorporates Council feedback and prepares a Revised Proposed Budget for further consideration.
- The City Manager and Finance Department finalize any remaining adjustments and submit the Final Proposed Budget to the City Council for adoption.

BUDGET AND FINANCIAL POLICIES

LEVEL OF BUDGETARY CONTROL

The City maintains budgetary controls through the City Council's adoption of an annual budget and by maintaining an encumbrance accounting system. Expenditures for City operations and other purposes identified in the annual budget cannot legally exceed the budgeted amounts approved by the City Council. The City Manager may transfer part or all of any unencumbered appropriation balance among programs within a department, office, or agency by resolution to the City Council.

Budgetary control is established at the following levels: a) General Fund – Department level; b) Other Funds – Fund level; and Capital Projects – at Department level with City Manager signature approval. The City Manager may authorize line-item budget transfers within a General Fund department or within a fund other than the General Fund, consistent with the City Charter, the Vallejo Municipal Code, and budget resolution.

While ultimate budgetary control resides at the fund level, the City has adopted several appropriation and transfer procedures to ensure strong internal controls while promoting accountability and administrative flexibility. All budgetary transfers require review and approval by the Finance Director or their designee. Additionally, any transfers affecting salaries and benefits require review and approval by the City Manager or their designee.

The City also employs encumbrance accounting as an additional method for maintaining budgetary control. An encumbrance signifies a commitment of future expenditures for a specific purpose, thereby reducing the available budget for general spending. At the end of the fiscal year, encumbered appropriations, along with those for ongoing capital projects and multi-year operational projects, grant-funded projects and unspent OPIOID settlement funded projects are carried forward into the following year's budget.

BASIS OF BUDGET AND ACCOUNTING

The City's budget adheres to the standards established by the Governmental Accounting Standards Board (GASB), the California Society of Municipal Finance Officers (CSMFO), and the Government Finance Officers Association (GFOA). It is adopted on a basis that is substantially consistent with Generally Accepted Accounting Principles (GAAP), with the following exceptions:

- Principal payments on long-term debt within the Proprietary Funds are applied to the outstanding liability on a GAAP basis but are expended on a Budget basis.
- Capital Outlay within Proprietary Funds are recorded as assets on a GAAP basis and expended on a Budget basis.
- Depreciation expense is recorded on a GAAP basis only.

The City's accounting policies conform to GAAP, and its financial accounts are organized based on funds, each treated as a separate accounting entity. Fund accounting is used to segregate resources by purpose, helping management demonstrate compliance with financial, legal, and contractual obligations.

All governmental funds (including General, Special Revenue, Capital Projects, Debt Service, and Permanent Funds) are accounted for using the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Revenues are recorded when received in cash,

BUDGET AND FINANCIAL POLICIES

except those revenues subject to accrual (generally 90 days after year-end), they are recognized when due. Expenditures are recorded in the accounting period when the liability is incurred.

Proprietary funds (including Enterprise and Internal Service Funds) are accounted for using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized when the liability is incurred.

BUDGET POLICIES

BUDGET DEVELOPMENT PRINCIPLES

When planning and preparing the annual budget, the City makes strategic fiscal decisions to sustain its long-term health and stability. The City Manager's budget recommendations align with the City Council priorities and following guiding principles:

- A balance between public safety, infrastructure maintenance and quality of life services helps to ensure a livable community.
- Reducing capital project funding to support operating activities sacrifices the community's long-term interests.
- Continuous investment in technology, systems and equipment is needed to improve organizational efficiency, especially when staffing levels are reduced.
- To minimize staff turnover and maintain City productivity, compensation levels should be maintained in line with the labor market, to the extent available resources permit.
- Program cost recovery should be maximized, including General Fund indirect costs allocated to other funds, to reduce the need for program reductions.
- Additional revenue sources and grants should be sought to augment City resources, provided that local match requirements and maintenance of effort provisions are not unsustainable over time.
- Quality economic development with higher-paying jobs should be promoted to expand the City's revenue base and provide a net resource gain.
- The budget must provide for accountability, internal controls and long-term financial stability.
- The budget assumes existing service levels and City Council approval is required for significant changes.

BALANCED BUDGET

The City shall strive to align resources with expenditure appropriations. A balanced budget requires that total expenditures within a fund do not exceed the sum of its revenues and beginning fund balance. The ending fund balance must always remain positive, as a negative fund balance indicates an unbalanced budget.

BUDGET AND FINANCIAL POLICIES

GENERAL FUND UNASSIGNED FUND BALANCE

The City shall strive to maintain an unassigned General Fund balance of at least two (2) months' worth of total General Fund expenditures. This minimum reserve, as recommended by the Government Finance Officers Association (GFOA), helps preserve the City's creditworthiness and ensures sufficient resources for economic and legislative uncertainties, cash flow needs, and contingencies.

If the unassigned fund balance falls below this threshold, the Finance Director shall submit a replenishment plan to the City Council, outlining funding sources and a timeline. Whenever possible, reserves should be restored within three years.

GENERAL FUND UNRESTRICTED YEAR-END SURPLUS

At the end of each fiscal year, the Finance Department shall assess the General Fund to determine whether an unrestricted surplus exists. If a surplus is identified, the City Manager shall evaluate financial priorities, strategic goals, and economic conditions and make recommendations to the City Council regarding the use of surplus funds.

PURSUIT OF NEW REVENUES/MAXIMIZING USE OF NON-GENERAL FUND REVENUES

City departments shall actively pursue new revenue sources that align with their objectives. Non-General Fund revenues should be prioritized before using General Fund resources to support programs.

REVENUE PROJECTIONS

Revenue projections shall be prepared objectively using a conservative approach to ensure that actual revenues are unlikely to fall below budgeted levels.

PENSION COST BUDGET SAVINGS

The Finance Department shall assess the funding required for annual pension contributions to determine projected savings from prepaying CalPERS unfunded liability payments and pension cost savings from vacancies. If savings are identified, the City Manager shall review financial priorities, strategic goals, and economic conditions and make recommendations to the City Council on the allocation of these funds.

USE OF "ONE-TIME" FUNDS

One-time revenues shall be allocated only for one-time expenditures. Ongoing operating costs should not become overly dependent on cyclical or one-time revenue sources. During economic downturns or state funding reductions, one-time funds or reserves may be used to facilitate operational transitions and restructuring.

LONG-TERM FINANCIAL PLANNING

The City shall prepare a five-year financial plan for the General Fund and Capital Improvement Program (CIP) annually. This long-term approach provides early warnings of financial challenges, enables timely budget adjustments, and prevents short-term decision-making. The five-year General Fund plan shall use realistic revenue estimates and include a discussion of forecast risks and key assumptions underlying major revenue and expenditure items.

BUDGET AND FINANCIAL POLICIES

CAPITAL PROJECTS

Capital project appropriations shall remain in effect until the project is completed or modified in a subsequent budget. Only funds, not individual capital projects, shall accrue interest. Due to the volatility of development-related revenues, capital projects funded by these sources may be delayed if revenue collections fall below projections.

MULTIYEAR OPERATIONAL AND GRANT-FUNDED PROJECTS

The City Manager is authorized to carry over unspent appropriations for active grant projects into the following fiscal year. The City Manager may also carry over unspent appropriations for multiyear operational projects (MYOPs) and donation funds into the following fiscal year.

SELF-INSURANCE RESERVES

The City shall maintain reserves, supplemented by purchased policies, sufficient to cover property, liability, workers' compensation, and other insurance risks. Liability and workers' compensation reserves should be maintained at a minimum 75% confidence level for expected future losses, based on the latest actuarial study. If reserves fall below the 50% confidence level, contributions should be increased. Actuarial studies shall be conducted every two years.

TECHNOLOGY, VEHICLE AND EQUIPMENT REPLACEMENT/MAINTENANCE

The City shall strive to maintain adequate funding for the systematic replacement of technology (including computers, radios, telephones, internet/website enhancements, and video equipment), vehicles, and heavy equipment. Replacement decisions shall be based on lifecycle cost analysis. Internal service rates shall be updated annually to ensure departmental charges cover equipment replacement and maintenance costs.

FACILITY MAINTENANCE

The City shall strive to maintain revolving funds to support pay-as-you-go funding for preventive maintenance and major repairs to City facilities, reducing the long-term costs of deferred maintenance.

ENCUMBRANCES

All encumbrances for valid purchase orders and contracts in effect as of June 30 shall carry over into the following fiscal year. The City Manager is authorized to adjust budget appropriations to reflect these outstanding encumbrances. The City Council shall reappropriate encumbrances in the same amounts and accounts as they existed on June 30.

FINANCIAL MANAGEMENT POLICIES

CASH MANAGEMENT AND INVESTMENTS

The Director of Finance, in coordination with the City's investment advisors, shall invest City funds on a pooled basis in accordance with the City's Investment Policy and applicable federal, state, and local laws governing public fund investments. Investments shall prioritize (1) safety, (2) liquidity, and (3) yield, while meeting the City's daily cash flow needs. As outlined in the Investment Policy, interest earnings from operating funds are allocated proportionally based on invested balances.

BUDGET AND FINANCIAL POLICIES

DEBT MANAGEMENT

This policy establishes guidelines for the governance, management, and administration of the City's debt. It complies with California Government Code Section 8855(i) and any successor statutes, governing all debt considered or incurred by the City.

PURCHASING

This policy defines responsibilities for purchasing supplies, services, and equipment, establishes purchasing authority levels, and specifies when City Council approval is required.

COST RECOVERY THROUGH FEES

Departments shall use fees to recover costs where reasonable after exploring all cost-saving measures. Fees must have statutory authorization and City Council approval. Where legally permissible, fees should cover the full or fair share of direct and indirect costs so that service users bear the costs rather than the general taxpayer. Programs funded by service charges, fees, grants, and special revenue sources should pay their fair share.

COST ALLOCATION PLAN

The cost allocation plan ensures the fair distribution of costs from central support departments to the departments, cost centers, and funds that receive services. The City shall maintain and regularly update this plan to recover indirect costs from City funds, outside funding sources, maintenance districts, and fee-supported programs. The Cost Allocation Schedule is updated annually.

GRANTS

Grant funding shall primarily be used for capital projects or one-time expenses to leverage City funds. The City must evaluate the impact on the General Fund, including local match requirements and ongoing costs after grant funds expire. Any new grant requiring matching funds or long-term commitments must be reviewed by the City Manager before submission. When applying for grants for ongoing programs, departments must ensure sustainable funding. To the extent legally possible, grant applications should include full costing, including overhead and indirect costs. Unless long-term funding is secured, new staff should not be added for grant-supported programs. If necessary, limited-term positions should be used.

DONATIONS

The City Manager is authorized to accept on behalf of the city: a) cash donations for specific purposes, to be expended in accordance with the donor's intent, and b) in kind/non-cash donations that contribute to the effective delivery of City services.

SHORT-TERM INTERFUND-BORROWINGS

The City Manager is authorized to transfer cash to support funds with a negative cash balance, provided the borrowing is repaid within one year.

INVENTORY AND ACCOUNTS RECEIVABLES

The City Manager is authorized to conduct physical inventories, assess receivables for collection, and reconcile financial records accordingly.

BUDGET AND FINANCIAL POLICIES

TRAVEL AND BUSINESS EXPENSES

This policy establishes guidelines for reimbursing city employees for necessary and reasonable expenses incurred while conducting official city business.

EMPLOYEE COMPENSATION

The City's employee compensation plan aims to attract and retain highly qualified individuals capable of delivering exceptional service within a streamlined organization. The City is committed to offering competitive compensation based on its financial capacity. For details on memorandums of understanding (MOUs) for employee bargaining groups and agreements for unrepresented employees and executives, visit the Human Resources section of the City's website.

PERSONNEL PRACTICES

The City Manager may propose amendments to the classification plan for Council adoption during the budget year. The City Council must approve salaries for new classifications and any salary increases in the current classification plan. However, the City Manager or a designated representative may, without separate Council approval, assign employees to existing classifications, reclassify positions, or promote employees within established pay steps.

FINANCIAL SYSTEMS

The City's accounting and financial reporting systems will comply with all State and Federal laws, generally accepted accounting principles (GAAP), and the standards of the Governmental Accounting Standards Board (GASB) and the Government Finance Officers Association (GFOA). Internal controls will be in place to continuously monitor revenues, expenditures, and program performance.

AWARDS & COMMENDATIONS

GOVERNMENT FINANCE OFFICERS ASSOCIATION (GFOA)

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City for its annual budget for the fiscal year beginning July 1, 2025. To receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, operations guide, financial plan and a communications device.

The award is valid for a period of one year. This is the tenth consecutive year the City of Vallejo has earned this honor. We believe our current budget continues to conform to program requirements and will be submitting it to GFOA to determine its eligibility for another award.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

**City of Vallejo
California**

For the Fiscal Year Beginning

AWARDS & COMMENDATIONS

CALIFORNIA SOCIETY OF MUNICIPAL FINANCE OFFICERS (CSMFO)

The City of Vallejo is proud to have received the California Society of Municipal Finance Officers (CSMFO) “Operating Budget Excellence Award” for the City’s Fiscal Year (FY) 2025-2026 Adopted Budget. This is the tenth consecutive year the City of Vallejo has earned this honor.

The CSMFO Budget Awards Program is designed to recognize those agencies that have prepared a budget that not only meets standard requirements but also goes ‘above and beyond’ to include additional information, graphics, and ease of use features to create a more engaging and informative financial document.

CSMFO is California’s premier statewide association for government finance professionals, with Chapters located throughout the State. CSMFO seeks to improve the knowledge, skills, and performance of individuals responsible for local government fiscal policy and management. Through an impartial review, the City’s FY 2025-2026 Budget was judged to meet the high standards of the CSMFO program.

The City is very proud of this achievement, which is an acknowledgement of the City’s continued improvements in transparency, financial reporting, and progress toward the goal of creating more accessible, engaging, and readable financial reports.

HISTORY OF VALLEJO

THE RANCHERO OF MARIANO G. VALLEJO:

In **1775**, Spanish explorers found the Carquinez Straits, which they christened “Puerto de la Asuncion de Nuestra Senora” ... Port of Our Heavenly Lady. No improvements were made to the site until it was deeded as part of Rancho Soscol to General Mariano Guadalupe Vallejo in **1844**. Vallejo named Mare Island in honor of his favorite horse that survived drowning in the Carquinez Strait by swimming to the island.

VALLEJO THE MAN BEHIND OUR CITY NAME:

General Mariano Guadalupe Vallejo; born on **July 7, 1808**. At the age of 15 he became the personal secretary to Governor Arguello. In early **1824**, Mariano Vallejo was a cadet in Monterey's military service and by **1829** became second lieutenant. In **1830**, he became military commandant of the San Francisco Presidio. In **March 6, 1832**, he married Francisca Benicia Carrillo and he died in Sonoma **January 18, 1890**, at the age of 82 and was buried in the Sonoma Mountain Cemetery.

BRIEF CITY OF VALLEJO EARLY HISTORY:

Prior to the 1830's, the City of Vallejo was inhabited by the Suisun and Karkin Native American. In **1835**, Mariano Guadalupe Vallejo established several land grants. One of these grants, the Rancho Suscol, included the area where the cities of Vallejo and Benicia are now located. Chief Solano, the leader of the Suisun Native American and General Vallejo formed an alliance that allowed the region to remain inhabited by Native Americans until the **1840's**. In **1843** Vallejo was part of the 84,000-acre Rancho Suscol Mexican land grant to General Mariano Guadalupe Vallejo. Vallejo served as home to several Native American tribes including the Coastal Miwoks, the Suisunes and other Patwin tribes. There are three confirmed Native American sites located on Sulphur Springs Mountain above Blue Rock Springs Park.

In late **1846**, General Vallejo granted Robert Semple 5 square miles on the Carquinez Straits to build a city, Benicia, named after the General's wife. In **1847**, Vallejo transferred Benicia to Thomas Larkin. In early **1849**, Vallejo, Semple, and a few others established a legislative council in northern California. General Vallejo was elected to this council. Vallejo was chosen from the Sonoma district. Vallejo served on finance, elections, and translation committees. On **November 13, 1849**, the California voters approved the constitution of California and General Vallejo was voted one of the first state senators. On **September 9, 1850**, Congress accepted the constitution and California was admitted as the 31st state. General Vallejo donated 156 acres of his land and the sum of \$370,000 to create City of Vallejo. The City was founded in **1851** by John B. Frisbie. General Vallejo granted him power of attorney of the land grant after he married his daughter Epifania. In **1852** the City of Vallejo becomes the first permanent seat of the newly established state of California.

VALLEJO SERVED AS CAPITAL OF CALIFORNIA IN 1852 & 1853:

Vallejo served as California's state capital in **1852** for one week, and again in **1853** for one month. The capitol building was located near the corner of York and Sacramento Streets - today the location of the new downtown transportation facility. In **August 1859**, the old capitol building was destroyed by fire.

TRANSPORTATION

In **1867**, the California Pacific Railroad built a railroad from Vallejo to Sacramento, allowing passengers to travel via steamboat from San Francisco to Vallejo, then by rail to the state capitol and connection with the transcontinental line.

HISTORY OF VALLEJO

The world's largest train ferries ever built to carry passengers and freight trains across the bay, Solano and Contra Costa, operated across the Carquinez Straits from **1879 to 1930**.

CARQUINEZ BRIDGE

From **1923-1927** Carquinez Bridge was constructed. In **2003** a new westbound span opened, and the original **1927** bridge was demolished.

HOUSING

The City's population tripled from **1939 to 1945** from approximately 30,000 residents to nearly 90,000. By late **1944**, nearly 11,000 people were living at Chabot Terrace, located north of present-day Highway 37 and east of Broadway.

In **1894**, The city-owned waterworks began operation. George Wilson commissioned San Francisco architect Julia Morgan to design a home on Capitol Street (1909), while Vallejo architect William A. Jones built his home at 403 Alameda Street (1912). Eastern Georgia Street was home to professionals as doctors, lawyers, and businessmen. Western Georgia and the surrounding streets became Vallejo's downtown which included the Vallejo City Hall (1927), the Empress Theater (1911), the Masonic Temple (1917), and the Vallejo YMCA (1919).

FIRST NAVAL INSTALLATION ON THE WEST COAST

In **July 1852**, the U.S. Congress purchased Mare Island for \$83,410 for use as a naval shipyard, and on **September 16, 1854**, Mare Island became the first permanent U.S. naval installation on the West Coast. The *Saginaw* was the first of over 500 ships built at Mare Island Naval Shipyard during its 142-year history. In **1859**, the steam-powered sidewheeler was launched. In late **1910**, Mare Island built the first Navy aircraft landing deck. The collier *Jupiter* was launched at Mare Island in 1912 and was the first electrically driven ship in the U.S. Navy. The *USS Mariano G. Vallejo* launched on October 23, 1965. The shipyard went on to build

a total of 17 nuclear-powered submarines

During the Civil War Lincoln authorized \$50,000 for construction for Mare Island's first Marine Barracks and Hospital.

The Navy's first interdenominational chapel was built for \$5,000 and its first service on **October 6, 1901**. It is the oldest Naval Chapel in the Pacific. In the spring of **1996**, the shipyard officially closed its doors. Mare Island plans to become an industrial, commercial, and residential centerpiece for the city.

THE FUTURE...

As the city entered a new millennium, General Mariano Vallejo, John Frisbie and the contributions of Mare Island can still be seen in Vallejo today, along with twentieth-century development in downtown Vallejo of the Empress Theatre and new waterfront development. As Vallejo continues to move into the future, we must not forget our past.

A strong economy, affordable housing, input from residents and new redevelopment will continue to provide Vallejo with prosperity and a brighter future.

CITY PROFILE

The City of Vallejo is in Northern California, 30 miles northeast of San Francisco, 60 miles southwest of Sacramento, 70 miles north of Silicon Valley, and 385 miles north of Los Angeles.

The City of Vallejo is a municipal corporation under the laws of the State of California. Vallejo is in Solano County in Northern California, and the city operates under a Charter that was initially adopted in 1911 and last amended in November 2013. The Charter provides for a Council-Manager form of government in which the City Manager recommends policy, program, and budget priorities to the City Council, which develops legislation and policies to direct the city.

Vallejo is the largest city in Solano County and the tenth most populous city in the San Francisco Bay Area, with approximately 122,000 residents. Vallejo is home to the Mare Island Naval Shipyard, the first United States Naval base on the Pacific Ocean. The shipyard began building ships, producing more than 500 naval vessels, overhauling and thousands more before the bases' closure in 1996.

Vallejo is also home to several well-acclaimed higher-education campuses, Touro University, a private non-profit health professions graduate school; the California State University Maritime Academy, the only maritime academy on the West Coast; and the Vallejo Center campus of Solano County Community College.

Vallejo is the residence of Six Flags Discovery Kingdom, formerly known as Marine World Africa USA, and is a marine and wildlife theme park with various amusement rides. The park opened its gates in 1986 and continues to draw countless visitors to the area, boosting the local economy.

Housing prices in the Bay Area were still some of the highest in the country. However, Solano County remains one of the most affordable, with Vallejo being one of the most active markets in the Bay Area. Vallejo has continuously been in the County's top 10 regional housing markets, surpassing the San Francisco-Oakland-Hayward area in sales and search volumes. With direct, high-speed ferry access to downtown San Francisco, BART links, and a 15-minute drive to downtown Napa, Vallejo is a prime location for families and businesses to thrive. Vallejo is also emerging as a commuter hub, as it is home to the busiest Ferry terminal in the Bay Area, with more than 1.2 million riders a year. As people become more aware of the impacts of their carbon footprint, the popularity of the Ferry as a commute source continues to grow annually.

The Waterfront and Mare Island redevelopment has become a community effort, with input from residents helping shape the future of what could become the most important economic generator of the City. The City's Ferry Terminal and ferry service have served as a model for the rest of the Bay Area, helping make Vallejo a transportation and commuter hub for the North and East Bay.

Vallejo is also home to a large art community and hosts unique attractions such as the Mad Hatter Festival, notable local restaurants, and a year-round Downtown Farmer's Market, making Vallejo the vibrant community it is today.

CITY STATISTIC & DEMOGRAPHIC

POPULATION: 123,287

City of Vallejo is growing! A lower cost of living makes Vallejo an ideal location for younger, educated, and family-oriented people to call home.

DIVERSITY:

City of Vallejo is the most diverse city in the bay area.

EDUCATION:

With over a dozen local colleges and universities offering advanced manufacturing degrees and trade programs; our residents are well-trained and ready to work.

VALLEJO ACCOMPLISHMENTS & EVENTS

REBUILDING PUBLIC TRUST IN VALLEJO POLICE DEPARTMENT

The department improved public safety through targeted enforcement, technology, and community engagement. The Problem-Oriented Policing Team addressed major crimes and partnered with CHP to reduce sideshows, while an agreement with the Sheriff's Office enhanced patrol visibility. Investments in Flock plate readers, mobile cameras, and gunshot detection supported a high homicide clearance rate. Officers engaged the community through 100+ events, relaunching the Community Academy and expanding Neighborhood Watch.

VALLEJO FIRE DEPARTMENT UPDATE

The Vallejo Fire Department continued expanding staffing efforts during FY 2025–2026 through two recruit academies that added 12 firefighters, with a third academy planned for September 2026. The department also received a SAFER grant supporting six additional positions and expects delivery of a new aerial apparatus in summer 2026, while promotional testing for Captain and Engineer ranks is scheduled later in the year.

FARMERS MARKET

The City of Vallejo continues to host a monthly outreach booth at the Farmers Market on the last Saturday of each month from March through October. Representatives from various departments use the booth to connect directly with residents, share updates on programs and initiatives, and highlight upcoming City events. This ongoing presence helps keep the community informed, engaged, and aware of the work happening across the City.

VALLEJO ACCOMPLISHMENTS & EVENTS

COMMUNITY MEETINGS

The City Council and staff continued expanding community outreach efforts through special meetings focused on public safety, homelessness, and the City budget. Councilmembers are also preparing district-based meetings to gather resident input on local and citywide issues.

PG&E BOAT LAUNCH PARKING LOT RESTORATION WORK

As of early 2026, PG&E is completing cleanup of the former Vallejo Manufactured Gas Plant (MGP) site at Curtola Parkway, with boat launch parking lot restoration expected by spring 2026. The site remains closed during final construction and will return to City control upon completion. The multi-year cleanup included soil remediation and site restoration to support future redevelopment of the 26-acre waterfront site. Construction is approximately 97% complete, with final improvements and environmental monitoring ongoing.

A new restroom building, landscaping and lighting were installed as part of the parking lot restoration.

ECONOMIC DEVELOPMENT STRATEGIC PLAN

Vallejo continued advancing key Economic Development Strategic Plan initiatives in 2025, including the Revolving Loan Fund, Pop-Up Events, and Shop-Local Campaign. City Council allocated \$355k in ARPA funding, supporting approved business loans and upcoming downtown and waterfront activation events planned for summer 2026.

VALLEJO ACCOMPLISHMENTS & EVENTS

HOUSING AND SHELTER

The City of Vallejo expanded housing and shelter opportunities for the unhoused community through the opening of the Vallejo Homeless Navigation Center in June 2025, providing 125 shelter beds and supportive services. In December 2025, Broadway Village also opened with 47 permanent supportive housing units for residents in need.

VALLEJO HOUSING AUTHORITY: AFFORDABLE HOUSING

To address ongoing challenges related to the shortage of affordable housing, the City of Vallejo Housing Authority has made meaningful progress toward expanding housing opportunities for low-income residents. This includes the execution of three Project-Based Voucher (PBV) contracts, which will provide stable, affordable housing options for both individuals experiencing homelessness and families selected from the PBV waitlist. These PBV contracts are structured for up to 20 years, reinforcing the City Council's commitment to preserving long-term housing affordability and preventing displacement within the community. By securing these agreements, the city is advancing its strategic goal of increasing the supply of deeply affordable housing while prioritizing its most vulnerable populations.

The newly supported developments include:

- Sereno Village, which will offer 31 PBV-assisted units, including seven units specifically designated for individuals experiencing homelessness.
- Vallejo Housing Collaborative, which will provide two PBV units dedicated to unhoused families.
- Broadway Village, which will deliver 47 PBV units serving individuals experiencing homelessness.

Together, these efforts reflect a coordinated approach to addressing housing insecurity in Vallejo, leveraging federal resources to support local priorities and strengthen pathways to stable housing for those most in need.

VALLEJO ACCOMPLISHMENTS & EVENTS

VALLEJO YOUTH DELEGATION VISITS WASHINGTON D.C.

The Vallejo Youth Delegation Program, in partnership with the Vallejo City Unified School District, sponsored 14 high school students from Vallejo High, Jesse Bethel High, and John Finney High Schools to attend the National League of Cities City Summit in Salt Lake City, Utah and the Congressional City Conference in Washington, DC. Students networked with peers nationwide, attended college tours, gained valuable leadership and civic-education skills, and met with elected officials such as Congressman Garamendi.

PROP 64 GRANT YOUTH-LED CLEAN-UPS

Prop 64 grant continues to fund youth interns from Healthy Vallejo Community Support Services to target blighted areas of Vallejo for clean-ups in partnership with Code Enforcement, the City Manager's Office and Public Works. Substance use prevention workshops have been ongoing at Vallejo High School, as well as community needs assessment activities through Club Stride Inc.

MEASURE P YOUTH PRIORITIES FUNDING

Measure P grants funded the 2025 Robbin Mackbee Firefighter/EMS Youth Academy and youth programs through the Greater Vallejo Recreation District (GVRD). The Academy, supported by Vallejo Fire Department, Medic Ambulance, and Kaiser Permanente, provided middle and high school students hands-on training in fire prevention, CPR/First Aid, and public safety careers, emphasizing discipline, achievement, teamwork, and community service. GVRD used

Measure P funds to award 195 youth scholarships for sports, camps, and classes. Funding also supported programs such as Bridging Teens with Seniors Art Program, Junior Giants Baseball, FRESH Theater Camp, Teen Culinary Camp, and Youth Roundtable. Family events provided thousands of Vallejo youth with safe, inclusive opportunities for recreation and positive development.

Multi-Level Authorizations

All positions in the Personnel Summaries/Authorized FTE Listings by Department that are authorized at multiple levels, where promotion is dependent on an employee obtaining certification or similar criteria not in the City's control, or other circumstances warrant, are required to be listed below and are referred to as "Multi-Level Authorizations".

Housing Specialist I/II
Communications Operators I/II

Assistant Engineer/ Associate Civil Engineer
Instrument Technician I/II

Temporary & Part-time Authorized Positions

The Personnel Summary/Authorized FTE Listing does not reflect temporary and part-time positions required to be paid through City payroll. These positions include interns, administrative, manual and nonmanual temporary positions, and Police Cadets and Firefighter Trainee authorizations.

These temporary and part-time position authorizations generally fluctuate throughout the year as business needs change. As such, the

Note: Detailed FTE information by classification and department can be found in the Appendix.

GENERAL FUND FIVE YEAR ASSUMPTIONS

OVERVIEW

The Five-Year Financial Forecast (“Five-Year Plan”) provides City Council and management an overview of the financial position of the City’s General Fund. The schedule presents the out-year projections in the context of recent and current financial activity, including one prior year.

The City regularly utilizes the Five-Year Plan to aid in decisions that may affect long-term revenues or expenditures, such as proposed labor agreements, or to evaluate the fiscal impact of unanticipated events. The tool is also utilized as a benchmark during the Midyear Budget Revision process, when actual trends are measured against adopted budget.

The Five-Year Financial Forecast contains several assumptions from various sources, including:

REVENUE

Revenue projections are prepared individually for each revenue source, and assumptions, and source data for the projections vary widely.

Sales Tax: The sales tax revenue, excluding Measure P, is anticipated to increase marginally by 1% in comparison to the adopted budget for fiscal year 2025-2026. For the out-years sales tax revenue is expected to increase around 3% out-years based on the report provided by HdL on March 20, 2026.

Property Tax excluding in lieu was forecasted to increase by 2% when compared to FY 2025-2026 Adopted budget. The forecast for out-years is assumed to increase by 4% based on the report provided by HdL Coren & Cone dated February 24, 2026.

Transient Occupancy Tax (TOT) is projected to decrease by 9% in the out-years. This is a reflection on on-going economic uncertainties.

Cannabis revenue forecasts for the out-years reflect a flat trend, aligned with historical actuals.

Utility Users Tax (UUT) is projected at a 4% growth in out-years reflects higher gas and electrical rates and aligns with prior year actual results.

Franchise Tax is projected at a 11% increase based on current actuals received to date.

Program revenues are forecasted by departments.

Fire revenue is primarily based on Ambulance services with the County which is projected to remain flat out-years as contracts are still under negotiations. Additional revenue stems from the new SAFER Grant that is expected to start in FY 2026-2027. Revenue for plan reviews and inspection fees are based on a 2 % CPI increase.

Police revenue fines and fees are projected at a 4% CPI increase.

Public works permit fee revenue is forecasted to decrease by about 2%, reflecting broader economic uncertainty and a potential slowdown in construction-related activity.

GENERAL FUND FIVE YEAR ASSUMPTIONS

EXPENDITURE

Salaries: Annual salaries cost is calculated for each authorized position. Step increases are assumed for employees below top step (two steps for employees at step one or two, and one step increase for those at step three or four). Salary increases, specialty and other pay are based on Memorandums of Understanding (MOUs) or employment contracts.

Overtime: Budgeted primarily for VPOA and IAFF employees.

Payroll Period 27: Due to the City's bi-weekly payroll cycle, a 27th payroll period occurs approximately every 10–11 years, resulting in a one-time increase in personnel costs in FY 2026-2027.

Pension: Current and out-year pension costs are based on the requirements set forth on June 30, 2024, CalPERS Annual Valuation Reports for the Safety and Miscellaneous plans. The City's contribution rate for both Safety and Miscellaneous Groups is comprised of two components: Normal Cost (NC) Rate and Unfunded Accrued Liability (UAL.) The Normal Cost rate represents the annual cost of service accrual for the upcoming fiscal year, for active employees. The annual payment on the Unfunded Accrued Liability (UAL) is the amortized dollar amount needed to fund past service credit earned (or accrued) for members who are currently receiving benefits, active members, and for members entitled to deferred benefits, as of the valuation date. All pension rates are listed in the CalPERS contribution projection page.

Workers' Compensation: Workers' compensation costs are recalculated each year based on five-year claims history by departments. Costs are allocated based on the following activities: Police, Fire, Field and Office/Clerical. Out-year forecasts are based on an average escalation of 2%.

Active Health Benefits: Based on average health insurance costs by bargaining group using the actual plan selections of current incumbents. Out-year cost increases are projected based on the March 12, 2026 OPEB valuation report.

Retiree Health Benefits: Includes: (1) a 1.5% of base salary RHSA contribution for CAMP and IBEW employees hired on or after 2013/2014, and (2) the annual ADC for Normal Cost and Unfunded Actuarial Liability (UAL) for all other employees. The City has paused funding for the FY 2026-27 ADC as part of its budget balancing strategy. Out-year ADC projections are based on the March 12, 2026 OPEB valuation report and projected 2027 rates.

Leave Payouts: Payments to exiting employees for accrued unused leave vary widely from year to year. The City reviews historical trends and incorporates actual known pending retirement data to arrive at this estimate. Assumption is \$1,000,000 in FY 2026-2027 and all out-years is to remain flat due to the uncertainty of employees leaving the City.

Vacancy Management and Position Reduction: These projections are based on an analysis of current vacancies to achieve personnel cost savings and remain subject to evaluation and recommendation by the incoming Interim City Manager.

GENERAL FUND FIVE YEAR ASSUMPTIONS

Vehicle Replacement/Maintenance: Each year, the Public Works Fleet Manager conducts a comprehensive assessment of the City's entire fleet. This evaluation includes a review of industry-standard lifespans, current vehicle and equipment conditions; such as age, mileage, and maintenance costs; along with consideration of upcoming regulatory changes and other relevant factors. The assessment informs both the upcoming fiscal year's replacement needs and projections for the following five years. This process is integrated with the preparation of the annual proposed budget. As the assessment reflects a point-in-time analysis, unforeseen events such as accidents or major mechanical failures may necessitate adjustments to the replacement schedule. Similarly, available funding plays a significant role in determining which units can be replaced in a given year, with priority typically given to those in the most critical condition. The vehicle maintenance is an average escalation of 5%.

Utilities: The City assumes an average annual increase of 5% in utility costs, based on anticipated rate adjustments from service providers. This projection accounts for expected increases in electricity, water, gas, and wastewater rates. The 5% estimate is applied across all City facilities and operations to ensure sufficient budgetary coverage for ongoing service needs. This assumption is reviewed annually and may be adjusted based on finalized rate schedules or known utility rate changes.

Services and Supplies: S&S includes major expenditures such as professional services, training and conferences and office supplies. This line item has an escalation of 3% for out-years and is adjusted based on past trends and planned new spending in each Fiscal Year. The year-to-year fluctuation of \$355,000 seen in the out-years is due to adding in estimated election costs during election years.

Bonds, Leases and Other Costs: Projections for cost associated with bonds and leases are based on actual costs from bond issue documents and repayment schedules.

Infrastructure/Capital Maintenance: The City has allotted funding for Building, Farragut Lease payments, Mare Island Causeway Bridge, and Technology for FY 2026-2027, with funding remaining flat in the out-years except for Technology, which includes a 3% annual increase.

City Subsidies: The City provides subsidies to support key programs and services that do not generate sufficient revenue to fully cover their operating costs but are essential for community development and public benefit. In out-years, the City is allocating subsidies of \$3,231,000 million which includes a \$1,722,000 million subsidy for Planning and Development Services to ensure continued delivery of vital permitting and land use functions; \$1,000,000 Jensen Hughes litigation deposit fund, \$950,000 for Marina debt repayment and operations; \$100,000 to Mare Island Base Reuse; and \$31,000 for maintenance of Empress Theatre.

General Liability: This cost assumption is estimated to increase by 9% in out-years. This increase is primarily due to an increase in insurance premiums and the number of liability claims.

Cost allocation: This expense is the distribution of shared or indirect costs across multiple departments, programs, or funds that benefit from those services. The City projects a 3% increase for the out-years.

GENERAL FUND REVENUE DESCRIPTION / ASSUMPTIONS

OVERVIEW

The General Fund typically accounts for approximately 46% of the City's total budget. The remainder of the budget consists of various Special Funds, which are restricted in purpose, and Enterprise Funds' user fees. Estimates of the City's general revenues are prepared by the Finance Department using economic information obtained from the County of Solano, the State of California, and third-party consultants. Estimates of other revenues are prepared by the departments based upon their forecasting of activity and updates to fee schedules.

The General Fund is comprised of eight major revenue categories: Taxes; License, Permits and Fees; Fines and Forfeitures; Intergovernmental; Charges for Services; Use of Money and Property; Other Revenue; and Transfers In. Within these categories, the City of Vallejo relies on eight major tax revenue sources to balance the General Fund, which makes up 84% of the total General Fund revenue budget.

SALES TAX

Sales tax revenue is the largest General Fund's revenue source when including Measure P and is highly variable depending upon the economy. The sales tax forecast is provided by the City's sales tax consultant (HDL). On April 1, 2023 the City implemented Measure P to help address community priorities for maintaining critical city services. A 0.875% (less than a penny on the dollar) would add a projected revenue of \$17.92 million for the FY 2026-2027 adopted budget.

Absent Measure P, sales tax revenue is expected to decrease by approximately \$580,000 or 1.5% for Sales Tax and Use Tax Measure B/V for FY 2026-2027 versus adopted FY 2025-2026, as we are seeing decline fueled by a slowdown in consumer spending, persistent inflationary pressures, and global economic uncertainty.

GENERAL FUND REVENUE DESCRIPTION / ASSUMPTIONS

PROPERTY TAX (INCLUDING IN LIEU)

Property tax is the second largest source of revenue for the General Fund. In the State of California, the base tax rate is 1% of the assessed valuation of property. The 1% tax is levied and collected by the County of Solano with the County assessor determining property tax values based on Proposition 13 limitations. Proposition 13 rolled-back property values, for tax purposes, to 1975-76 values and thereafter capped annual assessment increases at 2% until the property is transferred, at which time the assessed value is based on market value. The City of Vallejo receives approximately 18.95% of the 1% property tax levy on properties located within City limits.

The property tax that the City will receive for FY 2026-2027 is based on the property's assessed value as of January 1, 2026. Property tax is forecasted to increase as a growth of 3.22% was observed from 2023-2024 to 2025-2026. Housing sales has also have stayed consistent, with 1,012 single-family homes sold in 2025. These sales also contribute to the growth in revenue from Property Transfer Tax. The adopted property tax increase for FY 2026-2027, excluding in-lieu, amounts to \$1,316,000 from FY 2025-2026 adopted budget, representing a modest 5% increase.

Included in Property tax, the Legislature approved a Vehicle License Fee (VLF) for property tax swap in 2004, as a part of a state-local budget agreement that also brought Proposition 1A to the ballot. Under the 2004 VLF-Property Tax Swap, the VLF rate was reduced from 2% to 0.65%, its effective rate with the prior "offset" system. The reduction in VLF backfill to cities and counties was replaced with a similar amount of property taxes, dollar-for-dollar. Subsequent to the 2004-2005 base year, each city's property tax in lieu of VLF increases annually in proportion to the growth in the city's gross assessed valuation.

VLF revenue is estimated to increase by \$727,000 or a 5% increase in 2026-2027 versus 2025-2026 adopted budget. These estimates are based on the change in assessed value in the entire city which is influenced by redevelopment project areas. This revenue source is now tied to the property value change between tax years.

GENERAL FUND REVENUE DESCRIPTION / ASSUMPTIONS

PROPERTY TRANSFER TAX

The property transfer tax is collected when there is a transfer of ownership of real estate. The City shares in the \$3.30 tax per \$1,000 of sale price that is collected by the County. This revenue is directly tied to real property, and as the volume and pricing increases in local real estate, so does this revenue source.

TRANSIENT OCCUPANCY TAX

The Transient Occupancy Tax (TOT) is an 11% tax imposed by the City on hotel and motel room charges. Occupants are exempt if their stay exceeds thirty-one consecutive days, or if a government official is staying as part of their official duties. As this is a use tax, the collection varies with economic conditions. For FY 2026–2027, TOT revenue is projected to reduce by \$230,000 or 13%, reflecting economic uncertainty. Revenue will continue to be closely monitored, as fluctuations in tourism activity are influenced by multiple factors.

GENERAL FUND REVENUE DESCRIPTION / ASSUMPTIONS

FRANCHISE TAX

The City imposes franchise charges on cable television, electricity, gas, and garbage services for “rental” of the City streets and rights-of-way. These taxes are collected by franchise holders based on revenues and remitted to the City. Franchise fees can vary with customer growth, when additional services are used, when weather impacts the use of the utility, and when consumer rates change. Based on prior year trends, and the current contracts in place with its vendor-partners, the City expects this revenue to increase by 13% in FY 2026-2027 versus FY 2025-2026 adopted budget, reflecting modest growth in utility usage, rate increase and service demand.

UTILITY USER TAX

The City imposes a 7.3% Utility Users Tax (UUT) on charges for telecommunications and video services and a 7.5% utility users tax on charges for electricity usage and natural gas delivered through mains or pipes. These taxes are collected by the utility service provider and remitted to the City.

GENERAL FUND REVENUE DESCRIPTION / ASSUMPTIONS

This revenue is projected to decrease by approximately \$1,787,000 in FY 2026-2027 versus FY 2025-2026 adopted budget based on an average of past actuals. Factors that affect the revenue generated by UUT include: the use of online streaming, telephone and cable bundle packages and weather conditions.

CANNABIS TAX

The City levies a 7% tax on users purchasing Adult-Use Cannabis. These taxes are collected by the facility provider and remitted to the City monthly. The City projects that tax revenue will decrease in FY 2026-2027 by \$400,000 or 20%, due to market saturation and ongoing competition from neighboring cities.

BUSINESS LICENSE TAX

The Business License Tax is imposed on businesses for the privilege of conducting business within the City. Licenses are issued annually beginning July 1st. A decrease in revenue of approximately \$188,000 or 9% to align with actuals received in FY 2024-2025 and FY 2025-2026.

GENERAL FUND MEASURE B/V – TRANSACTION USE TAX

MEASURE B

On July 12, 2011, the City Council approved Ordinance No. 1651 N.C. (2d) which brought Measure B to the ballot. On November 8, 2011 a yes vote by citizens changed City's sales tax from 7.375% to 8.375%. This 1% change took effect on April 1, 2012 and was set to sunset in 10 years. Revenue generated from this would fund police, firefighters, paramedic services, youth and senior programs, street repairs, economic development, and general City services.

On July 26, 2016, the City Council approved Ordinance No. 1738 N.C. (2d) which brought Measure V to the ballot. This removed the sunset date of March 31, 2022 for Measure B and resulted in Measure V taking into effect April 1, 2017. Bringing continued revenue for the City.

Ballot Language

THE VALLEJO SALES TAX MEASURE	
To enhance funding for 9-1-1 response, police patrols, firefighter and paramedic services, youth and senior programs, street and pothole repairs, graffiti removal, economic development, and general City services, shall the sales tax be raised one cent, expiring after ten years, with all revenue and expenditures subject to annual independent audits and all revenue legally required to stay in Vallejo?	YES
	NO

MEASURE V

Ballot Language

THE VALLEJO SALES TAX MEASURE	
Shall an "Ordinance Amending Vallejo Municipal Code to Maintain Enhanced Funding for 911 Response, Police Patrols, Firefighter and Emergency Medical Services, Youth Programs, Street and Pothole Repair, Graffiti Removal, Economic Development, and Other General City Services, Renewing the Existing, Voter-Approved, One Percent Transactions and Use (Sales) Tax (Measure B) to Provide approximately \$14 Million Yearly with all Revenues Independently Audited and Expenditures Publicly Reviewed and Locally Controlled" be adopted?	YES
	NO

Council expenditure direction

The City Council hereby directs staff to prioritize the following uses of Measure B/V revenue as follows:

1. Rebuilding Reserves
2. Preserving and Enhancing Public Safety and the Quality of Life in Vallejo
3. Enhancing and Reconstructing Infrastructure
4. Improving Community Aesthetics
5. Setting the Table for Future Economic Development
6. Generating New Revenue & Enhancing Efficiency of Government
7. Leveraging City Assets

Note: This page is for informational purposes. Budget for Measure V is part of the General Fund budget and is incorporated within it. Measure V sales tax measure was approved on November 8, 2016, which removes the sunset date (March 31, 2022) on Measure B.

GENERAL FUND MEASURE P – TRANSACTION USE TAX

MEASURE P

On July 12, 2022, the City Council approved Ordinance No. 1866 N.C.(2d) which brought Measure P to the ballot. On November 8, 2022, a yes vote by citizens changed the sales tax adding an additional 0.875% transaction tax to the current tax rate of 8.375%, which resulted in City of Vallejo sales tax of 9.25%.

The City received funds from the California Department of Tax and Fee Administration (CDTFA) as of June 2023.

Ballot Language

CITY OF VALLEJO SAFE STREETS AND ESSENTIAL SERVICES MEASURE	
City of Vallejo Safe Streets and Essential Services Measure. To maintain critical city services, such as keeping public spaces healthy/safe/clean; maintaining fire protection/emergency medical response/crime prevention; addressing homelessness/blight/dumping; repairing deteriorating neighborhood streets/roads/sidewalks; and for general government use; shall the City of Vallejo adopt a measure establishing a 0.875% sales tax, providing \$18,000,000 annually until ended by voters, requiring audits, independent citizen oversight, and all funds legally required to be spent locally?	YES
	NO

Council expenditure direction

On December 20, 2022 per Resolution No. 22-222 N.C. the City Council hereby directs staff to prioritize the following uses of Measure P revenue:

1. Maintain critical city services such as keeping public spaces healthy, safe and clean
2. Maintain fire protection
3. Maintain emergency medical response
4. Maintain crime prevention
5. Address homelessness
6. Address blight
7. Address dumping
8. Repair deteriorating neighborhood streets, roads and sidewalks
9. Youth priorities

GENERAL FUND AMERICAN RESCUE PLAN ACT (ARPA)

Effective Date

On March 11, 2021, President Joe Biden signed the American Rescue Plan Act (ARPA) into law allocating \$1.9 trillion dollars to provide continued relief from the COVID-19 Pandemic.

City of Vallejo total funding of \$25,727,736 was received in two tranches.

Council Expenditure direction

On September 14, 2021, per Resolution No. 21-107 N.C., the City Council allocated \$12,863,868 from the first tranche of the Rescue Plan into 12 general projects. The City Council authorized the use of the second half of the Rescue Plan for 20 additional projects on December 13, 2022, per Resolution No. 22-213 N.C.

In total, the City Council approved 39 staff-recommended projects to combat citywide issues compounded by the COVID-19 pandemic. These projects are intended to assist the City in a multitude of areas. For City operations, there are projects that address public health expenses and workforce capacity to ensure City Staff maintains functionality. Vallejo's community is also directly addressed with assistance to non-profits for vital needs, violence interventions by hiring specialists, providing preschool vouchers to working parents, homeless response with hotel vouchers for those in need, and much more. Finally, there are projects that support the City's long-term viability, such as beautification efforts, projects that provide big-picture planning for economic development, and funding for Vallejo's broadband infrastructure.

ARPA's Final Rule was passed on April 1, 2022. The Rule mandates that funds must be obligated by December 31, 2024, and expended by December 31, 2026.

CITY ATTORNEY'S OFFICE

OVERVIEW

The City Attorney's Office provides legal services to the City Council and the various City Departments, employees and related entities and defends the City's interests in administrative proceedings as well as in State and Federal courts. The office provides advice and counsel to ensure compliance with applicable laws and regulations, minimize the City's exposure to monetary liability, reduce risk, and to initiate litigation as directed to enforce the Municipal Code and protect the interests of the City and Citizens/Residents of Vallejo.

The City Attorney is the primary legal counsel for the City Council, City Boards, Commissions and Committees, City Manager, City Departments, and other City-related entities such as the Vallejo Housing Authority. In an advisory capacity, attorneys review and prepare legal documents, including ordinances, resolutions, regulations, and contracts. Attorneys evaluate requests for legal advice, perform research as appropriate and render opinions on the legality of various projects as requested by City officials and employees. Our litigation unit represents and defends the City's interests in negotiations, administrative proceedings, and civil litigation in both State and Federal Courts. Additionally, the Neighborhood Law Program uses legal remedies such as public nuisance litigation, receiverships, criminal and administrative citations to abate nuisances and enforce the City's codes. The City Attorney's Office is the lead department for nuisance prosecutions and criminal prosecutions for unlawful dumping.

The City Attorney's Office exercises budgeting, management and oversight of all legal services paid for through the general fund, as well as those funded through special funds and State/Federal Grants.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits have a net impact of \$141,702 due to changes in MOU and benefits.

Services and Supplies

There is a net decrease of \$238,206 in the FY 2026-2027 budget. This decrease is primarily due to the shifting of \$200,000 for Legal and Investigation Fees to the City Manager's Office.

FY 2025-2026 ACCOMPLISHMENTS

- Completed the meet-and-confer process with the Vallejo Police Officers' Association regarding the Police Oversight and Accountability Commission (POAC).
- Seated the POAC and initiated substantive Commission meetings.
- Conducted training for POAC commissioners on key oversight topics.
- Initiated POAC review of Vallejo Police Department policies.
- Collaborated with the Vallejo Police Department (VPD), California Department of Justice (CalDOJ), and the Evaluator (Jensen Hughes) on the Second Year Work Plan under the Settlement Agreement.
- Presented the role and functions of the City Attorney's Office through the Vallejo Citizens Academy.
- Completed the contract with the Solano County Sheriff's Office for patrol services.
- Launched the Neighborhood Law Program webpage.
- Led community and stakeholder engagement regarding the Tobacco Retail License Ordinance.
- Completed the Tobacco Retail License Ordinance.
- Completed the Sidewalk/Right-of-Way/Path Vending, Peddlers and Solicitors Ordinance.
- Responded to more than 1,800 Public Records Act requests in coordination with department coordinators.

CITY ATTORNEY'S OFFICE

- Settled or achieved dismissals in 23 litigation cases filed against the City.
- Filed four affirmative lawsuits involving public nuisance, receiverships, and non-payment of transient occupancy tax.
- Recovered \$92,397 through litigation efforts.

FY 2026-2027 DEPARTMENT GOALS

- Continue updating existing ordinances and drafting new ordinances.
- Increase the City Attorney's Office's engagement and interaction with the community.
- Continue supporting Planning, the City Manager's Office, and Economic Development on key economic development projects, including Mare Island and Downtown.
- Collaborate with the City Council, City Manager's Office, and Vallejo Police Department on public safety initiatives.
- Establish collection efforts through the Neighborhood Law Program.
- Initiate affirmative lawsuits involving public nuisance, receiverships, and non-payment of Transient Occupancy Tax.

CITY CLERK'S OFFICE

OVERVIEW

The City Clerk's Office administers Municipal Election services, maintains the official records of City Council proceedings, and carries out State and Municipal statutory duties on behalf of elected officials, voters, City departments, and the public. Through these responsibilities, the Office ensures fair and impartial elections, preserves the integrity of the City's legislative records, and promotes open access to public information and the legislative process.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits has a net increase of \$156,419 due to the addition of the Administrative Analyst II.

Services and Supplies

There is a net increase of \$355,326 in the FY 2026-2027, primarily due to addition of election costs held bi-annually.

FY 2025-2026 ACCOMPLISHMENTS

- Public Records Act: In coordination with all City departments, managed 1,815 Public Records Act (PRA) requests and closed 1,765 requests.
- Contracts: processed and filed approximately 220 contracts retained in the City Clerk's Office in accordance with the City's Records Management Policy.
- Customer Service: Continued to provide internal and external customers with helpful, solutions-oriented, courteous, timely, and accurate information and services.
- Election Support: As a partner in the democratic process, coordinated with several City departments to adopt the City of Vallejo Polling Precinct (Vallejo Room) for November 4, 2025, Special State Election, with City staff serving as poll workers.
- Transparency & Public Access: Continued to ensure transparency and timely access to information that enabled the public to monitor the functioning of their government in compliance with the Brown Act, Public Records Act, and Political Reform Act.

FY 2026-2027 DEPARTMENT GOALS

- Improve Legislative Records Access: Continue partnering with departments to ensure compliance with the City's Records Management Policy, including the proper retention, maintenance, and transfer of permanent records to Revver, the City's electronic document management system.
- Continue uploading board and commission agenda packets, meeting minutes, resolutions, and other permanent records in accordance with Secretary of State guidelines for a trusted system, while improving public access and facilitating the retrieval of records commonly requested under the Public Records Act (PRA).
- Successfully Facilitate the November 3, 2026, General Municipal Election: As the City's Elections Official, successfully coordinate and facilitate the City's General Municipal Election, working closely with candidates and election partners to provide timely, accurate, and consistent guidance and support throughout the nomination, filing, and election process, while ensuring compliance with applicable federal, state, and local election laws and requirements.
- Board & Commission Handbook: In coordination with the City Attorney's Office, continued development of a Board & Commission Handbook, including onboarding and training resources for newly appointed members.

CITY CLERK'S OFFICE

- **Transparency & Public Access:** Continued to promote transparency and timely public access to government information in compliance with the Brown Act, Public Records Act, and Political Reform Act.
- **Customer Service:** Provided internal and external customers with timely, accurate, helpful, solutions-oriented, and courteous information and service, responding to customer inquiries and requests within one business day whenever practicable.

CITY MANAGER'S OFFICE

OVERVIEW

The City Manager is appointed by the City Council, serves as the chief executive officer of the City, and is responsible for advising the City Council regarding various issues and implementing legislation enacted by the Council. The City Manager's Office oversees and supports all other City departments, except for the City Attorney's Office, and is responsible for ensuring that City departments are operating efficiently and in compliance with all applicable federal, State, and local laws and regulations. The City Manager's Office also coordinates the City's communication and engagement work; grant seeking and intergovernmental affairs; activities related to the unhoused community; youth programs; Participatory Budgeting; and the Special Events Grant Program.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS FY ADOPTED 2025-2026

Salary and Benefit Changes

Salaries and Benefits reflect a net decrease of \$578,866. This reduction is primarily due to the elimination of one Administrative Clerk II, one Organizational Development Manager, one Community Engagement Manager, and one Community and Volunteer Coordinator position, with the latter position being transferred to the Economic Development Department. The decrease also reflects the transfer of one Administrative Analyst II position to the City Clerk's Office.

Services and Supplies

There is a net increase of \$1.11 million in the FY 2026–2027 budget for Services and Supplies. The increase primarily reflects the following adjustments: \$200,000 for Legal and Investigation fees, which was previously budgeted under the Legal Department; the transfer of \$500,000 for the Police Oversight and Accountability Commission (POAC) from the Police Department to the City Manager's Office; an additional \$250,000 to support City Manager priorities; and \$100,000 for Special Events.

FY 2025-2026 ACCOMPLISHMENTS

- Collaborated with the Police Department to support its implementation of the California Department of Justice (Cal DOJ) settlement agreement
- Contributed to the successful implementation of the Police Oversight & Accountability Commission (POAC)
- Supported the Council Public Safety and Quality of Life Ad Hoc Subcommittee
- Supported Public Works and issued an RFP for additional private security guard services
- Coordinated 69 community events, represented 73 activation days. 5.8% more activation days than the prior fiscal year.
- Improved multi-lingual communication through tools such as Kudo and the Vallejo Weekly
- Implemented the third cohort of the Citizens Academy
- Supported, planned, and finalized the Economic Development Strategy
- Hired consultant The Roosevelt Group (TRG) and created the City of Vallejo Maritime Reactivation Strategic Plan
- Supported the entitlements of the Northgate project, which is developing Costco retail and housing project
- Negotiated Performance and Participation Agreement for Blue Rock Springs Golf Course
- Continued encampment clean-ups
- Coordinated Youth Delegations to National League of Cities Conference
- Supported Youth Engagement with Local Government
- Hired a permanent Fire Chief
- Expanded Community Outreach / Engagement

CITY MANAGER'S OFFICE

- Implemented City's Communications and Community Engagement Plan
- Reduced vacancies citywide
- Supported Planning and Development Services Department to Initiate Mare Island, Downtown, and Waterfront Specific Plans
- Achieved full occupancy of the Broadway Project
- Opened the Vallejo Homeless Navigation Center
- Opened the Winter Extreme Weather Center
- Implemented Phase 1 of the youth needs assessment

FY 2026-2027 DEPARTMENT GOALS

- Formulate and develop long range (10 year) financial plan for the City.
- Hire a permanent Economic Development Director
- Hire a permanent Finance Director
- Support efforts to activate the business corridors throughout the City
- Negotiate a new Development Agreement on Mare Island
- Provide Youth Leadership Programs / Courses
- Support the negotiation of successor labor contracts for IBEW, CAMP, VPOA, VPD and Unrepresented employees
- Streamline Policies and Procedures Citywide
- Implement Phase 2 of the youth needs assessment
- Support Planning and Development Services Department in Implementing Mare Island, Downtown, and Waterfront Specific Plans
- Launch and Support Vallejo V.I.S.I.O.N. (Violence Intervention Support Improving Our Neighborhoods)
- Continue encampment abatement efforts
- Create a Community Event Economic Impact Assessment dashboard to inform City planning and resource allocation for sponsorship decisions.

ECONOMIC DEVELOPMENT DEPARTMENT

OVERVIEW

The Economic Development Department focuses on new business recruitment, business retention, site selection assistance for new and existing businesses, and facilitation of development on catalyst sites including Mare Island and the Waterfront.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits has a net impact of \$233,183 due to the reallocation of the Community and Volunteer Coordinator from the City Manager's Office to the Economic Development Office.

Services and Supplies

There is a \$35,968 increase from the FY 2025-2026 budget due to an increase in the Tourism Bid remittance.

FY 2025-2026 ACCOMPLISHMENTS

- Completed the U.S. EDA 2021 Mare Island Infrastructure Assessment (MIIA) grant project, in partnership with the Vallejo Flood and Wastewater District (VFWD), Mare Island Co. and multiple City of Vallejo departments (Project cost: \$2M).
- Completed U.S. EPA 2021 Brownfields grant project which delivered completion of 24 environmental assessments on Mare Island and downtown sites. (Project cost: \$600K)
- Assisted the Economic Development Commission (EDC) to obtain City Council approval of their 2025 work plan and with its year 1 of implementation which included carrying out a Banners Program, a Street Lights project, formation of 2 Ah Hoc Subcommittees, and offering EDC feedback on various topics for City Council consideration. (EDC budget \$27,967)
- Partnered with PG&E to complete major soil/groundwater remediation on the 26-acres southern waterfront site and to complete design and construction of the boat launch parking lot on this site. (Project cost: \$100M+ all PG&E dollars)
- Coordinated implementation of Cycle 1 pilot projects in our Economic Development Strategic Plan which included a Revolving Loan Fund Program and Pop-Up Events in Downtown and Waterfront area.
- Assisted Blue Rock Springs Golf Course entitlement application process which allowed Council to approve the preliminary concept plan for redevelopment that included 500-600 units of housing, convert the west course into a 9-hole, par-3 course, increase event capacity to 500 people, and explore a youth center.
- Implemented financial agreement with Lewis Group for the Cooke/Fairview development which included a new Costco warehouse, new retail spaces and an expanded residential community.
- Continued to provide support to Economic Development Commission, Culture and Arts Commission, McCune Collection Commission, and Beautification Commission
- Negotiated and executed agreements supporting the development of Mare Island
- Coordinated detailed review and analysis of PMA Housing, the first site on Mare Island to transfer from the Navy to the City in over 10 years.

ECONOMIC DEVELOPMENT DEPARTMENT

FY 2026-2027 DEPARTMENT GOALS

- Begin implementation of the City's Long Range Property Management Plan
- Improve coordination among Economic Development Department, Planning and Development Services and Public Works staff to advance the City's Economic Development goals
- Work to change public perceptions of Vallejo through a comprehensive marketing strategy that emphasizes the City's unique assets, a growing list of positive business stories and our new Citywide Shop Vallejo campaign
- Ramp up business retention, expansion and attraction efforts to grow tax revenue and jobs
- Continue to support development of Mare Island by working with local, regional, state and federal and stakeholders to negotiate and execute new agreements including a new Development Agreement with the master developer, a new long-term utility agreement, and the Navy's next Mare Island parcel transfer to the City
- Work closely with appropriate City departments to identify grant funding opportunities and determine which agency has sufficient bandwidth and expertise to manage each grant
- Strengthen event evaluation and continuous improvement
- Demonstrate the community and economic value of events
- Support the EDC Commission on the second year of their Work Plan 2025 implementation.

FINANCE DEPARTMENT

OVERVIEW

Finance Department provides accountability for the taxpayers' dollars and maintains accurate and complete financial records of the City's financial transactions. Additionally, the department provides timely financial information to internal and external customers and seeks to improve efficiency and governance of financial record keeping and financial reporting.

The Finance Department manages and coordinates financial functions including: financial analysis, cash management and investment, debt administration, general accounting, financial reporting/auditing, budgeting, accounts payable, payroll, cashier/utility billing, and collections. Finance manages and participates in development and administration of the overall City budget, generates revenue and expenditure projections, coordinates with other City departments on the development of operating and capital budgets, develops and maintains a long-term banking, investment, and debt management structure and the administration of special projects and analyses. The department assists various stakeholders to brainstorm solutions for fiscal and administrative problems.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS FY ADOPTED 2025-2026

Salary and Benefit Changes

The salaries and benefits has a net impact of \$11,452 due to changes in MOU and benefits. In FY 2025-2026, vacancy savings/not budgeted of \$497,178 for Deputy Finance Director and Accountant were permanently removed and Administrative Analyst II was added.

Services and Supplies

There is a net increase of \$34,000 in FY 2026-2027 budget. This increase is primarily due to the increase in Auditing service needs.

FY 2025-2026 ACCOMPLISHMENTS

- Presented a balanced budget to the Council for Fiscal Year 2025-2026
- Received GFOA and CSFMO awards for Distinguished Budget Presentation, Operating Budget Excellence, and Excellence in Financial Reporting for the ninth consecutive years
- Achieved a successful audit with an unmodified audit opinion for Fiscal Year 2024-2025
- Conducted a staff, council and community engagement budget forum for FY 2025-2026 budget.
- Redesigned budget book presentation as per City Manager and Council recommendation.
- Collaborated with the Water Department to Implement the Advanced Metering Infrastructure (AMI) project
- Conducted audits for Transient Occupancy Tax (TOT) from hotels and Cannabis Dispensaries to ensure compliance and accurate payments for Fiscal Year 2025-2026

FINANCE DEPARTMENT

FY 2026-2027 DEPARTMENT GOALS

- **Implement Budget Software:** This initiative involves the adoption and integration of a new budgeting software system to streamline the budget preparation, management, and reporting processes. The goal is to improve efficiency, accuracy, and transparency in budgeting activities by automating calculations, reducing manual data entry, and providing real-time access to financial information.
- **Implement Payroll into Finance Enterprise:** This initiative involves working closely with CentralSquare and the Information Technology department to integrate the payroll system into Finance Enterprise, a comprehensive accounting software. The goal is to streamline payroll processing by automating payroll systems functions, reducing errors, and ensuring timely and accurate employee compensation and CalPERS reporting.
- **Collaborating with the City Manager's Office** for the long-term financing goals as a proactive approach to ensure fiscal health for the city.
- **Purchasing/Accounts Payable Team** to complete the Finance Enterprise instructional guide that serves as a critical resource for standardizing processes and training of newly hired staff.
- **The Purchasing/Accounts Payable Team** will update Administrative Rule 3.13 Credit Card Usage Policy which has not been updated since 2014. This is to ensure the process is as financially transparent and efficient as needed for the City.
- **Complete the Advanced Metering Infrastructure (AMI) project** with the Water Department. Unlike traditional metering, which requires manual readings, AMI facilitates two-way communication between the City and customers, allowing for more efficient and accurate monitoring and management of utility services.
- **Coordinate and implement new fee schedule rates** with Information Technology, Planning & Development Services, Fire, and Water.

- (b) Transfer of computer hardware and software cost to capital outlay fund

FIRE DEPARTMENT

OVERVIEW

The primary mission of the Fire Department is to ensure a safe community through exceptional, professional fire services. The Department conducts ongoing recruitment and in-service training and manages internal organizational programs.

The City of Vallejo Fire Department provides a broad range of emergency and fire and life safety services to the community. The Department responds to emergency incidents throughout the City of Vallejo, provides mutual aid to surrounding jurisdictions and throughout the State of California, conducts fire and life safety inspections of businesses and multi-tenant housing, and oversees weed abatement activities for vacant parcels.

The City of Vallejo Fire Department is comprised of four divisions: Administration, Prevention, Suppression, and Training. Each division supports the Department's mission through the administration of Department operations, fire prevention and life safety services, emergency response, and the recruitment, training, and professional development of Department personnel.

Fire Administration

Responsible for the overall management and oversight of staff, budget, and operations of each Division. Fire Administration also oversees the City's Emergency Operations Center.

Fire Prevention Division

Responsible for conducting annual fire life safety inspections of regulated occupancies, fire investigations, plan checks, permit inspections, and public education programs in accordance with local, state, and federal codes and regulations. The Fire Prevention Division also manages the weed abatement of empty parcels.

Fire Suppression Division

Responsible for providing emergency response and incident organization at structure and wildland fires, earthquakes, floods, environmental emergencies, and rescue operations. Fire Suppression Division also provides advanced life support for all types of trauma and medical emergencies. Fire Suppression staff are trained and equipped to respond to releases and spills of hazardous materials and response to technical rescue services, including structural collapse and water rescue.

Training Division

Responsible for in-service and recruitment training efforts. In addition, the Training Division ensures members maintain required or necessary fire suppression and emergency medical services-based certifications in accordance with local, State, and Federal agencies and regulations.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits have a net impact of \$4.50 million due to changes in MOU and benefits; as well as the addition of six limited-term Firefighters partially funded by the SAFER grant and the removal of one Fire Prevention Inspector and addition of one Fire Plans Examiner.

Services and Supplies

There is a net decrease of \$258,455 in the FY 2026-2027 budget, primarily due to the shifting of eligible expenses to Measure P funding.

FIRE DEPARTMENT

FY 2025-2026 ACCOMPLISHMENTS

- Secured the 2026 Assistance to Firefighters Grant
- Hired a new permanent Fire Chief
- Expanded community engagement through multiple outreach events
- Purchased new cardiac monitors
- Completed new Promotional processes for all positions and filled vacancies
- Graduated five new Firefighters from the Academy
- Secured a SAFER grant to fund six new Firefighter/Paramedic positions
- Reestablished the Community Emergency Response Team (CERT) since 2015
- Deployed more than 30 new Automatic External Defibrillators (AEDs) throughout the City

FY 2026-2027 DEPARTMENT GOALS

- Conduct consecutive Firefighter Recruitment Academies to address attrition, retention and retirements
- Acquire one new Type 1 Fire Engine and two Field Command Units
- Complete a Risk Assessment and Standards of Cover for Fire Resource Deployment
- Establish a dedicated Marine Firefighting Division
- Create a new Firefighter Trainee position to transition youth from the Youth Academy
- Become a part of FEMA Task Force Team 4

HUMAN RESOURCE DEPARTMENT

OVERVIEW

The City of Vallejo's Human Resources Department is an internal service department, meaning we don't directly serve the community, but we do support and serve the City staff so that they can directly serve the community. We are unique and essential in that everything that we do in the City (as an organization) starts and ends with Human Resources. We are a full-service human resources department. We hold ourselves to a higher standard than the employees we serve because we can't possibly provide the services we do and not hold ourselves to a higher standard. We pride ourselves in delivering the full scope of human resources functions, such as administration, recruitment and selection, classification and compensation, benefits administration, training, and employee and labor relations.

Our purpose is to help the City become a great place to live, work, and play, by recruiting and retaining the best qualified candidates to do all of the jobs it takes to be just that. We do this by partnering with our departments to have a clear understanding of what their needs are and lending our expertise to help them successfully fulfill those needs while following the laws, rules, and regulations that govern our processes and cultivating a workforce that reflects the community we serve; providing support, training, and development for our employees; and fostering positive relationships with our labor partners.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits has a net impact of \$13,092 due to changes in MOU and benefits.

Services and Supplies

There is a slight increase of \$14,563 in services and supplies in FY 2026-2027 due to the need for higher level recruitments.

FY 2025-2026 ACCOMPLISHMENTS

- Participated in 14 career fairs
- Opened 51 recruitments
- Processed 3,826 applications (including public safety)
- Processed 57 applications for Police Officer (Lateral)
- Processed 269 applications for Police Officer (Entry)
- Processed 934 applications for Police Officer (Recruit)
- Processed approximately 70 new hires (including public safety)
- Hired 12 Police Officers:
 - 1 Laterals
 - 1 Entry
 - 10 Recruits

HUMAN RESOURCE DEPARTMENT

FY 2026-2027 DEPARTMENT GOALS

- Complete HRIS and Payroll implementations
- Begin additional implementations (Perform, e-Forms, Learn)
- Create and maintain innovative and competitive salary and benefits packages
- Continue to establish best practices for improved organizational outcomes
- Continue to build and maintain positive partnerships with our customer departments and work collaboratively on recruitment / retention
- Continue to develop and facilitate foundational training classes to assist staff in successfully supervising and managing a dedicated workforce

INFORMATION TECHNOLOGY DEPARTMENT

OVERVIEW

The Information Technology (IT) Department is responsible for implementing and maintaining secure and reliable information technology solutions. Core functions include network services and infrastructure security, telecommunications support, desktop and server support, applications and programming support, website support, GIS support, technology disaster recovery testing and implementation, licensing and compliance, policies and procedures, and supporting Vallejo's governmental channel 28 as well as broadcasting live streams of the City's various commissions. The goal is to provide innovative and secure technical solutions and support that promote efficient delivery of public service to enhance the quality of life for residents, visitors, and our communities.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits has a net impact of \$117,775 due to changes in MOU and benefits.

Services and Supplies

There is a net decrease of \$6,542 in the FY 2026-2027 budget stems from reductions in Office Supplies and to align with actual spends for prior years Other Professional Services.

FY 2025-2026 ACCOMPLISHMENTS

- Resolved 6,292 service tickets while providing ongoing technology support to City departments, facilities, enterprise applications, network infrastructure, telecommunications, and end users.
- Replaced 150 workstations with Windows 11 systems and completed technology upgrades at City Hall and facilities supporting Water, Fire, Public Safety, Public Works and other City operations.
- Implemented CentralSquare Enterprise Asset Management for Public Works to improve asset, work order, maintenance and operational reporting.
- Continued ERP and enterprise system improvements including fiscal year-end and audit support, Water Warehouse Stores and inventory, fixed asset cleanup, NeoGov implementation and budget software RFP support.
- Completed technology deployment for the new Communications Center, upgraded the Records Management System, migrated the CLETS circuit to fiber and expanded Fiber and maintained required video retention.
- Retired the City's legacy Computer Aided Dispatch system while preserving searchable access to historical records and upgraded the traffic collision reporting system.
- Developed the Housing Data and Reporting Portal and public-facing RIPA Dashboard while maintaining Police crime and SeeClickFix dashboards and supporting GIS, mapping, analysis and data needs across City departments.
- Continued technology support for Water Department's AMI initiative and completed network, device, access control and collaboration technology improvements.
- Created Fire Hazard Severity Zone webpages, completed Fire Facility technology assessments, improved wireless, refreshed Fire Training devices, and migrated the Department's time-tracking system to a current platform.
- Upgraded audio/visual and meeting technology in the Vallejo Room, City Hall conference rooms, PDS office and lobby, and other City facilities while expanding electronic access control and supporting City Council meetings.

INFORMATION TECHNOLOGY DEPARTMENT

- Strengthened information security, system resiliency, disaster recovery and continuity of operations while maintaining reliable technology services across the City.
- Supported 73 Council Meetings and 162 Commission and Community Meetings
- Deployed Live AI Translation and captioning for meetings in the Chambers or Vallejo Room

FY 2026-2027 DEPARTMENT GOALS

- Continue replacing and modernizing network, computing, telecommunications, and end-user technology to improve reliability, performance, resiliency, and long-term support.
- Continue strengthening the City's information security and technology resiliency while improving disaster recovery and continuity of operations.
- Continue improving the City's enterprise applications, including expansion of CentralSquare EAM and integration of SeeClickFix, asset management, and GIS systems to reduce manual processes and improve reporting.
- Complete migration of the City's public safety radio system to the Solano County P25 radio system and continue supporting critical public safety technology.
- Continue expanding GIS, dashboards, reporting, system integrations, and online services to improve access to information for City departments and the public.
- Complete planned Council Chambers audio/visual improvements and continue technology upgrades at City facilities based on operational needs.
- Continue replacing aging and unsupported systems with technology that can be reliably maintained and supported over the long term.
- Support approximately 70 City Council meetings and 130 Commission and Community Meetings

LEGISLATIVE/BOARD & COMMISSIONS

OVERVIEW

The Legislative Branch consists of the Vallejo City Council and its Boards and Commissions. Together, these bodies develop legislation to establish policies and provide direction for the City. The Vallejo City Council is composed of directly elected Mayor and six Councilmembers elected by district. The City also has 16 Boards and Commissions that advise the City Council on a wide range of issues affecting the community. The City Council appoints members to these bodies, and for several Boards and Commissions, appointments are made based on the Council district in which the appointee resides to ensure district representation.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits have a net impact of \$7,235 due to changes in MOU and benefits.

Services and Supplies

The Legislative budget decreased by \$11,290 due to one-time funding provided in FY 2025-2026 for training and conference expenses. Board and Commission funding for FY 2026-2027 may fluctuate from year to year based on the work plans submitted annually by each Board and Commission and approved by the City Council.

POLICE DEPARTMENT

OVERVIEW

The mission of the Vallejo Police Department is to serve the community of Vallejo through fair and impartial policing by reducing crime and the fear of crime while building strong community partnerships for a safer Vallejo.

The Police Department consists of the following organizational units: Office of the Chief of Police, Support Services Bureau, Operations Bureau, and Investigations Bureau.

Office of the Chief of Police

Provides for the overall management of Police Department activities.

Support Services Bureau

Professional Standards Division

Includes the Internal Affairs, Personnel and Recruitment units. Internal Affairs is responsible for the receipt and investigation of all citizen complaints in addition to regularly reviewing department policies and maintaining general orders. The Professional Standards Division also oversees the department's Police Reserve, Police Cadet/Explorer, and Citizen Volunteer programs.

Compliance, Integrity, and Accountability Division

The CIAD was created for the sole purpose of implementing the police reforms initially begun in 2020. CIAD works with the California Department of Justice and their evaluation team to rewrite policy, create training, and implement agreed upon compliance measures. Data collection, reporting, and auditing are all part of the reform process initiated within the division

Records Section

Provides telephone and walk-in assistance to citizens with report requests, ticket signoffs, local background checks, vehicle releases, general police-related information along with a variety of specialized administrative and technical duties.

Communications Section

Provides public safety communications for the Police and Fire Departments, answers 9-1-1 and other telephone calls, and dispatches police, fire, and medical responses.

Operations Bureau

Patrol Division

Responds to urgent citizen calls for service, enforces laws and regulations and maintains field police presence.

Traffic Division

Responsible for citywide enforcement activities, responds to and investigates vehicle collisions, including fatalities, conducts follow-up investigations of vehicle collisions and traffic arrests made by patrolling officers. In addition, the Division manages traffic-related grants, staffs' special events, enforces parking laws and regulations, regulates taxi cabs that operate in the City of Vallejo, issues oversize load permits, conducts commercial vehicle enforcement, regulates contract tow companies, and assists Investigations Division with forensic mapping of crime scenes.

Investigations Bureau

Detective Division

Handles all investigations involving violent felony crime and, to the extent possible, serious property crime. Detectives assist other law enforcement agencies toward the common goal of suppression of crime in Vallejo and surrounding communities. The division also focuses on covert investigations, the P.E.A.C.E. Team, FBI Federal Task Force Officers, School Resource Officers and Crime Analysis Units. These units will help to prevent, investigate, and conduct proactive enforcement focused on violence prevention.

POLICE DEPARTMENT

Emergency Services Unit (ESU)

Responds to emergency and high-risk situations that occur outside the scope of patrol and investigation duties. The ESU is comprised of five separate teams: SWAT, Mobile Field Force, Hostage Negotiations Team, Tactical Dispatchers, and Technology Team. The unit also works the Fire Department's Tactical Emergency Medical Team.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits has a net decrease of \$227,795 due to changes in MOU and benefits removal of twenty-one Police Officers, seven Police Corporals, one each of a Police Captain and Police Lieutenant (these include previously not budgeted positions and new positions,) and three limited-term Police Assistants as well as one new Police Program and Performance Manager.

Services and Supplies

There is a net decrease of \$115,221 of FY 2026-2027 budget, primarily due to the shifting of qualifying expenses to be funded by Measure P including replacement and upgrade to Police Vehicle equipment.

FY 2025-2026 ACCOMPLISHMENTS

- Successfully completed of grant funded Project HOPE and Project HOME initiatives
- Purchased third vehicle for IHART
- Successfully completed the second year of reform under the settlement agreement
- Launched the Vallejo VISION focused deterrence program
- Graduated the first Volunteer Community Academy since 2019
- Deployed License Plate Recognition (LPR) cameras throughout the community to actively deter criminal activity
- Achieved an 87% solve rate for homicides
- Reduced overall crime by 20%

FY 2026-2027 DEPARTMENT GOALS

- Establish a Drone as First Responder (DFR) Program
- Proceed with Solano County digital radio system
- Hire police reform program manager
- Hire civilian executive to oversee civilian staff
- Fully staff communication center
- Hire secretary to assist executive staff
- Hire administrative analyst for financial management
- Complete new Communications Center
- Fill all 99 budgeted officer positions
- Establish a Community Engagement and Public Information Officer Unit

PUBLIC WORKS

OVERVIEW

The Public Works Department is responsible for the engineering design, construction, and maintenance of the City's roads, sidewalks, traffic signals, trees, open spaces, and buildings. The department also manages stormwater compliance programs, transportation planning, recycling & solid waste contract services, and operates the Vallejo Municipal Marina.

The Public Works Department consists of several sections that deliver many services:

Public Works Director

Manages development and implementation of departmental goals, policies and priorities, determines appropriate service and staffing levels and allocates resources for the best service, delivery methods, and procedures.

Administration

Plans, directs, and manages operations, and provides general administrative direction.

Environmental Services

Manages Stormwater regulatory information and regulatory permits while also advising on environmental hazards and cleanup.

- Recycling: Manages the recycling program and administers solid waste franchise agreements.

Transportation:

Coordinates with Solano County Transportation Authority (STA), Caltrans, and Metropolitan Transportation Commission (MTC) on transportation transit, and traffic related programs.

- Parking: Addressed separately in this document.
- Traffic Engineering Section: Maintains traffic records, evaluates traffic signal operation, administers traffic safety improvement projects and reviews private development projects for necessary street and traffic improvements.

Engineering Division

Overseen by the Assistant PW Director / City Engineer

- Capital Improvement Program: Provides engineering design, construction administration and inspection services for capital improvement projects.
- Current Development: Provides private development plan review and inspection services to ensure compliance with Vallejo City Standards, the Subdivision Map Act and Vallejo Municipal Code.
- Landscape Maintenance Districts: addressed separately in this document.

Maintenance Division

Overseen by the Assistant PW Director / Maintenance

- Building/Facilities Section: Performs repair and maintenance services at 56 City-owned buildings.
- Streets Section: Maintains roadway systems; assists other Public Works sections and Recology with illegal dumping clean up.
- Grounds Section: Maintains grounds at City-owned facilities, street medians, street rights-of-way, 23 parking lots, and 2 cemeteries; performs tree trimming and maintenance of 53,000 City street trees.
- Traffic Section: Maintains streetlights, traffic signals, traffic signal intersections, street signs; paints road striping and markings; performs graffiti abatement; operates the Mare Island Causeway Bridge; completes Underground Service Alerts (USAs); installs and maintains cameras; open and close the Mare Island Preserve every weekend. Fleet: addressed separately in this document.
- Fleet Section: Addressed separately in this document.
- Marina: addressed separately in this document.

PUBLIC WORKS

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits has a net impact of \$182,000 due to changes in MOU and benefits as well as the removal of three Maintenance Workers, two Senior Public Works Maintenance Workers and three Assistant/Associate Civil Engineers.

Services and Supplies

There is a net decrease of \$431,000 the FY 2026-2027 budget for services and supplies compared to the FY 2025-2026 adopted budget, primarily due to the shifting of eligible expenses to be funded by Measure P.

FY 2025-2026 ACCOMPLISHMENTS

- Construction completed:
 - Completed Bay/Vine Trail project, Navigation Center, Lake Dalwigk, and Redwood Street Road Diet projects.
 - \$2M Slurry Seal project on 8 miles of residential streets
 - New Signal and widening on Columbus Parkway at Bordoni/Greenmont by Waterstone Development.
 - Installation of Alden Park pedestrian level lights.
- Currently starting Construction:
 - Springs Road HAWK signals, pavement rehab, road diet, pedestrian safety improvements
 - Ferry Terminal Mobility Hub Improvements
 - New Parking Lot with bathroom, lighting, EV chargers at the Public Boat Launch (by PG&E)
 - Mare Island Causeway Bridge Rehabilitation
- Municipal Marina:
 - Sediment study completed for Marina to begin development of near, medium, and long-term plans
- Finance and Revenues:
 - Increased parking revenues due to up-tick in demand

FY 2026-2027 DEPARTMENT GOALS

- Execution of a \$10 million Pavement Management Program, funded by Measure P and carried out collaboratively by the Public Works Transportation, Engineering, and Maintenance divisions.
- Completion of the Police Department dispatch center relocation.
- 100% Design Plans for Vallejo Community Safety Center (Police Department Building)
- Clean CA Grant retrofit of a landscaped ornamental public park at 212 Georgia street.
- Install permanent fencing at the boat launch.
- Hazardous waste material remediation projects completion (50 Solano, MI Building 571)
- Install an outdoor exercise equipment area at Independence Park.
- Adoption of Urban Forestry Master Plan.
- Start the sidewalk inspection and shaving program.
- Complete the replacement of the new emergency back up generator at City Hall.

PLANNING & DEVELOPMENT SERVICES FUND

OVERVIEW

The primary purpose of the Planning and Development Services (P&DS) Department is to promote quality development citywide and increase investment in the community which then increases the tax base and job opportunities for residence of Vallejo. To implement these goals, the P&DS Department efficiently facilitates the development review and inspection process and protects the health and safety of the community.

The Planning and Development Services Department consists of Department Administration and three divisions: the Planning Division, Building Division and the Code Enforcement Division.

Department Administration

Responsible for overall departmental management of the three core divisions, including budget oversight, contract administration, and miscellaneous coordination efforts within the Department and with other departments and agencies. In addition, Administration staff oversee department-wide objectives such as customer service improvements, process efficiency enhancements, and grant procurement for multi-disciplinary long-range policy efforts.

Planning Division

The Planning Division is responsible for creating, updating and implementing City land use policies that achieve the physical development of the City as envisioned by the General Plan, and in support of Council priorities. The Division is comprised of two sections:

- The 'Current Planning' section reviews development applications associated with a wide variety of residential, commercial, retail, industrial and semi-public projects to ensure consistency and compliance with the City's General Plan, the Zoning Ordinance and Subdivision Ordinance, and all state and federal regulations, including the California Environmental Quality Act. The section is also customer focused, in that staff help applicants through the development review process (including facilitation of use permits, development review permits, sign permits, tentative maps, and other land use entitlements), staff the public counter, conduct preliminary development review, and respond to zoning related inquiries. The section also provides support to the Planning Commission, the Architectural Heritage and Landmarks Commission, and the Design Review Board.
- The 'Long-Range Planning' section is responsible for the development of, and amendments to, the City's General Plan, Zoning Code, Specific Plans, and other special long-range policy projects. The section is also responsible for tracking and coordinating (where appropriate) the implementation of various long-range plans, such as the Housing Element.

Building Division

Provides plan review, permit, and inspection services for construction projects and ensures compliance with the California Code of Regulations Title 24. Over the last year, the Division has completed over 12,000 building inspections, 7,200 plan reviews, and issued over 4,300 permits. Building Division staff investigate citizen complaints and unpermitted construction work as part of Building Code compliance efforts. Building Division staff respond to Police and Fire department dispatch for buildings that have suffered significant structural damage as a result of earthquakes, floods, fires, high winds or vehicle accidents, and are some of the first responders for the City's Emergency Operation Center (EOC).

PLANNING & DEVELOPMENT SERVICES FUND

Code Enforcement Division

The Code Enforcement Division provides regulatory compliance services on behalf of Vallejo Residents and City Departments. On private properties, Code Enforcement manages and coordinates the City's property maintenance ordinance, vacant real property registration, shopping cart ordinance, inoperative/inoperable/dismantled/wrecked vehicles, and is proactive with public nuisance property inspections. The Division assures due process and transparency in the enforcement of laws associated with private property. The Division is also in the process of adding general inspection programs to the inhouse workplan in support of the appropriate sale and use of cannabis and tobacco products, compliance checks for sidewalk vendors, and the staff regularly works with other city departments and outside agencies to address distressed and dangerous properties.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The salaries and benefits has a net impact of \$376,638 due to changes in MOU and benefits.

Services and Supplies

There is a decrease of \$146,896 in the FY 2026-2027 Budget for services and supplies as compared to FY 2025-2026 primarily due to a reduced need for consulting services.

FY 2025-2026 ACCOMPLISHMENTS

- Completed Master Fee Schedule Update for Planning & Building Divisions to increase cost recovery rates from 44% to 56% for Planning and from 59% to 73% for Building
- Issued approximately 3,411 building permits and conducted approximately 10,805 inspections
- 326 planning entitlements submitted (including Tobacco Retail Licenses and Cannabis regulatory renewals) and 355 total approved during the period
- 2,776 total code enforcement cases opened, with 2,662 cases resolved (including 329 vacant property registration cases opened, and 331 closed during the same period)
- Completed 124 vehicle abatements on private properties
- Initiated the Vallejo 'CARES' special enforcement taskforce in April 2026
- Adopted an Electric Vehicle Charging Station ordinance to ensure compliance with AB-1236 and AB-970
- Entitled 262 new housing units (including Rollingwood, Vista Cove, Fairview at Northgate unit count increase & 1140 Fifth Street)

FY 2026-2027 DEPARTMENT GOALS

Department Administration

- Continue work with other departments to update the City's development impact fees
- Complete the land management software system usage assessment for the Planning & Code Enforcement divisions

Planning Division

- Continue/complete processing of Housing Element Programs, including:
 - Accessory Dwelling Unit (ADU) regulation updates (HE Program A 3.1.1.e)
 - Inclusionary Housing Ordinance (HE Program B 2.1.1)
 - Rent stabilization program, just cause for eviction protections, tenant anti-harassment protections, and a tenant's right to counsel (HE Program F 1.1.3)
- Continue work on the Waterfront and Downtown Specific Plans
- Complete update of new Vehicle Miles Travelled (VMT) Guidelines

PLANNING & DEVELOPMENT SERVICES FUND

- Work with Economic Development to initiate a Short-Term Rental Ordinance
- Continue work on updates to the General Plan Safety and Environmental Justice elements in order to ensure compliance with State mandates
- Complete Phase 2 of Zoning Code Update
- Continue development process review streamlining efforts/improvements for current planning applications

Building Division

- Fill vacant positions (including the Chief Building Official) to address staff shortages and reduce consultant costs
- Implement a building permit fee reduction pilot program for single family homeowners
- Streamline over-the-counter building permit processes with additional instant issue permitting options
- Continue staff training and development

Code Enforcement Division

- Continue Vacant Property Registration Program enrollments and monthly-monitoring of existing properties in the program to ensure compliance.
- Continue tobacco retail sales inspection and enforcement program.
- Implement new grant funded waste-tire enforcement program
- Assist Building team with unsafe/unpermitted structure enforcement
- Implement process efficiencies, including but not limited to, use of mobile tablets (iPads) in the field for case management
- Continue working with other departments (Public Works, Police) and outside agencies (Solano County Environmental Health) to conduct sidewalk vendor compliance inspections.

ENTERPRISE FUNDS – FIBER

OVERVIEW

The City of Vallejo's VIP Fiber Broadband Program continues to advance the City's long-term strategy of developing a resilient, City-owned broadband network that expands access to reliable and affordable high-speed internet while creating an infrastructure asset capable of supporting economic development, public services, digital equity, and future Smart City applications.

Through the City's public-private partnership with Smart Fiber Networks, VIP Fiber provides broadband and transport services over City-owned fiber infrastructure. Under the five-year agreement established in 2022, Smart Fiber Networks is responsible for network operations, service delivery, maintenance, customer acquisition, and continued network expansion. The revenue-sharing model returns 40% of gross revenues to the City beginning in FY 2023-2024, creating an opportunity for the City's broadband infrastructure to generate recurring revenue that can support ongoing operations, reinvestment, and future network expansion.

The program serves a broad range of community needs, including residents, businesses, public agencies, educational institutions, medical facilities, affordable and supportive housing, nonprofits, and other community-serving organizations. By expanding access to reliable high-speed connectivity, VIP Fiber supports the City's Broadband Digital Equity Strategy and helps address the digital divide by improving broadband access for communities and organizations that have historically faced barriers to reliable internet service.

As the network continues to expand, VIP Fiber is transitioning from primarily developing broadband infrastructure to increasing customer connections, expanding public Wi-Fi, serving new residential and commercial developments, and maximizing the use of existing City-owned fiber assets. The network is also being positioned to support growing demand for bandwidth and emerging technologies, including Internet of Things (IoT) applications, transportation systems, municipal services, and future Smart City initiatives.

Vallejo Information Technology Department is responsible for developing the City's broadband infrastructure and implementing the Broadband Digital Equity Strategy, while the public-private partnership provides the operational and commercial capabilities needed to activate and expand the City-owned network. Together, these efforts position VIP Fiber as both a digital equity initiative and a long-term infrastructure investment designed to improve connectivity, strengthen economic and community development, and create a sustainable foundation for Vallejo's future broadband needs.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The Fiber Fund does not have any full or part-time authorized City staff positions. The fund is being managed by Information Technology Department.

Services and Supplies

The services and supplies budget remain essentially flat.

ENTERPRISE FUNDS – FIBER

EXPENSES BY FISCAL YEAR (\$ MILLIONS)

FY 2025-2026 ACCOMPLISHMENTS

- VIP Fiber launched public Wi-Fi at the Empress Theatre and Georgia Street, including fiber connectivity at Georgia Street Plaza, establishing the foundation for a broader Downtown Vallejo public Wi-Fi network.
- VIP Fiber began providing reliable fiber internet to Mare Island residents on Azuar Drive and expanded service to additional areas, including student housing.
- The City continued implementing its approximately \$3.8 million CPUC Federal Funding Account award to support four major last-mile projects expected to make City broadband infrastructure available to more than 1,000 additional parcels.
- During FY2025-2026, the City and its partners advanced engineering, permitting, construction planning, funding compliance, and construction activities for Mare Island, North Sonoma Boulevard, Porter Street to Seaport Drive, and Trailer City Park.
- VIP Fiber expanded its role in supporting digital equity by providing connectivity to the Vallejo Navigation Center and Broadway Village, which reached its ribbon-cutting milestone in 2026.
- VIP Fiber's resilient and scalable network is designed to support thousands of residential and commercial customers, with previously identified capacity for more than 4,000 retail and residential customers through multiple Points of Presence throughout Vallejo.

FY 2026-2027 DEPARTMENT GOALS

- Complete the Four CPUC Last Mile Projects by finishing construction and closeout of the Mare Island, North Sonoma Boulevard, Porter Street to Seaport Drive, and Trailer City Park projects, expanding City-owned broadband infrastructure to additional underserved and unserved households and businesses.
- Expand VIP Fiber into New Residential and Commercial Developments by coordinating fiber deployment with development and construction schedules in areas such as Blue Rock Springs, Rolling Hills, and Fairview Shopping Plaza on Turner Parkway.

ENTERPRISE FUNDS – FIBER

- Expand Residential and Business Connections by connecting residential customers, multifamily properties, businesses, nonprofits, educational facilities, and other community institutions along existing and newly constructed fiber routes.
- Expand Public Wi-Fi by building on the initial deployments at the Empress Theatre and Georgia Street and extending service to priority locations including Downtown Vallejo, the Ferry Building/Waterfront, Blue Rock Springs Park, and the Dan Foley Cultural Center.
- Increase Utilization and Revenue from City Fiber Assets by pursuing additional commercial, residential, institutional, and wholesale opportunities that use existing and newly constructed City Position Vallejo for the Next Generation of Broadband Infrastructure by pursuing state, federal, and other funding opportunities that strategically connect new infrastructure to the City's existing backbone and fiber infrastructure.
- Continue Digital Equity Initiatives by prioritizing broadband access for affordable and supportive housing, community facilities, educational organizations, nonprofits, and underserved residential areas.
- Points of Presence while supporting future municipal, economic development, public safety, public Wi-Fi, transportation, IoT, and Smart City applications.

ENTERPRISE FUNDS – GOLF COURSE

OVERVIEW

The Blue Rock Springs Golf Course consists of two, City-owned, championship 18-hole public golf courses, a 28-stall lighted driving range, retail pro-shop, golf cart barns, banquet, café, and maintenance facilities. On January 1, 2018, the City entered a contract with Touchstone Golf Courses LLC., which was given an extension on January 2022, for the daily management, operation and maintenance of the City's Golf Courses. Touchstone has made improvements to the course, pro-shop and café to benefit the City and the users of the course. They have also increased teaching programs and interactions with youth and supporting school golf programs.

In December 2022, the City disposed of approximately 75 of the 225-acre site of the golf course to its development partner, Lewis Group. The Project is expected to contribute towards a regional housing shortage while also generating revenue for the City to invest in the existing golf course and upgrade it with a Greg Norman concept. It is the City's intention that the City-owned golf courses be operated as a self-supporting enterprise with the maintenance and operational costs of the golf courses, as well as the financial support for all capital improvement projects related to the facility, being funded by golf fees. Since mid-2020 increased play has enabled funding for key maintenance and capital improvement projects.

Since December 2022, when the City disposed of a portion of the property, it also entered into a Performance and Participation Agreement with the Lewis Group; this agreement outlines the terms for additional financial consideration to the City and establishes a schedule for project applications and entitlements. The developer conducted extensive public outreach throughout 2024 and 2025 to gather community input. In July 2025, the developer submitted preliminary cost and scope options for the golf facilities and clubhouse. Following a City Council review in September 2025, direction was provided to include a 9-hole par-3 west course, increased event capacity, under-clubhouse golf cart storage, phased development, and the addition of a youth center on the City-retained portion of the site.

As of March 2026, the City Council approved moving forward with redevelopment plans incorporating prior Council direction. The agreement with Blue Rock Springs LLC includes a profit-sharing structure that guarantees the City a minimum return of \$10.5 million from residential development. The project is anticipated to be completed by 2037 and will now proceed through the Planning and Development Services Department for final planning and cost development.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS FY ADOPTED 2025-2026

Salary and Benefit Changes

The operations and management of the Vallejo Municipal Golf Courses is managed by an outside firm.

Services and Supplies

The FY 2026-2027 Golf services and supplies budget decreased mainly due to reduced water billing. The Golf Fund is transferring \$500,000 to the General Fund.

ENTERPRISE FUNDS – GOLF COURSE

EXPENSES BY FISCAL YEAR (\$ MILLIONS)

FY 2025-2026 ACCOMPLISHMENTS

- The Lewis Group and collaboration team will hold community meetings to present the community with the opportunity to learn more about the updated and proposed project concepts, ask questions and provide comments.
- City Council approved preliminary redesign and clubhouse plans for the golf course on September 9, 2025.
- City Council voted to approve the preliminary concept plans submitted by Blue Rock Springs, LLC. on March 24, 2026 to redesign, renovate and redevelop the existing 36-hole City Golf Course into a new eighteen (18-) hole golf course on the City-retained property, in a manner that allows for it to operate as an affordable public course but independent of subsidies from City

FY 2026-2027 DEPARTMENT GOALS

- Fund the development of a new City-owned multi-use clubhouse and associated facilities serving both the City Golf Course and the local community on the City-Retained Property
- Preserve or improve the existing aesthetics, quality, property values, environment and views of the surrounding neighborhoods.
- Increase event capacity to 500 people
- Add an optional task of under-clubhouse golf cart storage
- Phase development tasks in order to allow for scaled implementation
- Explore locating a youth center somewhere on the overall development site on the City-retained property

ENTERPRISE FUNDS - MARINA

OVERVIEW

The services provided by the City and its third-party manager help us to efficiently operate, maintain and preserve the use of the Marina and Small Boat Launch Ramp.

The Vallejo Municipal Marina premises consists of 642 marina berths, a harbormaster facility, three restroom facilities, a highly used promenade area, and a boat launch area. The F3 Marina provides daily management, operation and maintenance of the Marina, including a fueling facility, two sewer pump-out stations, a laundry facility, a shower facility and Wi Fi services.

Currently the City is paying debt services and is subsidizing operating expenses of the Marina.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The operations and management of the Vallejo Municipal Marina is managed by an outside firm.

Services and Supplies

The FY 2026-2027 Marina services and supplies budget moderately decreased by \$43,637. The capital project fund currently receives subsidies of \$130,000 from State Land and \$250,000 from General Fund to support dredging, as well as \$700,000 General Fund subsidies to support debt service obligation.

EXPENSES BY FISCAL YEAR (\$ MILLIONS)

ENTERPRISE FUNDS - MARINA

FY 2025-2026 ACCOMPLISHMENTS

Completion of the Vallejo Marina Sedimentation Observation Memorandum, Vallejo Marina Bathymetric Survey Report, Vallejo Marina 2026 Survey Plan, and Drone Survey.

FY 2026-2027 DEPARTMENT GOALS

- Advance the Municipal Marina Redevelopment Plan using the \$1.5 Million California Natural Resources Agency Grant. The City will partner with Foth & Van Dyke to complete a feasibility & marina market analysis, obtain required maintenance dredging permits from USACE, BCDC, SFWQCB, CDFW, perform field explorations and develop a design for a future Municipal Marina.
- Complete the removal of Dock A to ensure compliance with Marina's BCDC permit requirements.

ENTERPRISE FUNDS – VALLEJO STATION PARKING

OVERVIEW

The Parking Fund's mission is to manage a fully integrated parking program, which supports businesses, residents, and visitors in the Waterfront and Downtown areas. In addition to providing a full range of parking options, the fund creates opportunities to recoup the cost of operations and maintenance for parking lots, garages, and equipment.

The parking program offers a 748-stall parking structure, and sixteen City-owned surface parking lots, providing over 2,700 total public parking spaces in the City's Downtown and Waterfront areas.

The program offers two residential limited parking permit programs, as well as a residential discount program to residents in specific geographic locations. The Program also provides contracted security services throughout the Downtown and Waterfront parking areas, including real-time monitoring of surveillance camera feeds, as well as contracted Parking Enforcement services.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The Vallejo Station Parking Fund does not have any full or part-time authorized City staff positions. The fund is being managed by Public Works

Services and Supplies

The FY 2026-2027 Vallejo Station Parking Services and Supplies budget increased by \$500,000 to support major maintenance and capital needs associated with Project PWV001. The project will fund improvements such as repaving and/or restriping parking lots, repairing or expanding the security system, and completing major maintenance on the parking garage.

EXPENSES BY FISCAL YEAR (\$ MILLIONS)

ENTERPRISE FUNDS – VALLEJO STATION PARKING

FY 2025-2026 ACCOMPLISHMENTS

- Installed new parking pay station throughout the Downtown and the Waterfront areas, replacing outdated equipment and providing more reliable and user-friendly payment option.
- Enhanced parking revenue collection and operational efficiency through the modernization of parking payment infrastructure.
- Completed parking signage improvement throughout the Downtown and Waterfront areas, replacing faded and outdated signs to improve visibility and clarity.
- Improved the customer parking experience by providing clearer information regarding parking facilities, regulations and payment options.

FY 2026-2027 DEPARTMENT GOALS

- Continued improvement of the City's Downtown and Waterfront parking program by enhancing parking signage and visibility throughout public parking areas.
- Identifying locations where additional or improved signage is needed to provide clearer direction, communicate parking regulations, and improve overall customer experience.
- Evaluate the placement and utilization of existing pay stations and relocate equipment to areas with greater parking demand and usage. This effort will improve access to payment options, maximize the use of existing equipment, and better align pay station locations with customer needs.

WATER DEPARTMENT

OVERVIEW

The City of Vallejo Water Department's mission is to provide high quality water service to our customers in a safe, reliable, sustainable, and fiscally responsible manner. The Water Department staff manage the system and infrastructure to ensure that the City's water customers' drinking water is always there when they need it, that Vallejo water meets or exceeds all State and Federal water regulations and standards, and that sufficient water is always available for fire suppression.

The Water Department provides the drinking water treatment and distribution, water quality and laboratory, engineering, watershed management, instrumentation, mechanical, electrical and facilities maintenance, as well as administrative and leadership support needed to manage and operate the City Water System and Lakes Water System. The Department also provides drinking water treatment and treatment laboratory services to Travis Air Force Base. The City's Finance Department (Commercial Services Division) provides meter reading and water billing services. All Water-related labor costs, services, infrastructure and upgrades are funded entirely by the Water Enterprise Fund; no General Fund resources support the Water Department.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS FY ADOPTED 2025-2026

Salary and Benefit Changes

The budget book includes updated budget information for a total of 139 funded positions. Of the authorized positions, 121 work in the Water Department and 18 positions report to Finance for Water Billing Services (Please see "Authorized Positions")

The budget for salaries and benefits is \$24.6 Million, which is 6.7% higher than the FY 2025-2026 adopted budget of \$23.1 Million (including staff vacancies). This increase is due mainly to COLA increases from labor agreements in FY 2026-2027.

Services and Supplies

Services and supplies expenditures increased by a net 11.6% compared to the FY 2025-2026 budget.

FY 2026-2027 CAPITAL PROJECTS AND EQUIPMENT

New appropriations in the FY 2026-2027 capital improvement budget total \$6.7 million for the Skyview Tank Repair, FY 26/27 Water Main Replacement, Flocculation and Sedimentation Basin Design, Distribution System Supervisory Control and Data Acquisition (SCADA) Renovation and some similar projects. The remaining CIP focuses on completing existing projects.

Examples of major project types include:

- Pipeline projects - City System and Lakes Water System projects (in conjunction with Public Works' street paving projects)
- Pump and pressure station projects
- Treatment plant projects – all plants
- Operational technology projects
- Water storage projects- tanks and dams
- Facilities renovation and upgrade projects

Capital equipment allocations of \$331,400 remained the same from the previous fiscal year.

WATER DEPARTMENT

FY 2025-2026 ACCOMPLISHMENTS

- Completed implementation of the meter upgrade project (Advanced Metering Infrastructure/AMI).
- Began work on the City's long term water supply strategy.
- Began work on updating the Water Department's Long Term Capital Improvement Program.
- Treated 5 billion gallons of drinking water for customers
- Met or exceeded all water quality standards, through collaboration across all Water functions.
- Continued to respond to threats to Vallejo's water supply and pursued supply expansion, including testifying on Vallejo's behalf at the Bay Delta Water Quality Control Plan hearings in Sacramento.
- Continued to improve the water system's reliability funded by the Water Revenue Bond through management of design, construction, and completion of applicable capital projects for watermain, dams, plants, and pump stations.
- Supported economic development by completing development reviews and inspected construction projects to ensure compliant and high-quality water infrastructure for Vallejo's built environment.
- Successfully met the state requirements to renew the laboratory's accreditation as an environmental testing laboratory under California Department of Drinking Water Environmental Laboratory Accreditation Program (ELAP).
- Partnered with Human Resources to improve recruitment processes and outcomes.
- The Distribution Division managed marked increases in the frequency of water main breaks (and staff overtime) despite the staffing shortage.
- The Treatment Division achieved 100% compliance with all mandated parameters (and staff overtime) despite the staffing shortage.
- Completed security and access-control improvements at Water Department facilities, including key-card access at all treatment plants and pump stations and upgraded security cameras at the Fleming Hill Water Treatment Plant and the Mud Press facility.
- Improved the reliability of the City's water production and distribution systems by replacing several pumps at critical pumping stations and completing electrical infrastructure improvements at the Fleming Hill and Green Valley water treatment plants.
- Advanced implementation of the Department's Supervisory Control and Data Acquisition (SCADA) Master Plan, including alarm mitigation, standardized system graphics, expanded historical data collection, and individual user logins to strengthen system monitoring, security, and operational accountability.
- Implemented a comprehensive hydrant maintenance and data-collection program and completed maintenance on approximately 25 percent of the City's hydrants. Documented identified deficiencies to support prioritized repair and replacement planning.
- Continued resolving items on the Advanced Metering Infrastructure Return-to-Utility list. These items involve meter locations requiring additional investigation or corrective work by Water Distribution staff following the contractor's initial meter-replacement attempt.
- Advanced coordination with Information Technology, Public Works, and outside consultants toward implementation of a departmentwide computerized maintenance management and asset management system.
- Responded to and repaired numerous significant raw and treated water main breaks, maintaining continuity of water service and protecting the reliability of the City's water system.
- Developed a departmentwide safety training matrix to identify required training by position, monitor employee compliance, and improve the consistency of the Department's safety program.
- Maintained full compliance with Certified Unified Program Agency requirements across all Water Department facilities.

WATER DEPARTMENT

- Completed a draft Water Treatment Operations Plan to establish consistent operating practices and support regulatory compliance at the Department's treatment facilities.
- Completed required U.S. Environmental Protection Agency inspections of the Travis Air Force Base water system and corrected all identified observations.
- Fully implemented a departmentwide hearing conservation program to protect employees exposed to occupational noise and ensure compliance with applicable workplace safety requirements.
- Developed and implemented a departmentwide Safety Data Sheet inventory and established employee right-to-know stations and supporting documentation at Water Department facilities.

FY 2026-2027 DEPARTMENT GOALS

- Continue to prioritize Water infrastructure upgrades and repairs (watermain, dams, plants, pump stations), operational technology, and implementation of the water revenue bond
- Complete first-phase upgrades to the City's Water Treatment Plant at Travis Air Force Base, complete study on cost recovery for water services provided to the installation, and partner with Base personnel to achieve Federal funding for phase-two infrastructure repairs and ongoing maintenance.
- Continue to expand community outreach, engagement, and partnerships.
- Continue construction of the replacement of the out-of-service, six-million-gallon Skyview treated water tank essential to water system operations.
- Complete long term water supply strategy.
- Complete long term capital plan, maintenance plan, and staffing analysis to ensure sufficient resources to meet public health goals, fire suppression requirements, and reliable delivery of drinking water to customers.
- Complete RFP for next 5-year water rate plan to launch water rate study.
- Update Water Rate Assistance Program.
- Analyze and update Water Department Policies and Procedures document.
- Identify and implement asset management software for warehouse inventory management
- Achieve a vacancy rate of less than 20% per division of the Water Department.
- Complete the first departmentwide hydrant maintenance cycle by inspecting and performing scheduled maintenance on the remaining 75 percent of the City's hydrants, documenting deficiencies, and prioritizing necessary repairs and replacements.

ECONOMIC DEVELOPMENT FUNDS – SUCCESSOR AGENCY TO THE FORMER VALLEJO REDEVELOPMENT AGENCY

OVERVIEW

The Economic Development Department staff are responsible for winding down the former Redevelopment Agency and implementing the functions of the Successor Agency with assistance from City Attorney's Office and Finance Department staff.

All activities of the Successor Agency are administrative in nature related to complying with the Dissolution Act and are subject to the review and approval of the Oversight Board and State of California.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Salary and Benefit Changes

The Successor Agency does not have authorized positions.

Staff charges are allocated through the citywide cost plan and are subject to the annual administrative cost allowance as set by the legislation which dissolved the Redevelopment Agency (the "Dissolution Act"). There are no direct salaries and benefits allocated to the Successor Agency.

Services and Supplies

The Dissolution Act eliminated redevelopment agencies effective February 1, 2012. The City elected to assume the role of Successor Agency to the former Vallejo Redevelopment Agency (the "Successor Agency").

The California Health and Safety Code (Section 34177 et. seq.) allows up to three percent of enforceable obligations (or \$250,000 per fiscal year, whichever is greater) for administrative costs paid from the Successor Agency Fund. The Dissolution Act provides for an allowance to cover administrative functions, which includes salaries and benefits costs, and services and supplies costs.

The City, as administrator of the Agency, continues to incur significant costs associated with the efforts to unwind the affairs of the former Redevelopment Agency. The FY 2026-2027 administrative allowance is budgeted at \$46,935.

Debt service and payments on existing enforceable obligations are not part of the administrative allowance cap, but must be approved on an annual basis by Solano Consolidated Oversight Board- Solano County and the State Department of Finance. Funding for Successor Agency obligations and the administrative allowance comes from incremental property tax revenue in the former Redevelopment Agency Project Areas.

ECONOMIC DEVELOPMENT FUNDS – MARE ISLAND PROGRAMS

OVERVIEW

The Mare Island Funds provide for the conversion, development, infrastructure, and municipal services of the former Mare Island Naval Shipyard converted from military to civilian use. The City has executed a series of grants, leases, and Community Facilities District (CFD) Funds to finance the annual operating and infrastructure maintenance requirements for this former naval base.

The following Mare Island Funds (which are non-General Fund) support the development and municipal services on Mare Island as follows:

Conversion Fund #106

The Conversion Fund accounts for the pass-through of federal environmental clean-up funds to facilitate the conversion from former military properties to civilian use. The fund received an \$8 million allocation from the Navy in FY 2011-2012, \$399,000 in FY 2014-2015, \$955,262 in FY 2016-2017, and approximately \$31 Million in FY 2017-2018 as a result of a settlement with the insurance company. The fund received an additional \$2,393,391 from the Navy in FY 2018-2019, \$962,689 in FY 2020-2021, \$1,908,104 in FY 2021-2022, \$1,290,420.81 in FY 2022-2023 and \$7,953,718 in FY 2023-2024. These funds are restricted for the costs of remediating the remaining environmental conditions that require cleanup at the Eastern Early Transfer Parcel (EETP).

Base Reuse Fund #107

The Base Reuse Fund accounts for ongoing development support on Mare Island. Historically revenue was almost entirely from percentage rent payments from Lennar Mare Island (LMI) pursuant to the Acquisition Agreement between the parties and leases. Effective December 2017, LMI stopped making these payments, thereby reducing the annual revenues to this account from over \$400,000 per year to approximately \$35,000 a year. And, effective March 2025, Alstom Transportation terminated their track lease agreement further reducing the revenues in this account to approximately \$9,600 a year. As this fund no longer has sufficient revenue and carry forward funds from FY 2025-2026 to cover budgeted costs in FY 2026-2027, the City's General Fund is budgeted to provide a subsidy to this account totaling \$100,000 to continue operations of this fund and support of Mare Island development.

CFD 2002-1

The 2002 Community Facilities District (CFD) includes residential and commercial properties, the Mare Island Golf Course, Touro University and the City-owned Mare Island Chapel. It is a services-only 939-acre district that funds the municipal services costs on the Island. The district receives an allocation of all tax revenues generated on Mare Island and assesses property owners a special tax for the balance of funds needed to support approximately \$5 million in annual services. As development expands, tax revenues are expected to increase, and the special tax requirement is expected to decrease.

CFD 2005-1A (State) and 2005-1B (Local)

The 2005 Community Facilities District (CFD) is a residential district. The 2005-1A CFD was formed under state law and is composed of both a facility and a services component. It was anticipated that the Facilities component would eventually issue bonded debt to pay for capital improvements, however no bonds have been issued to date. The 2005-1B CFD was formed under the City's Mare Island Services Financing Code and is composed of a services component. The 2005-1B CFD will not issue bonded debt. Services in these districts are provided by the City as improvements are completed by the developer.

ECONOMIC DEVELOPMENT FUNDS – MARE ISLAND PROGRAMS

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS FY ADOPTED 2025-2026

Salary and Benefit Changes

The budget book includes updated budget information for a total of 139 funded positions. Of the authorized Economic Development Division staff coordinates with The Nimitz Group, Lennar Mare Island, State Lands Commission, regulatory agencies, community stakeholders and other interested parties regarding ongoing issues with environmental clean-up and transfer of property from the Navy, and the potential re-use and development of Mare Island.

Services and Supplies

Conversion Fund #106

The FY 2026-2027 expenditure budget for the Mare Island Environmental Conversion Fund reflects a decrease of approximately \$168,648 from FY 2025-2026 adopted budget primarily due to reduced need for professional services and legal fees. The Fund 106 budgeted costs are primarily needed to oversee the ongoing environmental cleanup projects on the Island, and to process the Navy's anticipated parcel transfers to the City and the environmental cleanup grant requests anticipated in FY 2026-2027.

Base Reuse Fund #107

The FY 2026-2027 expenditure budget for Fund 107 reflects a decrease of approximately \$111,290 from the FY 2025-2026 adopted budget. This decrease is primarily attributable to reduced need for legal budget and building repair and maintenance.

CFD 2002-1 Fund #112

In FY 2026-2027, the expenditure budget totaling approximately \$5.23 million represents an increase of approximately \$71,000 from the FY 2025-2026 adopted budget of \$5.16 million. This increase is primarily due to interfund cost allocation.

PUBLIC WORKS FUNDS – FLEET MAINTENANCE/REPLACEMENT

OVERVIEW

The Fleet Program is designed to maximize the cost-effective utilization of the City's fleet while ensuring sufficient funds are available for scheduled maintenance, repair and replacements.

The Corporation Shop Fleet Branch of the Public Works, Maintenance Division is responsible for the management of City of Vallejo Fleet Programs comprised of the Operation, Maintenance and Repair Program and the Vehicle and Equipment Replacement Program.

The Operation, Maintenance and Repair Program provides fueling services, scheduled vehicle and equipment maintenance, repairs, and inspections. This branch is responsible for maintaining fleet maintenance and safety records, and filing mandated reports to regulatory agencies, such as the Environmental Protection Agency, California Highway Patrol, Department of Transportation, and California Bureau of Automotive Repair for smog inspection requirements. The Fleet Replacement Program includes all actions necessary to replace each unit when scheduled and upon receipt of available funding, and outfit each new unit with required operations and safety equipment, such as lights, sirens, and City logos. The Fleet Branch is responsible for all City fleet units, including fire apparatus, police vehicles, electric vehicles, excavators, dump trucks, pavement grinders, paving machines, special equipment, and the accessories for each unit.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS FY ADOPTED 2025-2026

Salary and Benefit Changes

The new fiscal year budget is based on all authorized positions being filled.

Services and Supplies

The FY 2026-2027 vehicles and equipment replacement budget includes \$3,820,000 for 19 units, funded with \$2,837,000 from the Measure P Fund, \$885,000 from the Water Fund, and \$98,000 from the Gas Tax Fund. An additional \$3,768,900 in carried-over vehicle and equipment replacements from prior fiscal years is also scheduled for purchase.

The City will complete delivery, outfitting, and placement into service of the Fire Department's ladder truck (Unit 232) and Type VI brush truck (Unit 244), ordered in FY 2025-2026, representing the remaining \$2,573,900 balance under the Banc of America Public Capital Corp lease financing agreement. The City will also purchase the Fire Department's Type VI brush truck (Unit 241) as part of the carried-over replacement schedule.

Fleet operations will continue to meet all scheduled preventive maintenance, smog, and safety inspection requirements, as well as mandated regulatory reporting obligations. Five Fleet mechanics are scheduled to attend technical training classes in FY 2026-2027 to strengthen staff certifications and technical expertise.

PUBLIC WORKS FUNDS – GAS TAX

OVERVIEW

This is a special revenue fund established under Streets and Highways Code §2105 – 2107.5, and is used to account for the City’s share of the State’s annual gas tax revenue allocation and the City’s use of those funds in compliance with S&H codes. The Gas Tax Fund budget is based on projections made by the State of California. Revenue is also collected from garbage services (through Recology), street sweeping, and insurance proceeds for damages to street signs, lights, and signals.

Gas Tax budget funds the construction and maintenance of road facilities to provide safe, convenient, and economical transportation.

Gas Tax funding is used for the construction of new roads, reconstruction and/or realignment of existing roads, resurfacing, restoration or rehabilitation services, and performing betterment work, such as upgrading guardrail or widening shoulders. This budget can also be allocated to administration and engineering costs incurred and directly related to these activities.

Gas Tax budget also funds road preservation and maintenance efforts, such as the following: pavement patching and resealing; restoring erosion controls and reshaping drainage channels; mowing, tree trimming, and watering within the street right-of-way; replacing topsoil, sod, shrubs, trees, and irrigation facilities; repairing curbs, gutters, culverts, and drains; cleaning (street sweeping); painting and repairing bridges and structures; repainting pavement striping and markings; repainting and repairing signs, guardrails, traffic signals, and lighting standards; servicing street lighting and traffic control devices; and furnishing power for street lighting and traffic control devices.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS FY ADOPTED 2025-2026

Salary and Benefit Changes

Salaries and benefits are not directly charged to the Gas Tax Fund. Costs associated with salaries and benefits for Maintenance Division staff are recovered through cost allocations from the Gas Tax Fund to the General Fund.

The Gas Tax Fund does not have any full or part-time authorized positions.

Services and Supplies

The FY 2026-2027 budget increased mainly due to increased expenditures in Traffic Signals, Street Lighting, and Overlay and Sidewalk Repairs.

PUBLIC WORKS FUNDS – LANDSCAPE MAINTENANCE DISTRICT

OVERVIEW

The Landscape Maintenance District program provides stewardship and administration of dedicated funding necessary to support maintenance, repair and improvement of Landscape Maintenance Districts formed in accordance with the California Streets and Highway Code Improvement Act of 1911 and the Landscape and Lighting Act of 1972, as well as the City of Vallejo Municipal Code and Proposition 218.

The Landscape Maintenance District (LMD) Section of the Public Works Engineering Division provides oversight to ensure that funding for each approved LMD is expended in a cost-effective manner on clearly defined services and/or improvements that provide a direct advantage to property in each assessment district, typically through administration of maintenance service contracts. The City of Vallejo has 27 LMDs; 13 LMDs were formed under the Landscape and Lighting Act of 1972 and 14 LMDs were formed under the California Streets and Highway Code Improvement Act of 1911.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS FY ADOPTED 2025-2026

Salary and Benefit Changes

The FY 2026-2027 Landscape Maintenance District (LMD) budget for salaries and benefits will remain essentially flat when compared to FY 2025-2026

There are no changes to the FY 2026-2027 authorized positions.

Services and Supplies

The FY 2026-2027 Landscape Maintenance District (LMD) services and supplies budget increased by \$610,000 primarily due to new improvement expenditures in the Hiddenbrooke District and increased Administration costs.

FY 2025-2026 ACCOMPLISHMENTS

Numerous tree projects were successfully completed across all regions. In addition, replanting efforts took place along Hiddenbrooke Parkway to replace failed vegetation, two new center median plantings were installed, and extensive repairs were made to damaged fencing. In Glen Cove, two major mulch projects with stump removal were completed. Finished renovation and planting at the Marina. Completed numerous fence projects throughout the regions. Reimplemented IPM (Integrated Pest Management) program with contractors to enhance standard practices. Finally, multiple irrigation system repairs were carried out, along with the mapping of existing lines to support future projects.

FY 2026-2027 DEPARTMENT GOALS

For Fiscal Year 2026–2027, the goals include working on the city tree ordinance, performing tree maintenance across various regions, and developing a new planting area in Glen Cove 1 and 2. Additionally, the plan involves creating more designs for new plantings throughout the regions to enhance urban beautification and improve the visual character of neighborhoods. Continue work on Phase 2 of the planting and irrigation CIP project along Glen Cove Parkway. Execute major tree maintenance projects involving Eucalyptus trees in Glen Cove III to support fire prevention and reduce potential hazards. Pursue additional neighborhood planting projects in areas where improvements are needed. Assess priority projects and asset management needs within the LMD section.

HOUSING & COMMUNITY DEVELOPMENT DEPARTMENT

OVERVIEW

The Housing and Community Development (HCD) Department administers and coordinates programs funded by the U.S. Department of Housing and Urban Development (HUD) to improve housing stability, affordability, and quality of life for low- and moderate-income residents throughout Vallejo's diverse communities.

The HCD Department is home to the Housing Authority of the City of Vallejo (HACV), which administers the Housing Choice Voucher (HCV) Program, commonly known as Section 8, and its related programs, including Project-Based Vouchers (PBV), Family Self-Sufficiency (FSS), and HCV Homeownership. HACV also administers the Veterans Affairs Supportive Housing (VASH) Program, which combines HUD rental assistance with supportive services provided through the U.S. Department of Veterans Affairs.

In addition, HCD coordinates the application, implementation, and administration of HUD-funded community development programs, including the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), and Neighborhood Stabilization Program (NSP). Through these programs, the city supports affordable housing, neighborhood revitalization, public services, housing rehabilitation, homeownership opportunities, and assistance for residents experiencing or at risk of homelessness.

The Department also develops partnerships with nonprofit organizations, public agencies, and private-sector partners to identify innovative solutions to local housing and community development needs. HCD provides staff support to the Housing and Community Development Commission.

The Housing and Community Development Department's mission is to improve the living environment and quality of life of low- and moderate-income households residing within Vallejo's diverse communities while promoting housing affordability, access, fairness, dignity, and stability.

PROGRAMS AND SERVICES PROVIDED

Housing Choice Voucher (HCV) Program

The Housing Choice Voucher (HCV) Program provides long-term rental assistance to eligible very low-income households, including elderly and disabled residents. Eligible participants receive a voucher and locate a suitable rental unit in the private market where the property owner agrees to participate in the program and comply with applicable program requirements.

HACV currently assists up to 2,363 low-income families through the HCV Program. HACV pays the housing subsidy directly to participating landlords on behalf of eligible households, while the household pays the portion of rent that is not covered by the voucher.

Project-Based Voucher Program

The Project-Based Voucher (PBV) Program is a component of the HCV Program that attaches rental assistance to specific housing units rather than to individual households. Up to 20 percent of the Housing Authority's authorized voucher units may be designated as project-based assistance for eligible housing development within the City.

Family Self-Sufficiency Program

The Family Self-Sufficiency (FSS) Program provides voluntary case management, supportive services, and financial incentives to help HCV participants achieve economic independence and long-term self-sufficiency.

HOUSING & COMMUNITY DEVELOPMENT DEPARTMENT

Participants make a five-year commitment and establish individual goals related to employment, education, financial stability, and other areas of self-sufficiency. As a participant's earned income increases and their rental contribution increases accordingly, a portion of the increased rental amount may be deposited into an interest-earning escrow account. Participants who successfully complete the program may access their accumulated escrow funds.

Veterans Affairs Supportive Housing Program

The Veterans Affairs Supportive Housing (VASH) Program combines HUD rental assistance with supportive services provided through the U.S. Department of Veterans Affairs to assist veterans experiencing homelessness in obtaining and maintaining stable housing.

During FY 2025-26, HACV increased its VASH allocation by five vouchers, bringing the total allocation to 86 vouchers. VA caseworkers provide case management and clinical services to support participating veterans in maintaining housing stability.

Community Development Block Grant Program

The Community Development Block Grant (CDBG) Program supports the development of viable urban communities by providing decent housing, a suitable living environment, and expanded economic opportunities for low- and moderate-income residents.

CDBG funds may support public facilities and infrastructure improvements, eligible homeowner assistance, and public services provided by qualified nonprofit organizations. Examples of community partners include Community Housing Development Corporation, Fair Housing Advocates of Northern California, and Faith Food Fridays.

HOME Investment Partnerships Program

The HOME Investment Partnerships (HOME) Program provides funding for affordable housing activities, including the acquisition and rehabilitation of abandoned or foreclosed properties, homeowner assistance, housing rehabilitation, and the development of affordable housing in partnership with nonprofit and for-profit housing developers.

HOME funds may also support temporary rental assistance for Vallejo residents experiencing or at risk of homelessness.

Neighborhood Stabilization Program

The Neighborhood Stabilization Program (NSP) supports neighborhood revitalization by addressing vacant, foreclosed, and abandoned properties. Program activities may include the acquisition and rehabilitation of properties to reduce blight, stabilize neighborhoods, and support the preservation and improvement of property values.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS ADOPTED FY 2025-2026

Housing Choice Voucher (HCV) Program

For calendar year 2026, the renewal funding allocation determined by HUD is \$27,386,259. This amount represents housing assistance payments that will be made available to the HACV as payments to landlords. HACV received approximately \$2.1 million in administrative fees. Administrative Fees are revenue that Housing Authorities receive from HUD to fund the day-to-day operations of the HCV Program and its subprograms.

CDBG Program

In FY 2025-2026, the anticipated CDBG Program funding is \$991,521. A portion will be used to assist non-profit public service organizations and to cover administrative expenses.

HOUSING & COMMUNITY DEVELOPMENT DEPARTMENT

HOME Investment Partnerships (HOME) Program

In FY 2026–2027, the City received \$430,115 in funding, which will primarily support the Homebuyer Assistance Program and owner-occupied housing rehabilitation projects benefiting low-income homeowners.

FY 2025-2026 ACCOMPLISHMENTS

The Housing and Community Development Department continued to expand housing stability and affordable housing opportunities for Vallejo residents. Key accomplishments included supporting the 47-unit Broadway Village Project, increasing the VASH voucher allocation to 86 vouchers, improving HCV program performance from 85% to 89%, and successfully implementing Rapid Rehousing and Tenant-Based Rental Assistance activities for households experiencing housing instability.

Affordable Housing and Development

- Supported the development of 47 affordable housing units through the Broadway Village Project.
- Continued implementation of HUD-funded housing and community development activities supporting affordable housing and housing stability.

Housing Stability and Veteran Services

- Increased VASH allocation to 86 vouchers, expanded access to permanent housing for veterans experiencing homelessness.
- Successfully implemented the Rapid Rehousing and Tenant-Based Rental Assistance (TBRA) programs, provided rental subsidies to three assisted households for up to two years using available grant funds.

Program Performance

- Improved HCV program performance from 85% to 89%, maintaining the agency's designation as a Standard Performer.
- Continued efforts to strengthen program administration, compliance, customer service, and operational performance.

FY 2026-2027 DEPARTMENT GOALS

The Department will focus on increasing VASH utilization to at least 90 percent, advancing HCV performance toward High Performer status, establishing homeownership assistance and counseling services, launching an owner-occupied housing rehabilitation program, improving technology and paperless administration, strengthening partnerships serving foster youth and residents experiencing homelessness, and developing equity-based policies that expand fair and affordable access to housing.

CCG-4: Housing / Unhoused Response

The Department's FY 2026-2027 goals focus on expanding housing opportunities, improving program performance and efficiency, strengthening partnerships, and developing new pathways to homeownership and housing stability.

Improve Housing Stability and Access

- Increase utilization of the Veterans Affairs Supportive Housing (VASH) Program to at least 90 percent.
- Continue building partnerships with local housing and supportive service providers to expand resources available to low-income households and individuals experiencing homelessness.
- Maximize partnerships with local supportive service agencies to assist foster youth ages 16-24 who are transitioning from, or have recently transitioned from, the foster care system.

HOUSING & COMMUNITY DEVELOPMENT DEPARTMENT

- Continue developing strategies and partnerships that improve access to affordable and stable housing.

Improve Housing Authority Program Performance

- Increase HCV program performance from Standard Performer to High Performer.
- Strengthen program monitoring, compliance, customer service, and operational practices to improve overall agency performance.
- Establish performance measures and regularly monitor progress toward HUD program standards.

Expand Homeownership Opportunities

- Establish a Homeownership Assistance and Counseling Program to help eligible low- and moderate-income residents prepare for and achieve homeownership.
- Establish a Homeownership Program through the HOME Investment Partnerships Program.
- Explore opportunities to establish and expand HCV Homeownership activities for eligible voucher participants.
- Develop partnerships with lenders, housing counseling agencies, nonprofit organizations, and other stakeholders to expand homeownership opportunities.

Support Homeowner Housing Rehabilitation

- Establish an Owner-Occupied Rehabilitation Program using available HOME resources.
- Provide financial assistance to eligible low-income homeowners for necessary health, safety, code, and housing-quality improvements.
- Develop program guidelines, eligibility criteria, application procedures, and partnerships necessary to implement the program.

Increase Departmental Efficiency and Modernization

- Improve department efficiency through the implementation of new software and technology solutions.
- Expand paperless processes for the administration of HCV programs.
- Identify opportunities to digitize records, streamline workflows, reduce administrative burdens, and improve access to program information.
- Develop a phased transition toward electronic document management and paperless program administration.

Advance Equity and Fair Housing

- Develop and implement equity-based policies and practices that promote fair access to housing programs and services.
- Evaluate program policies and procedures to identify and address barriers to housing access.
- Continue promoting affordability, access, fairness, dignity, and stability across Vallejo's diverse communities.

Department Goal	FY 2025-26 Baseline	FY 2026-27 Target
VASH utilization	Current utilization	≥90%
HCV performance	89% / Standard	High Performer
Homeownership Program	Not established	Program established
Owner-Occupied Rehabilitation	Not established	Program established
Paperless HCV administration	Current process	Implement/expand electronic processes
Foster Youth to Independence Partnerships	Current partnerships	Expand partnerships to serve ages 16-24

OTHER FUNDS – DEBT SERVICES

OVERVIEW

To account for the accumulation of resources for, and the payment of, general long-term debt principal and interest, and fiscal agent fees.

With attention to current economic conditions and funding needs, the City executes debt instruments, administers debt proceeds, manages ongoing disclosure and debt compliance, and makes timely debt service payments.

Debt Service Funds are a recognized fund type in generally accepted governmental accounting principles. These funds account for the resources allocated toward debt service payments. All bonded indebtedness is administered by trustees as designated in the bond's Official Statement. Debt service payments and related administrative fees are budgeted annually for each of the relevant funds.

REVENUE BONDS, TAX ALLOCATION BONDS, AND OTHER CITY DEBT

The FY 2026-2027 Budget assumes all debt obligations will continue to be paid in full and on schedule.

CHANGES FROM ADOPTED BUDGET FY 2026-2027 VERSUS FY ADOPTED 2025-2026

Salary and Benefit Changes

The City does not charge salary and benefits to the debt service funds, therefore there are no full or part time authorized position.

Services and Supplies

The FY 2026-2027 Adopted Debt Service Funds expenditures of roughly \$2,709,000 includes scheduled annual debt service payments. The City's debt service funds make principal and interest payments on the City's outstanding debt. The debt proceeds were used to fund various economic development and public improvement projects.

OTHER FUNDS – MULTI-YEAR OPERATING GRANTS/PROJECT & POLICE FUNDS

OVERVIEW

Asset Seizure Program #139: Accounts for monies received from Police confiscated money and property, often in connection with drug cases. Funds are held until final court disposition. The expenditure of released funds is subject to Federal rules and regulations.

Traffic Offender VETO #140: Is not a grant. The program targets unlicensed and DUI drivers. These are fees collected from vehicle tows and used for traffic-related items associated with the program and not part of the General Fund.

Supplemental Law Enforcement Grant #151: Accounts for an annual State “Citizens” Option for Public Safety (COPS)” grant. Local allocations are distributed based upon population.

Multi-Year Operating Grants Fund #195: Accounts for restricted grant revenues and expenditures related to multi-year operating grants other than public safety and law enforcement. The fund is used to track grant-funded programs, personnel, equipment, and operational activities in accordance with grant requirements and reporting periods.

Multi-Year Police Operating Grants Fund #196: Accounts for restricted grant revenues and expenditures related to multi-year public safety and law enforcement operating grants. The fund is used to track grant-funded programs, personnel, equipment, and operational activities in accordance with grant requirements and reporting periods.

OPIOID Settlement Fund #197: Accounts for restricted revenues received from opioid litigation settlements and related expenditures that support opioid remediation, prevention, treatment, recovery, and public safety response efforts in accordance with settlement agreement requirements.

OTHER FUNDS – SELF-INSURANCE

OVERVIEW

The Risk Management Division is committed to protecting the City of Vallejo's human, fiscal, and physical assets. The Division plans, organizes, implements, and monitors comprehensive risk management and loss control programs designed to identify, assess, and mitigate a diverse range of potential exposures. Utilizing established risk management techniques, including risk assessment, prevention, reduction, transfer through insurance and contractual agreements, and self-insurance, the Division works proactively to safeguard City resources.

The City's Self-Insurance Fund is integral to this strategy, providing the financial foundation for the workers' compensation and general liability programs, alongside funding critical employee safety initiatives. Division staff are responsible for the diligent oversight of third-party liability and workers' compensation claims, including the investigation and negotiation of non-litigated claims against the City.

A cornerstone of the Division's proactive stance is its management of the City's comprehensive Safety Program. This includes providing robust safety training and resources to all City employees. Staff conduct regular inspections of City facilities to identify existing or potential risk exposures and health hazards, recommending corrective or preventative measures to ensure a safe working environment and protect public assets.

Furthermore, the Risk Management Division manages the procurement and maintenance of all City-wide insurance policies. These policies cover a spectrum of exposures, including general liability, workers' compensation, real and personal property, cyber liability, fleet operations, crime, and environmental risks. The Division also oversees other risk transfer mechanisms, such as establishing and verifying contractual insurance requirements for vendors and contractors.

The City of Vallejo is an active member of Public Risk Innovation, Solutions, and Management (PRISM), a premier risk management pool serving California public entities. This membership allows the City to leverage pooled resources for self-insurance and access specialized excess coverage programs. Currently, the City participates in PRISM's excess general liability, workers' compensation, pollution liability, cyber liability, and property programs.

Risk Management staff diligently represent the City's interests within PRISM, actively contributing to its General Liability, Finance, and Claim Review committees. Underscoring the City's commitment and leadership in regional risk management, the City's Risk Manager was elected to serve on the PRISM Public Entity Board of Directors, with a term extending through September 30, 2026.

FY 2025-2026 ACCOMPLISHMENTS

- **Comprehensive Workplace Safety Assessments:** Conducted extensive occupational noise surveys at applicable Water Department Treatment Plant locations to identify potential hazards. Staff evaluated survey results to ensure strict compliance with occupational health and safety standards, identified appropriate mitigation measures to reduce employee exposure, provided targeted training to affected personnel, and updated the City of Vallejo Noise Policy to improve workplace safety.
- **Proactive Hazard Mitigation:** Established and maintained a consistent, citywide process for receiving, documenting, tracking, and addressing employee safety concerns. This initiative ensured

OTHER FUNDS – SELF-INSURANCE

timely follow-up on reported hazards and supported proactive corrective actions to promote a safer workplace environment across all departments.

- Enhanced Emergency Preparedness: Reviewed and finalized emergency evacuation plans and routes for the Fleming Hill Water Treatment Plant. This initiative improved overall emergency preparedness, ensured clear evacuation procedures, and supported the safe and orderly evacuation of employees during critical incidents.
- Collaborative Sidewalk Liability Mitigation: Conducted 94 targeted sidewalk inspections to proactively mitigate public liability and physical hazards. This effort successfully identified 63 areas requiring remediation, resolved 66 specific event-related hazards prior to major City parades, and guided the focus of three Capital Improvement Projects (CIP) toward high-risk sidewalk repairs. Additionally, the Division delivered four specialized training sessions on accident response procedures for City staff.
- Optimized Safety Training Coordination: Updated a comprehensive Safety Training Matrix for the Water Department to accurately track required safety training, certifications, and employee compliance. This tool improved training coordination, proactively identified upcoming and overdue requirements, and supported consistent compliance with regulatory and City safety mandates.
- Hazardous Materials Management: Coordinated the update of the Safety Data Sheet (SDS) inventory for the Water Department to ensure hazardous chemical information was current, accessible, and properly maintained. Risk Management collaborated with Water Department staff to identify chemicals in use, verify SDS availability, and support strict compliance with Hazard Communication requirements.

FY 2026-2027 DEPARTMENT GOALS

- Proactive General Liability Management: Proactively mitigate liability exposures by inspecting all City-owned parking lots and sidewalks, streamlining the sidewalk grinding notification process, and verifying the municipal property schedule. Furthermore, the Division will reclassify general liability claim data for enhanced root cause analysis, identify opportunities for pre-litigation settlements, and deliver targeted training to staff on accident response and evidence preservation.
- Specialized Departmental Safety Initiatives: Finalize and implement the Operations and Maintenance Program for select exposures for the Vallejo Police Department to establish consistent inspection procedures and mitigate potential hazards. Concurrently, implement an in-house respiratory fit-testing program for the Fire Department, establishing a foundation to expand consistent, compliant respiratory protection evaluations citywide.
- Strategic Workers' Compensation Oversight: Manage the workers' compensation program to minimize costs and facilitate timely return-to-work outcomes by completing Interactive Process meetings within a 60-day benchmark and initiating Qualified Medical Evaluations (QME) within 90 days of lost time. Additionally, staff will convene four in-depth claim strategy sessions with defense attorneys and third-party administrators, and deliver comprehensive injury-reporting training to City personnel.
- Comprehensive Workplace Safety Assessments: Conduct citywide facility safety inspections and targeted confined space assessments at Water Department treatment facilities to proactively identify hazards and ensure strict Cal/OSHA compliance. Additionally, the Division will strengthen the City Hall Safety Committee to increase employee participation, identify workplace hazards, and coordinate timely corrective actions.

OTHER FUNDS – SELF-INSURANCE

- Expansion of Emergency Evacuation Planning: Strengthen emergency preparedness by providing tailored training to designated floor wardens and conducting comprehensive evacuation drills. This initiative will increase employee awareness and ensure effective, orderly emergency response and evacuation procedures across City facilities.
- Strategic Safety Policy Updates: Review, update, and enhance key City of Vallejo safety policies and procedures to ensure alignment with current Cal/OSHA requirements and industry best practices. This effort will include robust employee communication and targeted training to promote workplace safety, hazard awareness, and ongoing regulatory compliance.

APPENDIX – FUND DESCRIPTION

GENERAL FUND

Accounts for all general revenues of the City not specifically levied or collected for other City funds including Measure B/V & P transaction tax and the related expenditures.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specific revenue that are legally restricted to be expended for specified purposes:

Community Development Block Grant Fund #101 accounts for monies received and expended by the City as a participant in the Federal Community Development Block Grant program.

HOME Program Fund #102 accounts for monies received and expended by the City as a participant in the Federal HOME Grant program.

Neighborhood Stabilization Program Fund #103 accounts for monies received and expended by the City as a participant in the Federal NSP Grant.

Mare Island Base Reuse Fund #107 accounts for monies received from tenants placed on the former Mare Island Naval Shipyard during the conversion process. It also accounts for operating costs to support ongoing development programs on the island. Funds are restricted for use on the island.

Emergency Disaster Fund #109 accounts for monies received and expended including federal and state grant revenues for activities related to disasters.

Mare Island CFD 2002 Fund #112 accounts for monies received from general taxes and from property owner assessments for maintenance and repair of infrastructure and facilities on the former Mare Island Naval Shipyard

Mare Island CFD 2005 1A (State) Fund #113 accounts for transactions of this district formed under state statute to provide municipal services within the district.

Mare Island CFD 2005 1B (Local) Fund #114 accounts for transactions of this district formed under local statute to provide municipal services within the district.

The Section 8 Administration and Voucher Program Funds #121 & #123 are used to provide separate accountability for the HUD Housing Choice Voucher program and its administrative grant allocations.

The Section 8 Operating Reserve Fund #122 is used to track pre-2004 administrative grant funds that can be used for any general housing purpose.

The Housing Development Fund #124 reports the status of non-federal, unrestricted Housing Authority resources.

APPENDIX – FUND DESCRIPTION

The Low Income Housing and Moderate Income Housing Asset Fund #126 accounts for the activities related to the housing assets assumed by the Authority as Housing Successor to the former Redevelopment Agency. The activities are governed by California redevelopment law and must be used to provide housing for low and moderate income households.

Outside Funded Services Fund #129 accounts for one-time billings to third parties and the related expenditures of these funds. The primary activity is development review.

State Gas Tax Fund #133 accounts for monies received from the state gas tax allocation and expended on construction, improvement and maintenance of public streets and related infrastructure.

State Lands Fund #134 accounts for lease rentals generated from City-owned waterfront property subject to State Lands Commission restrictions.

Solid Waste Disposal Fund #135 accounts for monies received from garbage collection fines and expended on enforcing major portions of the mandatory garbage subscription ordinance. This fund is also used for the mandatory city-wide recycling program and related recycling program grants.

Hiddenbrooke Community Services District Fund #138 accounts for monies collected as the result of special taxes which are used to fund a variety of municipal services provided to the residents of the Hiddenbrooke development.

Traffic Offender/Vehicle Impound Program Fund #140 accounts for monies received and expended from vehicle impound fees.

Hazmat Revolving Fund #143 accounts for monies received and expended for hazardous material removal.

NLP Nuisance Abatement Fund #147 accounts for monies received and expended to address nuisance and blight conditions throughout the city.

Supplemental Law Enforcement Grant Fund #151 accounts for revenues received from the Supplemental Law Enforcement Services Grant.

Landscape Maintenance Districts Funds #161-188 accounts for special assessments on property within district boundaries for the restricted purpose of providing landscape services within the specified districts.

Navigation Center Fund #191 appropriates various donations to support the operation of the Vallejo Homeless Navigation Center.

Costco Loan Fund #192 accounts for Site Specific Tax revenues generated by the Net New Retail Project.

Planning & Development Fund #193 accounts for revenues and expenditures related to planning, zoning, and development review activities.

APPENDIX – FUND DESCRIPTION

Multi-Year Operational Programs Fund #194 tracks the expenditures of General Fund supported projects that receive funding allocations spanning more than one fiscal year.

Multi-Year Operating Grants Fund #195 tracks the expenditures of departments (excluding PD) operations funded by grants spanning more than one fiscal year.

Multi-Year Police Department Operating Grants #196 tracks the expenditures of police department's operations funded by grants spanning more than one fiscal year.

OPIOID Settlement Fund #197 to account for monies received and use of resources derived from opioid settlement agreements.

Administrative Trust Fund #601 accounts for funds held for special programs, including performance bonds for construction projects.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the servicing of long-term debt not being financed by business-type funds:

1999 Certificates of Participation Fund #303 accounts for the accumulation of resources for, and the payments of annual General Fund debt service requirements related to 1999 debt issue.

Union Bank Fund #309 accounts for the accumulation of resources for, and the payments of annual General Fund debt service requirements. The former 2000, 2002 and 2003 COPS were restructured on January 1, 2012 into Loan A and Loan B with payment of Loan.

CAPITAL PROJECT FUNDS

Capital Project Funds are used to account for the acquisition and construction of capital improvements not being financed by business-type funds:

Mare Island Conversion Fund #106 is used to account for monies received from federal grants which are used for activities relating to the conversion of the Mare Island Naval Shipyard to civilian use.

Neighborhood Parks Fund #137 accounts for park development impact fee revenue and for contributions to the Greater Vallejo Recreation District for park improvements.

Capital Outlay Fund #201 accounts for the expenditure of General Fund and grant funded capital projects, including acquisitions and improvements of public property, public works projects, facilities, equipment and systems.

Transportation Impact Mitigation Fund #203 accounts for monies received from the Transportation Impact fee imposed on commercial and residential development and expended on transportation improvements necessitated by such development.

APPENDIX – FUND DESCRIPTION

Bridge Construction Fund #204 accounts for monies received from the Bridge Construction Development Tax Ordinance.

Fire Station #7 Fund #205 accounts for development fees that support debt service payments on Columbus Fire Station #7.

Arts and Convention Center Fund #206 accounts for the Empress Theatre advances to the former Redevelopment Agency.

Northgate Fee & Benefit District #94-1 Fund 208 accounts for monies received from the development of the Northgate District #94-1 and expended for public improvements within that development area.

Hiddenbrooke Overpass Fund #211 accounts for monies received from the Hiddenbrooke Overpass fee imposed on commercial and residential development within the Hiddenbrooke development area. These funds will be used to renovate the existing Hiddenbrooke overpass.

Mare Island CFD 2005 1A Facilities Fund #213 accounts for transactions of this district formed under state statute to provide municipal facilities within the district.

Gas Tax Capital Projects Fund #219 accounts for street maintenance and capital expenditures to be paid from State Proposition 42 allocations.

Capital Grants & Contributions Fund #221 accounts for capital project expenditures to be reimbursed from by granting agencies, developers, or other third parties.

Columbus Parkway Improvements Fund #224 accounts for monies received from a developer for the Columbus Parkway widening project.

Road Maintenance / Rehab Act Fund #226 accounts for street maintenance and capital projects to be paid from Senate Bill (SB) 1 allocation.

Waterfront History Park Fund #227 accounts for the planning, development, and construction of the Waterfront History Park Project and other activities that further the goals of the project.

Measure P Fund #228 accounts for revenues received from the Measure P sales tax to support a variety of capital projects and community priorities including street and sidewalk repairs, public safety enhancements, homelessness services, blight reduction, and improvements to public spaces.

APPENDIX – FUND DESCRIPTION

PERMANENT FUNDS

Permanent Funds are used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs, that is, for the benefit of the government or its citizenry:

McCune Collection Fund #603 accounts for monies held for the Library which consists of donations and sales of rare books to maintain the McCune book collection.

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed substantially through user fees and are operated in a manner similar to private business enterprises:

Water Fund #401-412 is used to account for the production and distribution of water to residents and businesses located within the City. Water service is also provided to Lakes District and Travis Air Force Base customers outside the City limits.

Marina Fund #415 is used to account for the operations, improvement and management of the City marina operations.

Golf Fund #425 is used to account for the capital assets of the City's municipal golf course and the course operator's pass-through revenues that service the City debt used to acquire and improve the assets of the fund.

Vallejo Station Parking Fund #431 is used to account for the operations, maintenance and management of the Vallejo Station Parking Structure.

Fiber Enterprise Fund #432 is used to account for the operations, maintenance and management of the City's new Municipal Fiber endeavor

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods and services provided by one City department to other department on a cost reimbursement basis:

Fleet Maintenance/Replacement Fund #501-502 accounts for the maintenance and replacements of vehicles and equipment used by all City departments.

Retiree Health Benefits Fund #506 accounts for the City's Retiree Healthcare Plan's annual OPEB costs and unfunded actuarial accrued liabilities in compliance with GASB 45.

Self-Insurance Fund #508-509 accounts for risk management operations involving management of City's Workers Compensation and General Liability Insurance accounts and transactions.

Payroll Benefits Fund #602 accounts for cash transferred from various funds from which actual cash is remitted to governmental agencies, employees and other agencies for employee benefits

APPENDIX – FUND DESCRIPTION

TRUST AND FIDUCIARY FUNDS

Assets Seizure Fund #139 accounts for monies received from police confiscated drug money and property. Funds are held until final court disposition is received. The funds are then restricted for police related activities only.

The City uses **Agency Funds #343-348** to account for its **Improvement District and Assessment District funds**. These funds account for the annual collection of assessments and disbursements to district bond holders for debt without City commitment.

The Successor Agency to the Redevelopment Agency Private-Purpose Trust Fund #627 accounts for the accumulation of resources to be used to make payments that are on the Enforceable Obligations Schedule and to dispose of assets and property of the former Redevelopment Agency for the benefit of the taxing agencies.

APPENDIX – COST ALLOCATION

OVERVIEW

The City shall maintain and regularly update a cost allocation plan which shall be used to maximize recovery of direct and indirect costs from other City Funds, outside funding sources, maintenance districts and fee-supported programs. It also utilizes internal service funds to charge back costs to user activities on fleet maintenance and replacement, workers' compensation and general liability claims.

The following represents the basis for allocating various types of costs:

APPENDIX – GANN LIMIT

OVERVIEW

Section 7910 of the California Government Code and Article XIIB of the California Constitution (commonly referred to as the “Gann Limit”) restrict the amount of revenue that cities can appropriate in any fiscal year. Annually, the City must adopt a resolution to approve the appropriations limit based on actual appropriations in FY 78-79, adjusted by a.) the greater of growth in California per capita income or the percentage change in the local assessment roll from the preceding year due to the addition of new nonresidential construction in the City, and b.) the greater of the growth in City of Country population. Section 37200 requires that the Gann limit and the total appropriations subject to the limitation be published in the annual budget.

For Fiscal Year 2026-2027, the City’s appropriation limit is calculated to be \$201,313,832. Appropriations subject to limit have been determined to be \$125,376,641. This is \$75,937,191 below the calculated limit. Additional appropriations to the budget funded by non-tax sources such as beginning fund balances, grants or service charges are unaffected by the appropriations limit. However, any supplemental appropriations funded through increased tax sources are subject to the appropriations limit and cannot exceed \$75,937,191. Any overall actual receipts from tax sources greater than the variance would result in taxes in excess of the appropriations limit and would require refunds of the excess in the next two years or voter approval of an increase in the appropriations limit. A request of voters to authorize an increase in the appropriations limit is not anticipated in the future due to the significant margin between the limit and tax revenue.

APPENDIX – DEBT LIMIT/OBLIGATION

OVERVIEW

Debt Limit

State Law sets the legal limit at 3.75% of the assessed value of all taxable property within the City. As of June 30, 2025, the City's total debt limit capacity was \$522 million, but it has no outstanding debt subject to this limit.

Debt Obligation

Below is the annual debt service payments budget for Fiscal Year 2026-2027 and listing of City's long-term debt. The City's existing debt levels are not expected to significantly impact current operations since the City has identifiable sources of debt repayment except Marina debts. The FY 2026-2027 budget continues to provide subsidies to cover the annual debt service payments for Marina operations.

	Projected	FY 2026-2027		Projected
	Balance	Debt Service Payments		Balance
	as of 6-30-26	Principal	Interest	as of 6-30-27
<u>General Fund:</u>

APPENDIX – DEBT LIMIT/OBLIGATION

CERTIFICATES OF PARTICIPATION (COPS)

1999 COPS

In July 1999, the City issued \$4,815,000 of Certificates of Participation (1999 Capital Improvements Project) to finance City capital improvements. Principal payments are payable annually on July 15. Interest payments are due semiannually on January 15 and July 15.

Due to the failure of the City to pay the scheduled amounts due under the original agreement, on January 25, 2011, the City, National Public Finance Guarantee Corporation (“National”) and the Controller for the State of California (the “Controller”) entered into a Settlement Agreement (the “Settlement Agreement”).

Commencing July 1, 2013, the City was to pay the Trustee the full scheduled amount when due. Commencing on January 15, 2014 the City was to pay National (on January 15th and July 15 of each year) an amount equal to 100% of all MVLF to which the City would be entitled under the California Revenue and Taxation Code during the previous six months, minus the amount paid to the Trustee for the same period, provided that the MVLF exceed the total amounts due for that period. The City’s obligation to pay amounts is not dependent on its receipt of MVLF in any amount.

The MVLF catch-up payment is to be applied to the shortfall indebtedness until paid in full. To the extent that the shortfall indebtedness is not paid in full by the last scheduled payment under the Lease Agreement, the City is to pay the remaining balance of the shortfall indebtedness to National no later than January 15, 2030.

UBOC Reimbursement Obligations

On August 2, 2011, Union Bank and the City reached a restructuring agreement regarding series 2000, 2001, 2002, and 2003 Certificates of Participation (COPs) which amends and replaces the COPs as follows:

There are two tranches: the “A” obligation and the “B” obligation. The starting principal balance of the “A” obligation is \$18,049,887 and the “B” obligation has a starting principal of \$21,369,933. No interest accrued on either the “A” or the “B” obligation from the effective date of November 1, 2011, through December 31, 2014, and interest will commence to accrue on both obligations on January 1, 2015. The “A” obligation has a fixed annual interest rate of 2.5% and the “B” obligation has a fixed annual interest rate of 1.625%. Interest is payable in a single annual payment on the first business day of each calendar year. Interest payments on the obligations commence in the calendar years 2015 and 2018 for obligations “A” and “B”, respectively, and continuing in each case until the principal balance of that obligation has been paid in full.

Principal is payable in a single annual payment on the first business day of each calendar year, commencing with the 2012 calendar year for the “A” obligation and 2018 for the “B” obligation. The outstanding principal balance, all accrued but unpaid interest, and all other amounts due under the New Union Bank Reimbursement Agreement Payment Agreement with respect to the “A” obligation is due and payable on January 1, 2026, and the “B” obligation is due and payable on January 1, 2042.

APPENDIX – DEBT LIMIT/OBLIGATION

REVENUE BONDS

2020-A Water Revenue Refunding Bonds

In March 2020 the City issued \$16,750,000 in Water Revenue Refunding Bonds to refund the outstanding 2006 Water Revenue Refunding Bonds. The defeased 2006 Bonds were called on May 1, 2020. Interest is payable on May 1 and November 1. Annual principal payments are due on May 1. The debt is secured and serviced by water system operations. The pledge of future net revenues ends upon repayment of the, 6,685,001 in remaining debt service on the bonds and loans which is scheduled to occur in 2030. Under the terms of the indenture, net revenues are required to provide a 1.25 debt service coverage ratio.

2020-B Water Revenue Refunding Bonds

In March 2020 the City issued \$20,075,000 in Water Revenue Refunding Bonds to refund the outstanding 2013 Water Revenue Refunding Bonds. The refunding decreased total debt service, resulting in an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$2,042,229.13. The defeased 2013 Bonds were called on May 1, 2020. Interest is payable on May 1 and November 1. Annual principal payments are due on May 1. The debt is secured and serviced by water system operations. The pledge of future net revenues ends upon repayment of the \$20,075,000 in remaining debt service on the bonds which is scheduled to occur in 2028. Under the terms of the indenture, net revenues are required to provide a 1.25 debt service coverage ratio.

2021-A Water Revenue Bonds

In February 2021 the City issued \$42,600,000 in Water Revenue Bonds to finance the design and construction of certain capital improvements to the City's Water System. Interest is payable on May 1 and November 1. Annual principal payments are due on May 1. The debt is secured and serviced by water system operations. The pledge of future net revenues ends upon repayment of the \$42,600,000 in remaining debt service on the bonds which is scheduled to occur in 2051. Under the terms of the indenture, net revenues are required to provide a 1.25 debt service coverage ratio.

OTHER NOTES AND LOANS PAYABLE

Financed Purchases

On May 6, 2020, the City entered into a 7-year contract for the lease purchase of Motorola radio system for the Police and Fire department not to exceed \$3,999,967.

Bank of America Loan for Fleet Purchases

On June 13, 2023, the City entered into a 7-year loan agreement with Bank of America Public Capital Corp in an amount not to exceed \$5,000,000 at a rate of 3.96% to finance the purchase of new fire, police, and public works fleet vehicles. Given the significant cost, staff have evaluated options for financing these purchases rather than paying cash up front.

APPENDIX - ACRONYMS

<u>Acronym/Abbreviation</u>		<u>Description</u>
ABAG	Association of Bay Area Governments	ABAG is part regional planning agency and part local government service provider. Provides planning and cost saving services to local governments.
ACFR	Annual Comprehensive Financial Report	A set of financial statements for a state, municipality or other governmental entity that complies with the accounting requirements established by the Governmental Accounting Standards Board (GASB). It must be audited by an independent auditor using generally accepted government auditing standards.
ADC	Actuarially Determined Contribution	Represents the current annual payment expected to cover the total cost of both current and future retirees' medical.
ADD	Accidental Death & Dismemberment	Insurance coverage of the unintentional dismemberment or death of the insured.
AHLC	Architectural Heritage & Landmarks Commission (City)	Seven members to designate, preserve, protect, enhance and perpetuate those historic structures, districts and neighborhoods which contribute to the cultural and aesthetic heritage of the city of Vallejo.
ARPA	American Rescue Plan Act	On March 11, 2021, President Joe Biden signed into law the \$1.9 trillion-dollar American Rescue Plan Act (ARPA) to provide continued relief from the impact of the COVID-19 Pandemic.
BAAQMD	Bay Area Air Quality Management District	Regulates stationary sources of air pollution in the nine counties that surround San Francisco Bay. The Board oversees policies and adopts regulations for the control of air pollution in the district.
BART	Bay Area Rapid Transit District	A heavy-rail public transit system that connects the San Francisco Peninsula with communities in the East Bay and South Bay.
BCDC	Bay Conservation & Development Commission	Protects and enhances San Francisco Bay and encourages the Bay's responsible and productive use for this and future generations.
BMPs	Best Management Practices	Methods that have been determined to be the most effective and practical means of preventing or reducing non-point source pollution to help achieve water quality goals.
BMR	Below Market Rate Housing Unit (AKA Affordable Housing)	A home that is priced to be affordable to households that are low to moderate income.
– C	Confidential	“– C” used at the end of titles to differentiate between regular and confidential positions.
CAC	Commission on Culture & the Arts (City)	Seven members to represent a cross-section of community interests and organizations; serve the city of Vallejo as the official voice for the arts in the community.

APPENDIX - ACRONYMS

CAD	Computer aided design	CAD, or computer-aided design and drafting (CADD), is the use of computer technology for design and design documentation.
CALPERS	California Public Employees Retirement System	The California Public Employees' Retirement System (CalPERS) is an agency in the California executive branch that "manages pension and health benefits for more than 1.6 million California public employees, retirees, and their families".
CAMP	Confidential, Administrative, Managerial, and Professional Association Of Vallejo Employees	The Confidential, Administrative, Managerial and Professional Association of Vallejo Employees (CAMP) is the recognized bargaining unit between the organization and the City of Vallejo.
CAO	City Attorney's Office	Provide timely, efficient and high quality legal services, advice and support to the City Council and the City Administration.
CCO	City Clerk's Office	The City Clerk is local Elections Official who administers democratic processes such as elections, access to city records, and all legislative actions ensuring transparency to the public.
CDBG	Community Development Block Grant	The Community Development Block Grant (CDBG) program is a flexible program that provides communities with resources to address a wide range of unique community development needs. Beginning in 1974, the CDBG program is one of the longest continuously run programs at HUD. The CDBG program provides annual grants on a formula basis to 1209 general units of local government and States.
CDBW	California Division of Boating & Waterways	CDBW is responsible for planning, developing, and improving facilities on state-owned and state-managed properties, including those on State Parks and State Water Project properties. It also provides funding so that local agencies can renew deteriorated facilities or develop new public access.
CDFW	California Department of Fish & Wildlife	Manage California's diverse fish, wildlife, and plant resources, and the habitats upon which they depend, for their ecological values and for their use and enjoyment by the public.
CCRC	Central Core Restoration Corporation	Established in 1980, as a committee, to study ways to revitalize the Historic Downtown Vallejo's central core. Purpose is to provide supplemental services and improvements in addition to those provided by city government and to coordinate with property and business owners, city agencies, and community organizations in an effort to promote the best interest of the district and ensure consistent, high-quality provision of services.
CC&R's	Covenants, Conditions & Restrictions	A legally binding document that is officially recorded and filed with your state. CC&Rs cover the rights and obligations of the homeowners association to its members and vice versa.
CIAD	Compliance, Integrity, and Accountability Division	Created to implement the police reforms initially begun in 2020. Works with California Department of Justice and their evaluation team to rewrite policy, create training, and implement agreed upon compliance measures.

APPENDIX - ACRONYMS

CEAB	Code Enforcement Appeals Board (City)	Seven members. Exercise duties, functions and powers assigned to the Code Enforcement Appeals Board as prescribed by the City Council, pursuant to resolution or ordinance.
CEQA	California Environmental Quality Act	Discloses to the public the significant environmental effects of a proposed discretionary project, through the preparation of an initial study, negative declaration, mitigated negative declaration, or environmental impact report.
CERT	Community Emergency Response Team	The Vallejo program is designed as a neighborhood-based program. It enables neighborhoods to assess and help themselves until emergency responders arrive. This in turn lightens the load on all emergency service responders. CERT prepares individuals and their households to be self-sufficient after a major event and then to assist others in their neighborhood.
CFD	Community Facilities District	CFD stands for "Community Facilities District". A CFD is formed by a local governmental agency pursuant to the Mello-Roos Community Facilities Act of 1982 in order to finance certain capital facilities and services. Once formed, a CFD has the authority to levy a special tax on real property within its boundaries.
CHDC	Community Housing Development Corporation	Community Housing Development Corporation (CHDC) administers the loan packaging for approval for the City's First Time Homebuyer Program.
CIMMP	Capital Improvement and Major Maintenance Program	Capital Improvement and Major Maintenance Program
CIP	Capital Improvement Project	A Capital Improvement Plan (Program), or CIP, is a short-range plan, usually four to ten years, which identifies capital projects and equipment purchases, provides a planning schedule and identifies options for financing the plan.
CMO	City Manager's Office	The City Manager serves as the chief executive officer responsible for day-to-day administration of Vallejo's City affairs and implementation of City Council policies.
CNG	Compressed Natural Gas	Compressed Natural Gas
COLA	Cost of Living Adjustment	Social Security's general benefit increases have been based on increases in the cost of living, as measured by the Consumer Price Index. We call such increases Cost-Of-Living Adjustments, or COLAs.
COP	Certificates of Participation	An instrument evidencing a pro rata share in a specific pledged revenue stream, usually lease payments by the issuer that are typically subject to annual appropriation. The certificate generally entitles the holder to receive a share, or participation, in the payments from a particular project. The payments are passed through the lessor to the certificate holders. The lessor typically assigns the lease and the payments to a trustee, which then distributes the payments to the certificate holders.

APPENDIX - ACRONYMS

COPS	Citizens Option for Public Safety	The Department of Justice offers funding opportunities to support law enforcement and public safety activities in state, local, and tribal jurisdictions; to assist victims of crime; to provide training and technical assistance; to conduct research; and to implement programs that improve the criminal, civil, and juvenile justice systems.
COP'S	Certificates of Participation	This financing technique provides long-term financing through a lease, installment sale agreement or loan agreement. Certificates of Participation (COP's) allow the public to purchase participation in a stream of lease payments, installment payments or loan payments relating to the acquisition or construction of specific equipment, land or facilities.
COPPS	Community Oriented Policing and Public Safety	Community Oriented Policing and Public Safety
COV	City of Vallejo	City of Vallejo
CPI	Consumer Price Index	The Consumer Price Indexes (CPI) program produces monthly data on changes in the prices paid by urban consumers for a representative basket of goods and services.
CPR	Cardiopulmonary Resuscitation	Cardiopulmonary resuscitation: A life-saving emergency procedure that involves breathing for the victim and applying external chest compression to make the heart pump.
CPRA	California Public Records Act	Enacted in 1968 to: (1) safeguard the accountability of government to the public; (2) promote maximum disclosure of the conduct of governmental operations; and (3) explicitly acknowledge the principle that secrecy is antithetical to a democratic system of "government of the people, by the people and for the people."
CSAC	California State Association of Counties	Represents county government before the California Legislature, administrative agencies and the federal government. CSAC places a strong emphasis on educating the public about the value and need for county programs and services.
CSC	Civil Service Commission (City)	Five members to provide for the standardization and classification of all positions and employment in the classified service of the city; for competitive tests to ascertain the relative fitness of all applicants for appointment in the classified service; for rules for the government, supervision and control of the classified service, as such duties are designated in the City Charter, the ordinances adopted thereunder and the rules and regulations in effect pursuant to said Charter and ordinances.
CSMFO	California Society of Municipal Finance Officers	California's premier statewide association for government finance professionals, with Chapters located throughout the State. CSMFO seeks to improve the knowledge, skills, and performance of individuals responsible for local government fiscal policy and management.

APPENDIX - ACRONYMS

CSS	Community Services Section	The Vallejo Police Department created the Community Services Section (CSS) in the tail-end of 2013 to address quality of life crimes, assist and support Neighborhood Watch groups, and to work with the City Attorney's Neighborhood Law Program and the Code Enforcement Division to address distressed and dangerous properties.
CSTI	California Specialized Training Institute	CSTI has evolved into a statewide enterprise with responsibility for supporting training, exercises and education in wide variety of areas including but not limited to; emergency management, public safety, homeland security, hazardous materials, disaster recovery and crisis communications.
CTC	California Transportation Commission	Responsible for programming and allocating funds for the construction of highway, passenger rail, transit and active transportation improvements throughout California.
dB	Decibel	A unit used to measure the intensity of a sound or the power level of an electrical signal.
DEIR	Draft Environmental Impact Report	Draft Environmental Impact Report
DU/AC	Dwelling Units per Acre	Dwelling Units per Acre
DRB	Design Review Board (City)	Conduct, design, review and approve or deny unit plans for development projects within the boundaries of the districts specified in the Downtown Vallejo Specific Plan and the districts specified in the Vallejo Waterfront Design Guidelines.
– E	Exempt	“– E” used at the end of titles to differentiate between CAMP and Unrepresented positions.
EDMS	Electronic Document Management System	EDMS - electronic document management system is a software program that manages the creation, storage and control of documents electronically. The primary function of an EDMS is to manage electronic information within an organization workflow.
EIR	Environmental Impact Report (CEQA related document)	Environmental Impact Report (CEQA related document)
EIS	Environmental Impact Statement (NEPA related document)	Environmental Impact Statement (NEPA related document)
EVA	Emergency Vehicle Access	Emergency Vehicle Access
EVC	Economic Vitality Commission (City)	Economic Vitality Commission (City)

APPENDIX - ACRONYMS

EMS	Emergency Medical Services	Emergency medical services, also known as ambulance services or paramedic services, are a type of emergency service dedicated to providing out-of-hospital acute medical care, transport to definitive care, and other medical transport to patients with illnesses and injuries which prevent the patient from transporting themselves.
EOC	Emergency Operation Center	An emergency operations center (EOC) is a central command and control facility responsible for carrying out the principles of emergency preparedness and emergency management, or disaster management functions at a strategic level during an emergency, and ensuring the continuity of operation of a company, political subdivision or other organization.
ERAF	Educational Revenue Augmentation Fund	ERAF is a mechanism; enacted in July of 1992 by the State Legislature to shift local tax revenues from cities, counties, and special districts to a State controlled Education Revenue Augmentation Fund. The state uses this fund to reduce its obligation to the schools.
ERP	Enterprise Resource Planning	A type of software that organizations use to manage day-to-day business activities such as accounting, procurement, project management, risk management and compliance.
ESU	Emergency Services Unit	An Emergency Service Unit (ESU) is a multi-faceted and multi-talented element within the special operations commands of some U.S. municipal, county, or state-level law enforcement agencies.
FAR	Floor Area Ratio	Ratio of a building's total floor area to the size of the piece of land upon which it is built. Often used as one of the regulations in city planning.
FEMA	Federal Emergency Management Agency	Federal Emergency Management Agency
FPPC	Fair Political Practices Commission (conflict of interest agency)	Fair Political Practices Commission (conflict of interest agency)
FSS	Family Self-Sufficiency	Is voluntary and requires a five-year personal commitment. As the FSS Program participant's rental share increases because of increased earned income, a specified amount of money is deposited into an interest earning savings account on behalf of the qualifying participant. Upon successful completion of the FSS program, the participant will have access to those funds.
FTE	Full Time Equivalent	The ratio units are FTE units or equivalent employees working full-time. In other words, one FTE is equivalent to one employee working full-time.
FY	Fiscal Year	A twelve-month period of time to which the budget applies. For the City of Vallejo, it is July 1 through June 30.

APPENDIX - ACRONYMS

GAAP	Generally Accepted Accounting Principles	Generally accepted accounting principles (GAAP) are a common set of accounting principles, standards and procedures that companies must follow when they compile their financial statements.
GASB	Governmental Accounting Standards Board	The Governmental Accounting Standards Board (GASB) is the source of generally accepted accounting principles (GAAP) used by state and local governments in the United States. As with most of the entities involved in creating GAAP in the United States, it is a private, non-governmental organization.
GC	Government Code	Government Code
GFOA	Government Finance Officers Association	Founded in 1906, represents public finance officials throughout the United States and Canada. The association's more than 20,000 members are federal, state/provincial, and local finance officials deeply involved in planning, financing, and implementing thousands of governmental operations in each of their jurisdictions.
GIS	Geographic Information System	Geographic information system (GIS) is a system designed to capture, store, manipulate, analyze, manage, and present spatial or geographic data.
GPA	General Plan Amendment	General Plan Amendment
GVRD	The Greater Vallejo Recreation District	The Greater Vallejo Recreation District offers a broad array of classes for children, adults and seniors. Classes range from swimming to soccer, wellness to science, basketball to ballet and much more.
HA	Housing Authority (City)	Housing Authority (City)
HAP	Housing Assistance Payments	This form of Housing Assistance Payments Contract (HAP contract) is used to provide Section 8 tenant-based assistance under the housing choice voucher program (voucher program) of the U.S. Department of Housing and Urban Development (HUD).
HCV	Housing Choice Voucher	The housing choice voucher program provides assistance to very low-income families to afford decent, safe, and sanitary housing. Housing can include single-family homes, townhouses and apartments and is not limited to units located in subsidized housing projects.
HCD	Housing and Community Development Division	The Housing & Community Development Division implements and maintains the HOME and Community Development Block Grant (CDBG) Programs and other vital programs and services.
HCDC	Housing & Community Development Commission (City)	Housing & Community Development Commission (City)

APPENDIX - ACRONYMS

HOME	Home Investment Partnership Program	The HOME Investment Partnerships Program (HOME) provides formula grants to States and localities that communities use - often in partnership with local nonprofit groups - to fund a wide range of activities including building, buying, and/or rehabilitating affordable housing for rent or homeownership or providing direct rental assistance to low-income people.
HR	Human Resources	A human-resources department (HR department) of an organization performs human resource management, overseeing various aspects of employment, such as compliance with labor law and employment standards, administration of employee benefits, and some aspects of recruitment and dismissal.
HRC	Human Relations Commission (City)	Human Relations Commission (City)
HSIP	Highway Safety Improvement Program	The Highway Safety Improvement Program (HSIP) is a core Federal-aid program with the purpose to achieve a significant reduction in traffic fatalities and serious injuries on all public roads, including non-State-owned roads and roads on tribal land. The HSIP requires a data-driven, strategic approach to improving highway safety on all public roads with a focus on performance.
HUD	Housing and Urban Development	The United States Department of Housing and Urban Development (Commonly known as HUD) is a Cabinet department in the Executive branch of the United States federal government.
HUTA	Highway User Tax Allocations	Highway User Tax Allocations
HVAC	Heating, ventilating, and air conditioning	Heating, ventilation, and air conditioning (HVAC) is the technology of indoor and vehicular environmental comfort. Refrigeration is sometimes added to the field's abbreviation as HVAC&R or HVACR, or ventilating is dropped, as in HACR (as in the designation of HACR-rated circuit breakers).
IAFF	International Association of Fire Fighters	The International Association of Fire Fighters (IAFF) is a labor union representing professional fire fighters and emergency medical services personnel in the United States and Canada.
IBEW	International Brotherhood of Electrical Workers	The International Brotherhood of Electrical Workers (IBEW) is a labor union which represents approximately 775,000 active members and retirees who work in a wide variety of fields, including utilities, construction, telecommunications, broadcasting, manufacturing, railroads and government. The IBEW has members in both the United States and Canada.
ICMA	International City/County Management Association	Leading association of professional city and county managers and other employees who serve local governments.
ISF	Internal Service Funds	Internal service funds operate as small business, which "sells" services to other City departments. Examples include the Self-Insurance Fund and the Corporation Shop.

APPENDIX - ACRONYMS

IT	Information Technology	Information technology (IT) is the application of computers to store, study, retrieve, transmit, and manipulate data, or information, often in the context of a business or other enterprise.
JPA	Joint Powers Authority	A joint powers authority (JPA) is an entity permitted under the laws of some U.S. states, whereby two or more public authorities (e.g. local governments, or utility or transport districts), not necessarily located in the same state, may jointly exercise any power common to all of them.
LAWCX	Local Agency Workers' Compensation Excess Joint Powers Authority	The Local Agency Workers' Compensation Excess Joint Powers Authority (LAWCX) was established exclusively for California self-insured workers' compensation joint powers authorities, individual public entities, and special districts. LAWCX was formed on July 1, 1992, as a state-wide authority to self-insure and pool workers' compensation losses.
LCC	League of California Cities	An association of California city officials who work together to enhance their knowledge and skills, exchange information, and combine resources so that they may influence policy decisions that affect cities.
LLMD	Lighting & Landscape Maintenance District	Lighting & Landscape Maintenance District
LMD	Landscape Maintenance District	A LMD is a financing vehicle utilized to make certain improvements to particular neighborhoods within the community. These improvements, such as parks, playgrounds, landscapes, sidewalks, trees, etc., are paid for by the landowners within the LMD.
LOS	Level of Service	Level of Service
LRPMP	Long Range Property Management Plan	Long Range Property Management Plan
LTD	Long-Term Disability	Coverage to provide financial benefits to insured who is unable to work for a long period of time due to an accident, illness, or injury.
MAC	Marina Advisory Committee (City)	Marina Advisory Committee (City)
MCC	McCune Collection Commission (City)	McCune Collection Commission (City)
MOU	Memorandum of Understanding	Memorandum of Understanding
MTC	Metropolitan Transportation Commission	MTC is the transportation planning, financing and coordinating agency for the nine-county San Francisco Bay Area.

APPENDIX - ACRONYMS

MYOP	Multi-Year Operating Projects	MYOPs are a relatively new financial tool used by the City in the City's financial system. Having MYOPs ensures that the CIP remains focused on tangible assets and separated from the long term operating projects that are reviewed and funded as part of the operating budgeting process.
MVLF	Motor Vehicle License Fees	Motor vehicle fees are collected by the registration of a motor vehicle with a government authority.
NEPA	National Environmental Policy Act	NEPA requires federal agencies to assess the environmental effects of their proposed actions prior to making decisions.
NIMS	National Incident Management System	Used by FEMA. NIMS guides all levels of government, nongovernmental organizations and the private sector to work together to prevent, protect against, mitigate, respond to and recover from incidents. NIMS provides stakeholders across the whole community with the shared vocabulary, systems and processes to successfully deliver the capabilities described in the National Preparedness System. NIMS defines operational systems that guide how personnel work together during incidents.
NLC	National League of Cities	An organization comprised of city, town and village leaders that are focused on improving the quality of life for their current and future constituents.
NLP	Neighborhood Law Program	The Neighborhood Law Program (NLP) is funded by Measure B. The program puts attorneys on the streets of Vallejo to tackle blight and nuisance conditions.
NPDES	National Pollutant Discharge Elimination System	National Pollutant Discharge Elimination System
NPO	Neighborhood Preservation Ordinance	Neighborhood Preservation Ordinance
NSP	Neighborhood Stabilization Program	Congress established the Neighborhood Stabilization Program (NSP) for the purpose of stabilizing communities that have suffered from foreclosures and abandonment.
NVWMA	Napa-Vallejo Waste Management Authority	Napa-Vallejo Waste Management Authority
OPEB	Other Post-Employment Benefits	Other post-employment benefits (OPEB) are the benefits that an employee will begin to receive at the start of retirement. This does not include pension benefits paid to the retired employee.
OPR	Office of Planning and Research (State agency)	Office of Planning and Research (State agency)
P.O.S.T	Peace Officer Standards and Training	Peace Officer Standards and Training or Peace Officer's Standards and Training are minimum educational requirement set for Law Enforcement Officers in various regions of the United States of America. These standards are locally set, and vary from region to region.

APPENDIX - ACRONYMS

PB	Participatory Budgeting	Participatory Budgeting (PB) is a different way to manage public money, and to engage people in government. It is a democratic process in which community members directly decide how to spend part of a public budget. It enables taxpayers to work with government to make the budget decisions that affect their lives.
PBV	Project Based Voucher	A component of the HCV Program where up to 20 percent of the Housing Authority's authorized voucher units may be attached to specific housing units located within the City.
PC	Planning Commission (City)	Planning Commission (City)
PCI	Pavement Condition Index	The Pavement Condition Index (PCI) is a numerical index between 0 and 100 which is used to indicate the general condition of a pavement. It is widely used in transportation civil engineering. It is a statistical measure and requires manual survey of the pavement. PCI surveying processes and calculation methods have been standardized by ASTM for both roads and airport pavements:
PDA	Priority Development Area	Priority Development Area
PEPRA	Public Employee Pension Reform Act of 2013	The California Public Employees' Pension Reform Act (PEPRA), which took effect in January 2013, changes the way CalPERS retirement and health benefits are applied, and places compensation limits on members. The greatest impact is felt by new CalPERS members
PIO	Public Information Officer	Public Information Officer
PUC	Public Utilities Commission	Public Utilities Commission
PVAW	Private Vehicle Access Way	Private Vehicle Access Way
PW	Public Works	Public Works
PWC	Public Works Contract	Public Works Contract
RDA	Redevelopment Agency	A redevelopment agency is a government body dedicated to urban renewal. Typically, it is a municipal level city department focused on a particular district or corridor that has become neglected or blighted. In many cases this is the city's original downtown that has been supplanted in importance by a regional shopping center. Redevelopment efforts often focus on reducing crime, destroying unsuitable buildings and dwellings, restoring historic features and structures, and creating new landscaping, housing and business opportunities mixed with expanded government services and transportation infrastructure.
RFP	Request for Proposals	Request for Proposals
RFQ	Request for Qualifications	Request for Qualifications

APPENDIX - ACRONYMS

RHNA	Regional Housing Needs Allocation	Regional Housing Needs Allocation
RHSA	Retirement Health Savings Account	A pre-tax healthcare savings account where you can set aside money now to help pay for healthcare costs in retirement.
RMS	Records Management System	Records Management system (RMS) is the management of records for an organization throughout the records-life cycle.
ROP	Regional Occupational Program	Regional Occupational Program
SA	Successor Agency to the former Vallejo Redevelopment Agency	Successor Agency to the former Vallejo Redevelopment Agency
SAFER	Staffing for Adequate Fire and Emergency Response	Created to provide funding directly to fire departments and volunteer firefighter interest organizations to help them increase or maintain the number of trained, “front line” firefighters available in their communities.
SC	Sister City Commission (City)	Sister City Commission (City)
SCADA	Supervisory Control and Data Acquisition	Supervisory control and data acquisition (SCADA) is a control system architecture that uses computers, networked data communications and graphical user interfaces for high-level process supervisory management but uses other peripheral devices such as programmable logic controllers and discrete PID controllers to interface to the process plant or machinery. The operator interfaces which enable monitoring and the issuing of process commands, such as controller set point changes, are handled through the SCADA supervisory computer system. However, the real-time control logic or controller calculations are performed by networked modules which connect to the field sensors and actuators.
SCWA	Solano County Water Agency	A wholesale water supply agency providing untreated water to cities and agricultural districts in Solano County from the Federal Solano Project and the North Bay Aqueduct of the Water Project.
SERAF	Supplemental Educational Revenue Augmentation Fund	A fund in each county into which Redevelopment Agencies are required to remit a portion of their tax increment revenues for allocation to schools wholly or partially within the area of a redevelopment project.
SET	Sheriff's Enforcement Team	Sheriff's Enforcement Team
SOLTRANS	Solano County Transit Board	Solano County Transit Board

APPENDIX - ACRONYMS

STA	Solano County Transportation Authority	The STA was created in 1990 through a Joint Powers Agreement between the cities of Benicia, Dixon, Fairfield, Rio Vista, Suisun City, Vacaville, Vallejo and the County of Solano to serve as the Congestion Management Agency for Solano. As the Congestion Management Agency (CMA) for the Solano area, the STA partners with various transportation and planning agencies, such as the Metropolitan Transportation Commission (MTC) and Caltrans District 4. The STA is responsible for countywide transportation planning, programming transportation funds, managing and providing transportation programs and services, delivering transportation projects, and setting transportation priorities. The STA uses an open and inclusive public involvement process through various committees made up of local elected officials, public works directors, transit operators, and interested citizens.
STIP	State Transportation Improvement Program	State Transportation Improvement Program
SWAT	Special Weapons and Tactics (team)	In the United States, SWAT (Special Weapons and Tactics) is a law enforcement unit which uses specialized or military equipment and tactics.
TEMS	Tactical Emergency Medical Services	Tactical Emergency Medical Services (TEMS) is out-of-hospital care given in hostile situations by specially trained practitioners.
TOT	Transient Occupancy Tax	A tax charged in most of the United States, including California, to travelers when they rent accommodations (a room, rooms, entire home, or other living space) in a hotel, inn, tourist home or house, motel, or other lodging unless the stay is for a period of 30 days or more.
UAL	Unfunded Accrued Liability	Is the amortized dollar amount needed to fund past service credit earned (or accrued) for members who are currently receiving benefits, active members, and for members entitled to deferred benefits, as of the valuation date.
UAAL	Unfunded Actuarial Accrued Liability	The UAAL is an actuarial term that refers to the difference between the actuarial values of assets (AVA) and the actuarial accrued liabilities (AAL) of a plan. Essentially, the UAAL is the amount of retirement that is owed to an employee in future years that exceed current assets and their projected growth.
UBOC	Union Bank of California	Union Bank of California
USFWS	United States Federal Fish & Wildlife	The premier government agency dedicated to the conservation, protection, and enhancement of fish, wildlife and plants, and their habitats.

APPENDIX - ACRONYMS

UUT	Utility User Tax	The City imposes a 7.3% utility users tax on charges for telecommunications and video services and a 7.5% utility users tax on charges for electricity usage and natural gas delivered through mains or pipes. These taxes are collected by the utility service provider and remitted to the City. The complete details of these taxes are contained in Vallejo Municipal Code chapters 3.13 and 3.12.
VASH	Veterans Affairs Supportive Housing Voucher Program	The HUD-Veterans Affairs Supportive Housing (HUD-VASH) program combines Housing Choice Voucher (HCV) rental assistance for homeless Veterans with case management and clinical services provided by the Department of Veterans Affairs (VA). VA provides these services for participating Veterans at VA medical centers (VAMCs) and community-based outreach clinics.
VCAT	Vallejo Community Access Television	Vallejo Community Access Television
VSFCD	Vallejo Sanitation and Flood Control District	They provide quality wastewater and flood control services to the Vallejo community to protect the public's health, safety, and environment.
VCUSD	Vallejo City Unified School District	Vallejo City Unified School District
VFD	Vallejo Fire Department	Vallejo Fire Department
VFWD	Vallejo Flood and Wastewater District	Vallejo Flood and Wastewater District
VLf	Vehicle License Fee	A form of a use tax charged by various government entities for the granting of a license to conduct an activity, such as driving a car, operating a business, hunting, or practicing certain vocations. License fees are a significant source of revenue for state and local governments and are often imposed in lieu of taxes which require legislative approval.
VMC	Vallejo Municipal Code	Vallejo Municipal Code
VMT	Vehicle Miles Traveled	Vehicle Miles Traveled
VPD	Vallejo Police Department	Vallejo Police Department
VPOA	Vallejo Police Officers Association	The Vallejo Police Officers' Association (VPOA) is the recognized bargaining unit between all Vallejo Police Officers and the City of Vallejo
VTBIDB	Vallejo Tourism Business Improvement District Board	Vallejo Tourism Business Improvement District Board

APPENDIX - ACRONYMS

WTP	Water Treatment Plant	Water treatment is any process that makes water more acceptable for a specific end-use. The end use may be drinking, industrial water supply, irrigation, river flow maintenance, water recreation or many other uses, including being safely returned to the environment. Water treatment removes contaminants and undesirable components or reduces their concentration so that the water becomes fit for its desired end-use.
ZA	Zoning Administrator	Zoning Administrator
ZTA	Zoning Text Amendment	Zoning Text Amendment

APPENDIX - GLOSSARY

ACCRUAL BASIS: A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

ADOPTED BUDGET: Adopted level of expenditures/revenues/Full-Time Equivalents (FTEs) as outlined in the adopted budget document.

ACTUAL: Actual level of revenues or expenditures in the fiscal year noted.

APPROPRIATIONS: An authorization by the City Council to make expenditures and to incur obligations for a specific purpose.

APPROVED BUDGET: The approved budget is the annual City budget approved by the City Council for expenditures on or before June 30.

ASSESSED VALUATION: The estimated value placed upon real and personal property by the chief appraiser of the appraisal district as the basis for levying property taxes.

ASSESSMENT: Revenue collected for City services which benefit properties in specific areas or districts.

ASSETS: Property owned by the City for which a monetary value has been established.

AUDITED: Conduct an official financial examination of (an individual's or organization's account)

AVAILABLE BALANCE: The unreserved, undesignated portion of fund balance available for future operations. For Enterprise funds, fund balance represents the current working capital portion of the fund's equity, which excludes capital assets, long-term debt, and other non-current items.

AUTHORIZED POSITIONS: Positions approved by the City Council, which may or may not have funding (see Budgeted Positions).

BALANCED BUDGET: The budget for a fund is balanced when total budgeted resources, including revenues, transfers in from other funds, and unallocated fund balance from previous years meet or exceed total budgeted uses of resources, including expenditures and transfers out to other funds.

BASIS OF ACCOUNTING: Refers to when revenues, expenses, expenditures and transfers are recognized and reported. The budgetary basis of accounting for all the funds is modified accrual, with a focus on current financial resources.

BOND: A certificate of debt issued by an entity, guaranteeing payment of the original investment plus interest, by a specified future date. Bonds are typically used for long-term debt to pay for specific capital expenditures.

BUDGET: An annual plan of financial operation embodying an estimate of recommended expenditures and the estimated means of financing them. The approved budget is authorized by City Council action and thus specifies the legal spending limits of the fiscal year.

BUDGET MODIFICATION: A change of expenditure levels and corresponding resources over and above the base budget, which is needed to accomplish an existing service level or unanticipated service. All budget modifications are approved by the City Council.

APPENDIX - GLOSSARY

BUDGETED POSITIONS: The number of full-time equivalent positions to be funded in the budget. Example: Funding of two half-time positions would equal one full-time equivalent position.

CAPITAL IMPROVEMENT: A permanent addition to the City's assets, including the design, construction or purchase of land, buildings or facilities, or major renovations. This includes installation or repair of new or existing traffic signals, roads, sewer lines and parks. To qualify as a capital improvement project, the cost of the project must exceed \$10,000.

CAPITAL OUTLAY: Expenditure for tangible property of a relatively permanent nature such as vehicles or office equipment, with a unit cost of \$5,000 or more.

CONTINGENCY: A budgetary reserve set aside for emergencies or unforeseen expenditures.

DEBT SERVICE: Payment of interest and principal on an obligation resulting from the issuance of bonds and notes.

DEPARTMENT: The basic unit of service responsibility, encompassing a broad mandate of related activities.

DIVISION: A sub-unit of a department, which encompasses more specific functions of that department and may consist of several activities.

ENCUMBRANCE: Financial commitments related to unperformed contracts for goods or services for which part of an appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise terminated.

ENTERPRISE FUND: A governmental facility or service which operates like a private business and is intended to be self-supporting, i.e., revenues will cover all expenses of the operations including capital costs. These funds operate on a full accrual basis recognizing revenues or expenses when the event occurs.

EXPENDITURE: The actual spending of funds authorized by an appropriation. Expenditures are divided into the following classes of individual line items:

- a. Personnel
- b. Services and Supplies
- c. Capital Improvement and Major Maintenance Projects
- d. Multi-Year operating projects
- e. Debt Services
- f. Interdepartmental Allocations

FINAL BUDGET: The approved revenue and expenditure budget as appropriated.

FUNDS AVAILABLE: Actual cash available for discretionary purposes, projects or appropriations.

APPENDIX - GLOSSARY

FUND: A separate set of accounts used to record receipts and use of money restricted for specific purposes. The City's finances are distributed among 101 separate funds required by the City, state or federal government, or by proper accounting practice. Fund types include:

- a. General Fund receives all unrestricted money which pays for the majority of departmental spending for traditional City services.
- b. Special Revenue funds are revenues earmarked for specific purposes.
- c. Debt Service funds are used to repay the principal and interest on indebtedness.
- d. Capital Project funds are used to account for construction of major public facilities.
- e. Enterprise funds are self-supporting activities financed by users and operated similar to private businesses.
- f. Internal Service funds are enterprises that sell services internally to other City entities, rather than to the general public.
- g. Trust and Agency funds are used to account for assets held by the City as a trustee or agent for employees, private organizations or other governments. (These are not included in the City budget).

GANN APPROPRIATIONS LIMIT: Article XIII B of the State constitution was amended by Proposition 4 (Gann initiative) in 1979. Article XIII B limits growth in the spending of tax proceeds to tax proceeds appropriated in the "base year" of 1978-79 times the product of the allowable annual percentage change in a cost-of-living factor and the allowable annual percentage change in a population change factor. The cost-of-living factor is the larger of the annual percentage change in the State per capita personal income or the annual percentage change in the local non-residential assessed valuation due to new construction. The population change factor is the larger of the annual percentage change of the jurisdiction's population or the annual percentage population change of the county in which the jurisdiction is located.

GENERAL FUND: The City's principal operating account, which is supported by taxes and fees and generally has no restrictions on their use. Expenditures may be described as discretionary and non-discretionary.

- Discretionary – that portion of the General Fund for which there are no restrictions on the use of the fees or taxes collected;
- Non-discretionary – expenditure of revenues which are collected by users of a program to offset the cost of the program. State law requires that fees charged cannot exceed the cost of the service.

GOVERNMENTAL FUND: Funds, such as the General Fund, which recognizes events when they affect current financial resources. Reductions are called expenditures. These funds operate on a modified accrual basis.

GRANTS: A transfer or awarding of money from either the federal or state government to the City in order to finance a specific activity or program. The City receiving the grant funds is not required to repay the awarding entity the amount in the future.

APPENDIX - GLOSSARY

INDIRECT COST ALLOCATION PLAN: The City uses an indirect cost allocation plan to ensure that enterprises and certain special revenue supported operations pay for themselves and are not subsidized by City taxpayers. General Fund supported central services costs such as payroll, accounting, data processing, personnel, city management and facilities maintenance are allocated to those funds benefiting from these services based on statistical data reflecting use of these support services.

INTEREST: Income earned on the investment of available cash balances.

INTERFUND TRANSFERS: Moneys transferred from one fund to another, such as from a fund receiving revenue to the fund through which the resources are to be expended.

LONG-TERM DEBT: Debt with a maturity of more than one year after the date of issuance.

MEASURE B/V: Measure B is a one percent (1%) sales tax measure, approved by voters on the November 8, 2011 ballot set to expire in ten years on March 31, 2022. On November 8, 2016 the voters approved Measure V which removed the 10-year sun setting of Measure B.

MEASURE P: Is a 0.875% transaction use tax, approved by voters on the November 8, 2022 which resulted in a new sales tax of 9.25% effective April 1, 2023.

NON-DEPARTMENTAL / CITYWIDE: Program costs that do not relate to any one department, but represent costs of a general citywide nature, i.e., debt service.

NORMAL COST: That portion of the Actuarial Present Value of Projected Benefits allocated to the current year.

OPERATING BUDGET: Annual appropriation of funds for on-going program costs, including personnel, operations, capital outlay and debt service.

OPERATION EXPENDITURES: Department costs for other services and supplies.

OPERATING TRANSFERS: Transfers from a fund receiving revenue to a fund, which will expend the resources.

ORDINANCE: A formal legislative enactment by the City Council. It has the full force and effect of law within the City boundaries unless it is in conflict with any higher form of law such as a State statute or constitutional provision. An ordinance has higher legal standing than a resolution.

OTHER SERVICES AND SUPPLIES: Cost of contractual or outside services, office supplies, and equipment items (costing under \$1,000).

PERSONNEL COSTS: The cost of a City department, including wage/salary, direct and indirect benefits such as health insurance, social security costs, retirement contribution, workers' compensation, unemployment insurance, etc.

SUCCESSOR AGENCY: An entity created by a legislative body in accordance with state statutes which has elected to exercise the powers granted to it for planning, development, re-planning, redesign, clearance, reconstruction, or rehabilitation of an area.

RESERVES: Amount of fund balance designated for a specific purpose.

APPENDIX - GLOSSARY

RESOLUTION: A special order of the City Council, which requires less legal formality than an ordinance in terms of public notice and the number of public readings prior to approval. A resolution has lower legal standing than an ordinance. The adopted City budget is approved by resolution and requires a majority vote of the Council members present at budget adoption time.

RESOURCES: Total amounts available for appropriation during the fiscal year, including revenues, fund transfers and beginning fund balances.

REVENUES: Amounts received from seven categories of revenue:

- Taxes – Revenue including sales tax, property tax, utility user tax, etc., collected to fund general operating City programs.
- Charges for fees and services – Fees charged to the user of any specific service provided by the City not supported by the General Fund. The fee cannot exceed the cost of providing the service.
- Licenses and Permits – Revenues collected for construction, maintenance and/or operation of designated equipment, businesses, buildings, private property including animals.
- Use of Money and Property – Interest earned on City investments or leases held by the City.
- Inter-governmental – Revenue disbursements from other agencies such as State Motor Vehicle in Lieu Tax & State Homeowners Property Tax Relief, and revenue reimbursement for services provided to other agencies.
- Fines, Forfeitures, and Penalties – Revenues collected for violations of city ordinances, late payments, etc.
- Miscellaneous Revenues – Unanticipated revenues.

In the Enterprise activities, revenues can also be classified as “operating” or “non-operating”. Operating revenues are those revenues directly related to the fund’s primary service activity and consist primarily of user fees and charges. Non-operating revenues are incidental to, or by-products of the enterprise’s primary service such as interest income.

SELF INSURANCE: Assuming risk of loss through the maintenance of reserves or some other plan instead of through the purchase of insurance coverage.

USER FEES: Charges of a voluntary nature paid by people receiving a service in exchange for the fee (such as recreation activities or water sales).

VARIANCE: Change in expenditure/staffing levels.

APPENDIX - AUTHORIZED POSITIONS SALARY & BENEFITS LISTING BY DEPARTMENT

Note: Excludes acting pays, differential pays, standby pays, overtime and other labor costs that are budgeted as a lump sum amount and not allocated to specific positions.

RESOLUTION NO. 26-115 N.C.

A RESOLUTION APPROVING THE BUDGET FOR THE CITY OF VALLEJO FOR FISCAL YEAR 2026-2027

WHEREAS, in accordance with City Charter Section 701, the City Manager has submitted the Proposed Budget for Fiscal Year 2026-2027 (“Proposed Budget”), consisting of the recommended expenditures, estimated revenues and an explanatory budget message; and

WHEREAS, in accordance with City Charter Section 702, the City Council published a general summary of the Proposed Budget, information as to the times and places where copies of the Proposed Budget were available for inspection by the public, and the time and place for a public hearing on the Proposed Budget; and

WHEREAS, the expenditures provided in said Proposed Budget, together with any revisions to it, are within the expenditure limitations imposed by Article XIII B of the California Constitution; and

WHEREAS, the City Council conducted a public hearing on June 09, 2026 and June 23, 2026, at which time any and all members of the public were afforded an opportunity to express their views:

NOW, THEREFORE BE IT RESOLVED, that the City Council hereby adopts the City of Vallejo Fiscal Year 2026-2027 Budget in accordance with the following provisions and authorities:

1. Appropriations. Appropriations are adopted as set forth in the City of Vallejo Proposed Budget Fiscal Year 2026-2027 published June 23, 2026.
2. Level of Budgetary Control. Budgetary control is established at the following levels: a) General Fund – Department level; b) Other Funds – Fund level; and Capital Projects – Department level. The City Manager may authorize line item budget transfers within a General Fund department, or within a fund other than the General Fund, consistent with the City Charter, the Vallejo Municipal Code and this Resolution.
3. Budget Revisions. Pursuant to City Charter Sec. 703, at any time during the fiscal year, the City Manager may transfer part or all of any unencumbered appropriation balance among programs within a department, office or agency. Such transfers shall be reported in writing to the City Council. Upon written request by the City Manager, the Council, after being given one week’s notice of intention to do so, may by resolution transfer part or all of any unencumbered appropriation balance from one department, office or agency to another or may appropriate available funds not included in the budget.
4. Grant Funds, Measure P, Multiyear Operational Projects, and Donation Funds. The City Manager is authorized to carry over and re-appropriate into FY 2026-2027 any unexpended appropriations remaining from FY 2025-2026 for grant projects, Measure P funded projects and activities, multiyear operational projects (MYOP), and donation funds.

5. Encumbrances. All encumbrances for valid purchase orders and contracts in effect as of June 30, 2026, will remain in effect in the following Fiscal Year 2026-2027. The City Manager is authorized to increase the FY 2026-2027 budget appropriations in the amount of the outstanding encumbrances for valid purchase orders and contracts as of June 30, 2026. The City Council re-appropriates the encumbrances in the same amounts and into the same accounts in the Funds as they existed on June 30, 2026.
6. Authorized Payments. The City Manager and City Attorney are hereby authorized to make payments to/for: all utility payments and telephone charges; rents and lease payments; claims and litigation settlements, judgments, court orders, legal costs and outside counsel fees; pass through loans, grants and payments; membership dues, periodical subscriptions and software subscriptions; employee reimbursements, e.g. tuition, professional development, auto mileage; retirement contributions and benefit payments; refunds to City customers; permits and fees paid to governmental or regulatory agencies.
7. Donations. The City Manager is authorized to receive and accept:
 - a. cash donations for specific purposes, to deposit such donations in trust funds, and to expend such donations for the purpose for which the donation was made; and
 - b. in kind/non-cash donations that would serve a useful purpose in the provision of City services.
 - c. City Manager can appropriate and spend up to \$100,000 without additional City Council approval.
8. Grants. The City Manager is authorized to submit grant applications for activities within the jurisdiction of the City. The City Manager is authorized to accept such grants, to expend grant funds if the funds have been appropriated, and to implement the actions required by any grant for projects and programs within the City's jurisdiction.
9. Inventory and Accounts Receivable. The City Manager is authorized to conduct a physical inventory, analyze receivables for collection, and to reconcile related financial records accordingly.
10. Debt. The City Manager is authorized to amend the Budget to reflect all required debt service requirements and payments, bond covenants or other applicable requirements, laws and regulations.
11. Short-term Inter-fund Borrowing. The City Manager is authorized to transfer cash on a daily basis to support funds with a negative cash position so long as the borrowing is paid back within one year, except for capital grant funds because grantor may not provide city with reimbursement of expended funds within the one year period.
12. Transfers and Reserves. The City Manager is authorized to make transfers among funds and reserves in accordance with the City Charter, the Vallejo Municipal Code, this resolution, and the Budget for Fiscal Year 2026-2027.

13. Completed or Inactive CIP Projects. Annually, completed or inactive projects will be closed, except for projects that have existing litigation or payment disputes. An inactive project is defined as one where transaction activity is less than \$1,000 over the prior three years. The City Manager, or his or her designee, is authorized to close a project(s) and to process the necessary documentation to close inactive projects.
14. Insurance. The City Manager is authorized to procure insurance coverage in such amounts and with such self-insured retentions as is deemed prudent and necessary for the City, in amounts consistent with this budget.
15. Claims and Judgments. The City Manager and City Attorney are hereby authorized to pay claims and judgments as otherwise authorized by Council Resolution, a valid court order, or a stipulated judgment entered into pursuant to direction given by this Council in closed session.

Adopted by the City Council of the City of Vallejo at a regular meeting held on June 23, 2026, with the following vote:

RESOLUTION NO. 26-004

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE HOUSING AUTHORITY
OF THE CITY OF VALLEJO APPROVING THE HOUSING AUTHORITY BUDGET
FOR FISCAL YEAR 2026-27**

WHEREAS, the Housing Authority of the City of Vallejo prepares an annual budget to coincide with the City of Vallejo's fiscal year; and

WHEREAS, the Executive Director has submitted the Proposed Budget for Fiscal Year 2026-27 (Proposed Budget), consisting of the proposed expenditures, estimated revenues, and an explanatory budget message; and

WHEREAS, the City of Vallejo published a general summary of the Proposed Budget, including the recommended budget for the Housing Authority of the City of Vallejo, information as to the times and places where copies of the Proposed Budget were available for inspection by the public, and the time and place for a public hearing on the Proposed Budget; and

WHEREAS, the Housing Authority of the City of Vallejo Fiscal Year 2026-27 budget was included on the City of Vallejo Proposed Budget document; and

WHEREAS, the Board of Directors of the Housing Authority of the City of Vallejo has reviewed the Proposed Budget for Fiscal Year 2026-27, consisting of proposed expenditures and estimated revenue.

WHEREAS, the Housing Authority of the City of Vallejo Fiscal Year 2026-27 budget is attached to this Resolution as **Exhibit 1**.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of the Housing Authority of the City of Vallejo hereby approves the Housing Authority's Proposed Budget for Fiscal Year 2026-27, as set forth in **Exhibit 1** of this Resolution, which is by this reference incorporated herein.

BE IT FURTHER RESOLVED that the Executive Director, or his designee, may expend funds from any of the Housing Authority funds, in accordance with the U.S. Department of Housing and Urban Development provisions, up to the limit authorized by the Vallejo Housing Authority Bylaws.

BE IT FURTHER RESOLVED that the Executive Director, or his designee, is authorized to transfer cash among funds on a daily basis to support funds that have negative cash positions.

BE IT FURTHER RESOLVED that the Executive Director, or her designee, is authorized to receive and accept:

- a. cash donations for specific purposes, to deposit such donations in trust funds, and to expend such donations for the purpose for which the donation was made; and

b. in-kind/non-cash donations that would serve a useful purpose in the provision of the Housing Authority of the City of Vallejo services.

BE IT FURTHER RESOLVED that the Executive Director, or her designee, is authorized to submit grant applications for activities within the jurisdiction of the Housing Authority of the City of Vallejo and to accept such grants, to expend grant funds if the funds have been appropriated, and to implement the actions required by any grant for projects and programs within the Housing Authority of the City of Vallejo’s jurisdiction.

BE IT FURTHER RESOLVED that the Executive Director, or her designee, is authorized to amend the Proposed Budget to reflect all required debt service requirements and payments, bond covenants, or other applicable requirements, laws, and regulations.

Adopted by the Board of Directors of the Housing Authority of the City of Vallejo at a special meeting held on June 9, 2026, by the following vote:

AYES: Chair Sorce, Vice Chair Bregenzer, Boardmembers Gordon, , Matias, Matulac, and Palmares

RESOLUTION NO. 26-116 N.C.

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF VALLEJO
APPROVING FISCAL YEAR 2026-2027 POSITIONS AND SALARIES**

WHEREAS, Vallejo Municipal Code Section 2.60.340 requires the City Council adopt an official salary plan through adoption of the annual positions and salaries ordinance or resolution which shall continue or abolish positions which existed on the last day of the preceding fiscal year; create new positions and prescribe the number of regular positions authorized for each department, division, branch, section and other unit of the City's organization; and

WHEREAS, the City Council has reviewed the supplementary information to the Proposed Budget for Fiscal Year (FY) 2026-2027, containing the Salary Plan;

NOW, THEREFORE, BE IT RESOLVED by the City Council that the positions as set forth in **Exhibit 1** to this Resolution are authorized and funded for FY 2026-2027

BE IT FURTHER RESOLVED that the City Manager is authorized to retain interim, part-time, temporary or seasonal personnel within the amounts appropriated for such purposes. In addition, to enable quick response in the City's difficult fiscal conditions, the City Manager, after review by the Human Resources Director and the Finance Director, is authorized to respond to staffing vacancies by either under filling them or using current staff that are at other similar pay level positions as long as there are sufficient monies remaining in the current budget.

BE IT FURTHER RESOLVED that the City Manager is further authorized to reassign authorized staffing positions within a department and within the same fund as long as there is no net change to authorized staffing positions and no change in the total expenditures appropriated for the department or fund.

BE IT FURTHER RESOLVED by the City Council that the salary schedule as set forth in the supplementary information to the Proposed Budget for FY 2026-2027 and attached to the Resolution as **Exhibit 1** and **Exhibit 2**, with any salary and benefit adjustment authorized by the Proposed Budget for FY 2026-2027 adopted concurrently with this Resolution shall be the Official FY 2026-2027 Salary Plan (Salary Plan) for the City of Vallejo; and

BE IT FURTHER RESOLVED that the positions contained therein shall be continued from FY 2025-2026 to FY 2026-2027, and that any new positions created shall be as reflected therein, and such Salary Plan.

BE IT FURTHER RESOLVED that the City Manager is authorized to adjust staffing levels in the Police and Fire Training Academies based on projected vacancies.

BE IT FURTHER RESOLVED that the City Manager is authorized to adjust staffing levels for temporary staffing (extra-help) positions based on projected total budget amount available.

BE IT FURTHER RESOLVED that the City Manager is authorized to adjust any appropriation made in the approved budget to reflect changes from amounts budgeted for updated labor, cost plan, and risk management changes, such as retirement rates, payroll taxes, health benefits, fleet costs, and risk management costs from designated funds or reserves.

BE IT FURTHER RESOLVED that the City Manager is authorized to adjust staffing levels for renewals, expansions, or reductions to fully offset City Council-approved operating grants or externally funded programs (EFP). Grant/EFP positions shall be terminated upon completion or cancellation of the grant/EFP, unless specifically continued by a resolution that includes a source of replacement funding. Any existing positions which were approved based on the assumption of the City receiving a grant or other reimbursements must have continued funding verified prior to filling the position.

Adopted by the City Council of the City of Vallejo at a regular meeting held on June 23, 2026, with the following vote:

RESOLUTION NO. 26-117 N.C.

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF VALLEJO
AUTHORIZING
THE CITY MANAGER TO PURCHASE CITY VEHICLES AND EQUIPMENT
SCHEDULED AND FUNDED FOR REPLACEMENT IN FISCAL YEAR 2026-27**

WHEREAS, the Public Works Maintenance Division is responsible for maintaining a comprehensive fleet equipment replacement program designed to manage the fleet for all city departments; and

WHEREAS, the Maintenance Division Fleet Branch is responsible for ordering vehicles, modifying vehicles with specialized equipment, and delivering operational vehicles to city departments; and

WHEREAS, in order to expedite the process of replacing aging, damaged, and/or obsolete vehicles and equipment that are scheduled, funded, and approved for replacement, on February 9, 2016 staff recommended and City Council approved the action of conducting one-time approvals each fiscal year for the purchase of vehicles and equipment scheduled to be replaced in said fiscal year; and

WHEREAS, it has been determined the units listed in **Attachment 1** will be purchased in Fiscal Year 2026-27; and

WHEREAS, it has been determined the units listed in **Attachment 2** that were approved for replacement in previous fiscal years but that are not expected to be delivered and paid for in Fiscal Year 2025-26 will be carried over to Fiscal Year 2026-27; and

WHEREAS, the City recognizes ongoing volatility in global markets, including fluctuations in the cost of raw materials, supply chain disruptions, and the potential imposition of tariffs on imported vehicles, equipment, and component parts; and

WHEREAS, the replacement costs noted in **Attachments 1 and 2** are estimates only and such economic conditions as noted above may result in price increases for fleet vehicles and equipment after the approval of procurement budgets or contract solicitations; and

WHEREAS, fleet units will be purchased through either cooperative purchasing programs (such as Sourcewell and National Purchasing Partners), State Of California Department of General Services contracts, piggy-back contracts, or resulting contracts from City of Vallejo requests for quotes, all of which meet City of Vallejo competitive purchasing process requirements; and

WHEREAS, when possible or where required, electric or hybrid units will be purchased; and

WHEREAS, Water Fund budget of \$200,000 was allocated in Fiscal Year 2025-26 for a Ford F550 SD truck (unit 419); however, due to changing operational needs within the Water Department, the specifications of the unit have changed resulting in an increased cost of the unit

and the remaining needed budget to complete the replacement purchase is being allocated in Fiscal Year 2026-27.

NOW, THEREFORE BE IT RESOLVED THAT the City Council hereby approves the fleet vehicle and equipment schedule for Fiscal Year 2026-27, attached hereto as **Attachments 1 and 2**.

BE IT FURTHER RESOLVED THAT the City Council hereby authorizes the City Manager to execute agreements and/or purchase orders with the companies listed below, with any modifications recommended by the City Attorney, and the City Clerk to attest the signing of those agreements.

COMPANY NAME	CONTRACT NOT-TO-EXCEED LIMIT
The Charles Machine Works, Inc.	\$126,500
Downtown Ford Sales	\$828,000
Kalmikov Enterprises, Inc. dba Fire Apparatus Solutions	\$1,610,000
Folsom Lake Ford, Inc.	\$531,300
72 Hour LLC dba National Auto Fleet Group	\$862,500
Peterson Tractor Co.	\$112,700

BE IT FURTHER RESOLVED THAT, in the event the proposed replacement vehicles or equipment types listed in **Attachment 1** or **Attachment 2** are not available at the time of ordering, or should a different vehicle or equipment type become available that better meets operational need, units that are within the allocated budget and that are similar to and/or that provide the same or improved operational functionality will be purchased.

BE IT FURTHER RESOLVED THAT fleet accessories shall be purchased with approved Fiscal Year 2026-27 fleet replacement budget and/or fleet maintenance budget from Lehr Upfitters, the preferred supplier of emergency vehicle equipment, and due to staffing shortages, upfitting of units may also be performed by Lehr Upfitters, and the City Council hereby authorizes the City Manager to execute agreements and/or purchase orders with Lehr Upfitters, with any modifications recommended by the City Attorney, and the City Clerk to attest the signing of that agreement for a total cost not to exceed \$560,000.

BE IT FURTHER RESOLVED THAT all unspent appropriations for vehicles and equipment purchases from prior fiscal years from the Fleet Replacement Fund (502) are hereby continued and carried over to Fiscal Year 2026-27.

BE IT FURTHER RESOLVED THAT price escalation provisions may be incorporated into applicable fleet and equipment contracts to account for increases directly attributable to tariffs or significant market changes beyond the vendor's control, and that funds from the Fleet Replacement Fund (#502) may be used as contingency for fleet and equipment purchases up to a maximum of 15% per vehicle or equipment purchase.

BE IT FURTHER RESOLVED THAT the City Manager, or designee, is hereby authorized to amend contracts and/or purchase orders to allow for an increase of up to 15% per vehicle or piece of equipment related to said contract or purchase order.

BE IT FURTHER RESOLVED THAT any remaining balance of funds shall remain in the Fleet Replacement Fund (502) pending further direction from the City Council.

Adopted by the City Council of the City of Vallejo at a regular meeting held on June 23, 2026, with the following vote:

RESOLUTION NO. 26-081 N.C.

**A RESOLUTION OF THE CITY COUCNIL OF THE CITY OF VALLEJO
ESTABLISHING THE FISCAL YEAR 2026-2027 GANN APPROPRIATIONS LIMIT
AT \$201,329,599 AND CERTIFYING THAT FISCAL YEAR 2026-2027
APPROPRIATIONS THAT ARE SUBJECT TO THE APPROPRIATIONS LIMIT DO
NOT EXCEED THE APPROPRIATIONS LIMIT**

WHEREAS, Article XIII B of the California State Constitution, adopted as Proposition 4 (the “Gann Initiative”) by the voters of California on November 6, 1979, as expanded by Proposition 111, prohibits, with certain exceptions, the annual appropriations subject to limitation of any governmental entity from exceeding the base year appropriations except by a formula which adjusts the limit for changes in population and cost-of-living; and

WHEREAS, the Appropriations Limit for Fiscal Year 2026-2027 is calculated to be **\$201,313,832** as determined by applying a change factor of 1.04564997 to the Fiscal Year 2026-2026 Appropriations Limit of \$192,525,069; with such change factor comprised of the change in California per capita personal income of 4.95% and the annual population change for the County of Solano as of January 1, 2026 showing a decrease of 0.37%, (as provided by the State Department of Finance); and

WHEREAS, the Fiscal Year 2026-2027 appropriations subject to the Appropriations Limit have been determined to be \$125,376,641, such amount being \$75,937,191, below the Appropriations Limit; and

WHEREAS, the documentation for the Appropriations Limit and appropriations subject to the Appropriations Limit for Fiscal Year 2026-2027 is on file in the Finance Department.

NOW, THEREFORE, BE IT RESOLVED that the City Council hereby adopts an Appropriations Limit of \$201,313,832, for Fiscal Year 2026-2027, and certifies that the budgeted appropriations subject to the Appropriations Limit for Fiscal Year 2026-2027 do not exceed such Appropriations Limit.
